

How to Submit an Affirmation of Renewable Diesel Use, Annual Report and Electronic ROAR

Introduction

As part of the reporting requirements of the In-Use Off-Road Diesel-Fueled Fleets Regulation (Off-Road Regulation), fleets are required to submit annual reports by March 1 of every year through 2036.

Fleet Size Category	Description
Small	Fleet or municipality \leq 2,500 horsepower (hp), or Municipality fleet in a low population county, captive attainment area fleet, or non-profit training center, regardless of total hp
Medium	Fleet with 2,501 to 5,000 hp
Large	Fleet with more than 5,000 hp, or All state and federal government fleets, regardless of total hp

Large fleets must report annually each year from 2012 to 2036. Medium fleets must report annually each year 2016 to 2036. Small fleets must report annually each year from 2018 to 2036. Fleets that fail to meet their final fleet average target must continue to report annually each year until the final target is met. Additionally, fleets with one or more low-use vehicles must continue to report annually if they own or operate those vehicles.

All fleets must submit a Responsible Official Affirmation of Reporting (ROAR), including the parent company, even if a parent company has no vehicles reported. Fleets have the option to submit a hardcopy ROAR form or an electronic ROAR (e-ROAR). If an e-ROAR is submitted, each fleet or fleet portion must submit a separate e-ROAR. A single hardcopy ROAR form can be submitted for all fleets or fleet portions that have the same responsible official or designated official. The hardcopy ROAR form must appropriately identify each fleet covered by the affirmation.

While this document is intended to assist fleets with their compliance efforts, it does not alter or modify the terms of any CARB regulation, is not a substitute for reading the regulation, nor does it constitute legal advice. It is the sole responsibility of fleets 1 to ensure compliance with the Regulation for In-Use Off- Road Diesel Fueled Fleets.

The annual report must include the following:

- A completed hardcopy [ROAR form](#) or e-ROAR, which certifies that the reported information is accurate and the fleet is in compliance with the regulation. Fleets utilizing the e-ROAR must submit one e-ROAR for each individual fleet or fleet portion even if the fleets or fleet portions have the same responsible official or designated official;
- Engine hour meter readings for the previous calendar year for vehicles designated as permanent low-use, if applicable;
- Hour meter logs for vehicles designated as [low-use that operate both inside and outside of California](#);
- Hour meter logs for vehicles designated for [agricultural operations 51-99 percent](#) of the time; and
- Any changes made to the fleet since the last report;
- A completed hardcopy [Renewable diesel \(RD\) affirmation form](#) or electronic form signed by its responsible official or designated official that the fleet complied with the renewable diesel requirements.

This user guide explains the annual reporting process, including step-by-step instructions on how to submit an RD Affirmation and e-ROAR in DOORS.

RD Affirmation and Annual Reporting

To submit an RD affirmation and annual report electronically, follow the steps below:

- A. Log into your DOORS account and select your fleet
- B. Go to the RD Affirmation page
- C. Request a PIN
- D. Review RD Affirmation – Part I: Fleet Information
- E. Review RD Affirmation – Part II: Renewable Diesel Requirements
- F. Signing the RD Affirmation
- G. Go to the Submit e-ROAR page
- H. Review the ROAR Requirement Checklist
- I. Request a PIN
- J. Submit an e-ROAR
- K. Receive e-ROAR confirmation and view submitted documents
- L. Access the Certificate of Reported Compliance (optional)

A. Log into DOORS account and select your fleet

1. Go to https://ssl.arb.ca.gov/ssldoors/doors_reporting/doors_login.html.
2. You will need your User Name and Password to log in. Passwords are case

While this document is intended to assist fleets with their compliance efforts, it does not alter or modify the terms of any CARB regulation, is not a substitute for reading the regulation, nor does it constitute legal advice. It is the sole responsibility of fleets to ensure compliance with the Regulation for In-Use Off-Road Diesel Fueled Fleets.

sensitive.

- If you have forgotten how to access your account information, you can use the password retrieval option (see screenshot below) or contact the DOORS hotline at (877) 59DOORS (877-593-6677) or doors@arb.ca.gov for assistance.

