

SETTLEMENT AGREEMENT

This Settlement Agreement is entered into between the California Air Resources Board (CARB), with its principal location at 1001 I Street, Sacramento, California 95814; and Yang Ming Singapore Pte. Ltd. (Yang Ming), with its principal location at 171 Chin Swee Road, #08-01, CES Centre, Singapore 169877 (collectively, the "Parties," or individually, "Party").

LEGAL BACKGROUND

- (1) Purpose. The California Health and Safety Code mandates the reduction of the emission of toxic air contaminants (TAC). CARB has determined that particulate matter (PM) from diesel-fueled engines is a TAC. (Health & Saf. Code §§ 39650-39675.)
- (2) Regulation. CARB adopted the *Fuel Sulfur and Other Operational Requirements for Ocean-Going Vessels Within California Waters and 24 Nautical Miles of the California Baseline* (Ocean-Going Vessel Fuel Regulation) to reduce diesel PM and criteria pollutant emissions from ocean going vessels. (Cal. Code Regs., tit. 13, § 2299.2; Cal. Code Regs., tit. 17, § 93118.2.)
- (3) Regulatory Provisions. Any person who owns, operates, charters, rents, or leases any ocean-going vessel that operates in Regulated California Waters must meet the operational requirements for fuel sulfur content limits for auxiliary diesel engines, main engines, and auxiliary boilers, as well as comply with the recordkeeping, reporting, and monitoring requirements on noncompliance fee provision.
- (4) Penalty Provisions. Failure to comply with the regulatory requirements is a violation of state law that may result in penalties up to ten thousand dollars (\$10,000.00 USD) for strict liability violations for each day in which the violation occurs. (Cal. Code Regs., tit. 13, § 2299.2; Cal. Code Regs., tit. 17, § 93118.2; Health & Saf. Code §§ 39674, 39675, 42400 et seq., 42402 et seq., and 42410.)

CASE BACKGROUND

- (5) Corporate Entity. At all relevant times, Yang Ming was organized under the laws of Singapore and conducted business in the State of California.
- (6) Allegations. CARB alleges that Yang Ming violated the Ocean-Going Vessel Fuel Regulation by failing to comply with the operational requirements on one voyage into Regulated California Waters by one vessel entering the Port of Oakland, resulting in one day of violations, as outlined in Notice of Violation OGV10222025_YM. CARB alleges that if paragraphs 1 through 6 were proven, civil penalties could be imposed against Yang Ming for each and every vessel involved in the violations and each day.

- (7) Acknowledgment. Yang Ming admits to the facts in paragraphs 1 through 6, but denies any liability resulting from said allegations.
- (8) Consideration. In consideration of the foregoing, and of the promises and facts set forth herein, the Parties desire to settle and resolve all claims, disputes, and obligations relating to the above-listed alleged violations and voluntarily agree to resolve this matter by means of this Settlement Agreement. In order to resolve the violations described herein, Yang Ming has taken, or agrees to take, the actions enumerated below within the Terms and Conditions. Further, CARB accepts this Settlement Agreement in termination and full settlement of this matter.

TERMS AND CONDITIONS

In consideration of CARB not filing a legal action against Yang Ming for the alleged violations referred to above in the Legal Background and Case Background, and Yang Ming's agreement to complete all terms and conditions set forth below, CARB and Yang Ming agree as follows:

- (9) Settlement Amount. Yang Ming shall pay a civil penalty of four thousand two hundred fifty dollars (\$4,250.00 USD), and agrees to fund a Supplemental Environmental Project (SEP) entitled *Diesel Idling Deterrence: No Idling* in the amount of four thousand two hundred fifty dollars (\$4,250.00 USD), consistent with CARB's SEP Policy, for a total settlement of eight thousand five hundred dollars (\$8,500.00 USD). Yang Ming shall make all payments within thirty (30) calendar days from the Notification Date.
- (10) Notification Date. The date upon which CARB notifies Yang Ming according to Paragraph 16 (Notices), that the Settlement Agreement is fully executed or when CARB sends the fully executed Settlement Agreement to Yang Ming.
- (11) Civil Penalty Payment Method. Yang Ming shall pay the civil penalty by check, credit card, wire transfer, or portal, payable to the "California Air Resources Board," using instructions provided separately by CARB in a Payment Transmittal Form. Yang Ming is responsible for all payment processing fees. Payments shall be accompanied by the Payment Transmittal Form to ensure proper application. CARB shall deposit the civil penalty amount into