[Forgot your username and/or password?](#) 

 **Suggestions?**
We would like to hear from you.

Please note that by signing up for a DOORS account, you consented to receive electronic information from California Air Resources Board (CARB) and attested that you have the technological elements needed to properly use DOORS. By continuing to log in and use your DOORS account, you continue to give this consent and attestation. You can withdraw this at any time by contacting the DOORS hotline in writing.

- After you have logged into DOORS, select the fleet that you would like to work with by clicking on its name.

Click on a fleet name to start reporting				
	DOORS ID	Fleet / Company Name	# of Equipment (Vehicle)	Fleet Type
1	117513	IN-USE OFF-ROAD DIESEL FUELED FLEETS REGULATION	65	Off-Road Diesel

B. Go to the RD Affirmation page

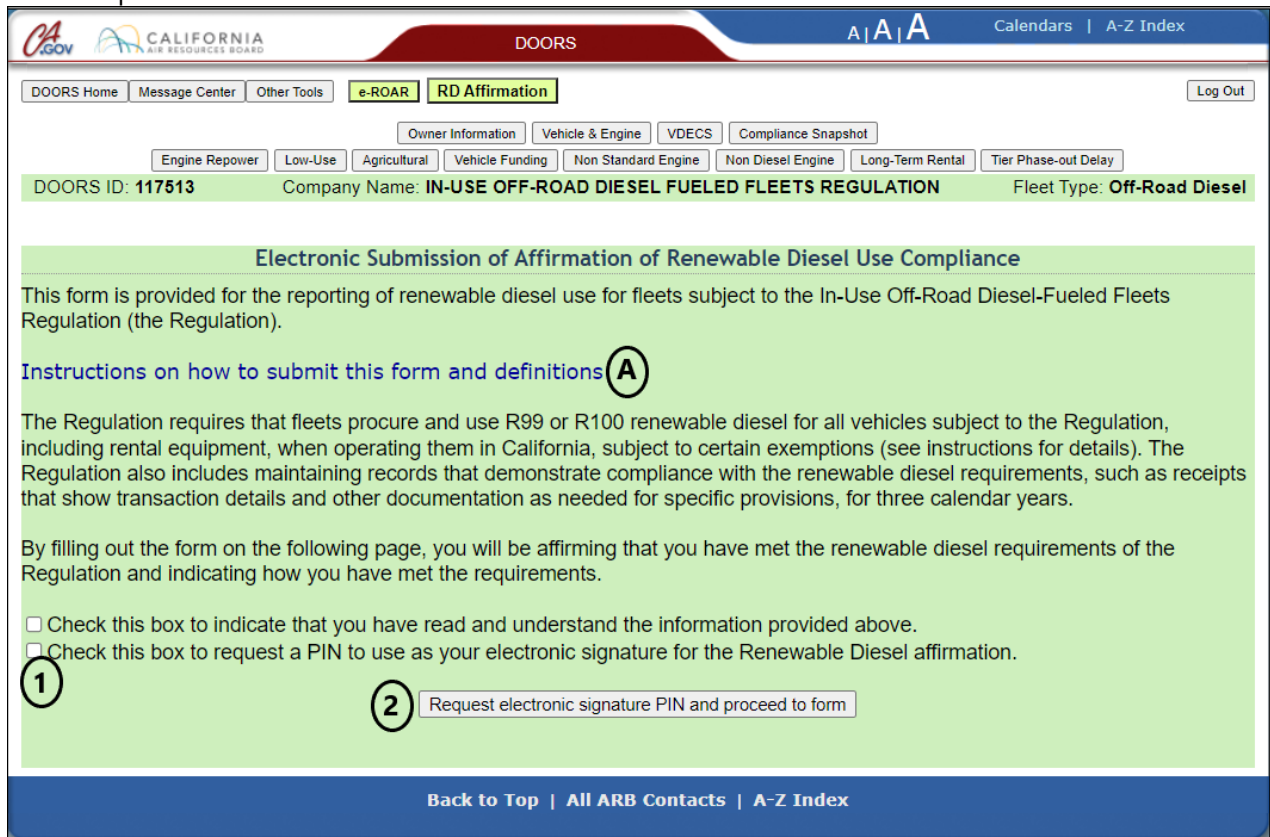

Go to the RD Affirmation page by selecting [RD Affirmation] on the top left.

While this document is intended to assist fleets with their compliance efforts, it does not alter or modify the terms of any CARB regulation, is not a substitute for reading the regulation, nor does it constitute legal advice. It is the sole responsibility of fleets to ensure compliance with the Regulation for In-Use Off-Road Diesel Fueled Fleets.

C. Request a PIN

As shown in the screenshot below at **(A)** for more information, click on "[Instructions on how to submit this form and definitions](#)". **(1)** Check both boxes and **(2)** click on "Request electronic signature PIN and proceed to form". The PIN is emailed to the Responsible Official's email.

DOORS ID: 117513 Company Name: IN-USE OFF-ROAD DIESEL FUELED FLEETS REGULATION Fleet Type: Off-Road Diesel

Electronic Submission of Affirmation of Renewable Diesel Use Compliance

This form is provided for the reporting of renewable diesel use for fleets subject to the In-Use Off-Road Diesel-Fueled Fleets Regulation (the Regulation).

[Instructions on how to submit this form and definitions](#) **(A)**

The Regulation requires that fleets procure and use R99 or R100 renewable diesel for all vehicles subject to the Regulation, including rental equipment, when operating them in California, subject to certain exemptions (see instructions for details). The Regulation also includes maintaining records that demonstrate compliance with the renewable diesel requirements, such as receipts that show transaction details and other documentation as needed for specific provisions, for three calendar years.

By filling out the form on the following page, you will be affirming that you have met the renewable diesel requirements of the Regulation and indicating how you have met the requirements.

Check this box to indicate that you have read and understand the information provided above.

Check this box to request a PIN to use as your electronic signature for the Renewable Diesel affirmation.

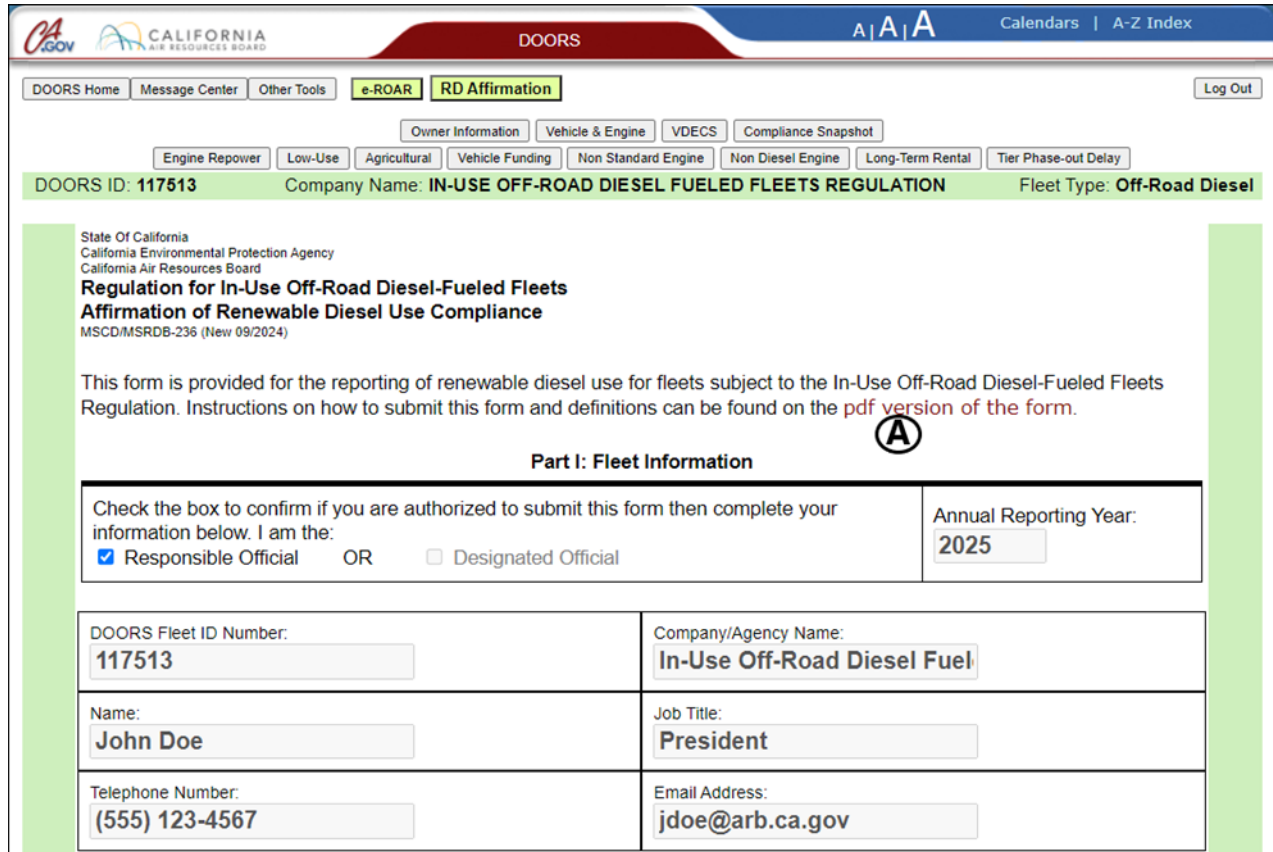

(1) **(2)** [Request electronic signature PIN and proceed to form](#)

D. Review RD Affirmation - Part I: Fleet Information

As shown in the screenshot below at **(A)**, a [pdf version](#) is also available for download. Check the information reported is accurate and complete for Part I.

While this document is intended to assist fleets with their compliance efforts, it does not alter or modify the terms of any CARB regulation, is not a substitute for reading the regulation, nor does it constitute legal advice. It is the sole responsibility of fleets to ensure compliance with the Regulation for In-Use Off-Road Diesel Fueled Fleets.

The screenshot shows the DOORS web application interface. At the top, there are navigation links for "DOORS Home", "Message Center", "Other Tools", "e-ROAR", and "RD Affirmation". Below this, there are several tabs for different categories: "Owner Information", "Vehicle & Engine", "VDECS", "Compliance Snapshot", "Engine Repower", "Low-Use", "Agricultural", "Vehicle Funding", "Non Standard Engine", "Non Diesel Engine", "Long-Term Rental", and "Tier Phase-out Delay". The main header displays "DOORS ID: 117513", "Company Name: IN-USE OFF-ROAD DIESEL FUELED FLEETS REGULATION", and "Fleet Type: Off-Road Diesel".

The main content area includes the following text:

State Of California
California Environmental Protection Agency
California Air Resources Board
Regulation for In-Use Off-Road Diesel-Fueled Fleets
Affirmation of Renewable Diesel Use Compliance
MSCD/MSRDB-236 (New 09/2024)

This form is provided for the reporting of renewable diesel use for fleets subject to the In-Use Off-Road Diesel-Fueled Fleets Regulation. Instructions on how to submit this form and definitions can be found on the [pdf version of the form](#).

Part I: Fleet Information A

Check the box to confirm if you are authorized to submit this form then complete your information below. I am the:
 Responsible Official OR Designated Official

Annual Reporting Year:

DOORS Fleet ID Number: <input type="text" value="117513"/>	Company/Agency Name: <input type="text" value="In-Use Off-Road Diesel Fuel"/>
Name: <input type="text" value="John Doe"/>	Job Title: <input type="text" value="President"/>
Telephone Number: <input type="text" value="(555) 123-4567"/>	Email Address: <input type="text" value="jdoe@arb.ca.gov"/>

E. Review RD Affirmation (continued) - Part II: Renewable Diesel Requirements

Select the RD method(s) of compliance appropriate for your fleet (as shown in the screenshot below at **(A)** or **(B)** or **(C)**). For more information, please refer to the instructions and definitions. If you're a rental fleet, you will also need to select option **(B)**.

While this document is intended to assist fleets with their compliance efforts, it does not alter or modify the terms of any CARB regulation, is not a substitute for reading the regulation, nor does it constitute legal advice. It is the sole responsibility of fleets to ensure compliance with the Regulation for In-Use Off-Road Diesel Fueled Fleets.

Part II: Renewable Diesel Requirements	
<input type="checkbox"/> Renewable Diesel Procurement. Check this box to indicate that you are compliant with the renewable diesel requirement of this regulation through the procurement and use of R99 or R100 renewable diesel fuel in all vehicles except for vehicles exempt from 2449.1(f), and that you are retaining documents that demonstrate your compliance.	
<input type="checkbox"/> Rental Fleets. Check this box if you are a rental fleet, which must include language in all rental contracts that the recipient of the rented vehicle must comply with the renewable diesel requirements of this regulation.	
AND / OR	
Exemptions. If you are using an exemption, as defined by Cal. Code Regs., Title 13 § 2449.1 subd. (f)(2), (f)(3), and instructions, check the appropriate box(es) below.	
<input checked="" type="checkbox"/> Exemptions - If Applicable (See instructions for details)	
<input type="checkbox"/> Section 2449.1(f)(2)(A) Captive Attainment Area	<input type="checkbox"/> Section 2449.1(f)(2)(B) Clean Technology Fleet
<input type="checkbox"/> Section 2449.1(f)(3) Unavailability of renewable diesel	<input type="checkbox"/> Section 2449.1(f)(2)(C)-(D) Cold-temperature operations

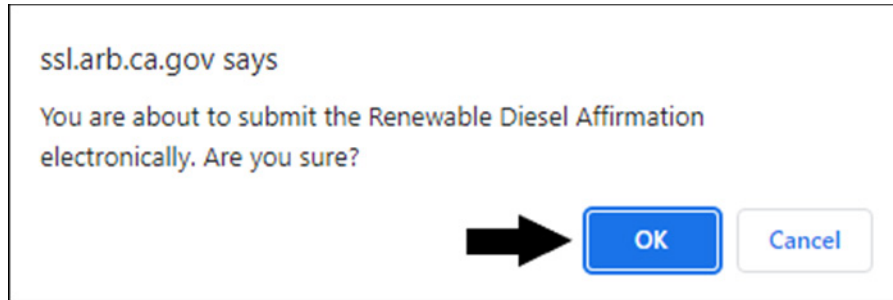

F. Signing the RD Affirmation

As shown in the screenshot below at **(A)**, enter the PIN number that was emailed to the Responsible / Designated Official's email. **(B)** Click Submit. Note: **(C)** Click on Request New PIN if a new PIN is needed.

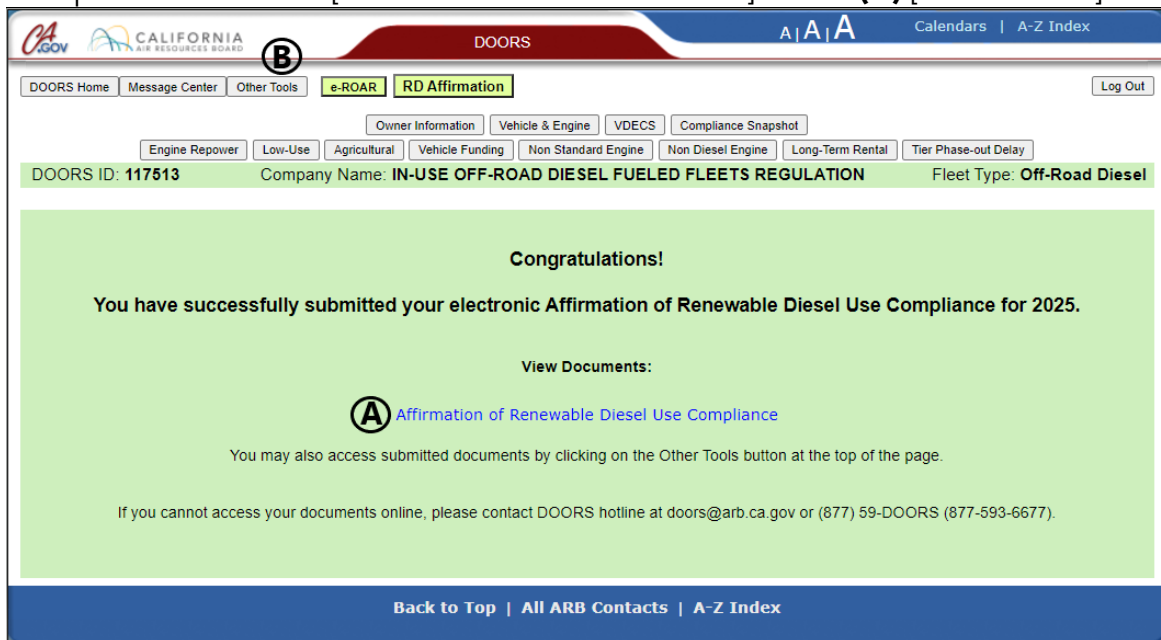

Part III: Signature	
By signing below, I, the Responsible Official or Designated Official, affirm and certify under penalty of perjury, under the laws of the State of California, that I have used all reasonable diligence in preparing this report, and that I have reviewed this report and the information reported on this form for the off-road fleet indicated above is true, accurate, and complete to the best of my knowledge. By signing below, I agree that I understand that the requirements that must be met in order for this affirmation to be valid are described in California Code of Regulations, title 13, section 2449, subdivisions (g)(2)(D), (h)(10), section 2449.1, subdivision (f), and that these requirements are met. By signing below, I further certify that I have the authority to make this affirmation and certification on behalf of the off-road fleet indicated above.	
PIN of Responsible Official or Designated Official: <input style="background-color: yellow;" type="text"/> (A) Request New PIN (C)	Date: <input style="background-color: #e0e0e0;" type="text" value="2025-01-17"/>
This form is deemed received upon submission. Once submitted, you may access and print the form you submitted from the View Submitted Documents page. If any information on this page is incorrect, please update the information from the Owner Information page.	
<input checked="" type="checkbox"/> Submit (B)	
This form, along with the form saved after submission, will be provided in pdf.	

You will then see the message below, and you should click "OK" to submit the Renewable Diesel Affirmation electronically.

While this document is intended to assist fleets with their compliance efforts, it does not alter or modify the terms of any CARB regulation, is not a substitute for reading the regulation, nor does it constitute legal advice. It is the sole responsibility of fleets to ensure compliance with the Regulation for In-Use Off-Road Diesel Fueled Fleets.

Congratulations! You've successfully submitted the RD Affirmation. A pdf copy of the affirmation is available by clicking on **(A)** Affirmation of Renewable Diesel Use Compliance or via the [View Submitted Documents] under **(B)** [Other Tools].

G. Go to the Submit e-ROAR page

Go to the Submit e-ROAR page by selecting [Submit e-ROAR] on the top left.

H. Review the ROAR Requirement Checklist

Review the ROAR Requirement Checklist. If there is a red "X" next to any of the requirements, review and complete the requirement by selecting the blue text and submitting the required information.

In the example below (See page 9), the user has low-use vehicles in their fleet but

While this document is intended to assist fleets with their compliance efforts, it does not alter or modify the terms of any CARB regulation, is not a substitute for reading the regulation, nor does it constitute legal advice. It is the sole responsibility of fleets to ensure compliance with the Regulation for In-Use Off-Road Diesel Fueled Fleets.

failed to enter the engine hour meter readings. The user can select the link named, "Low- use hour meter readings," and it will lead the user directly to the page to report engine hour meter readings. Once the engine hour meter readings have been entered, return to the ROAR Requirement Checklist and the requirement should have a green checkmark next to it.

SEE NEXT PAGE

While this document is intended to assist fleets with their compliance efforts, it does not alter or modify the terms of any CARB regulation, is not a substitute for reading the regulation, nor does it constitute legal advice. It is the sole responsibility of fleets to ensure compliance with the Regulation for In-Use Off-Road Diesel Fueled Fleets.
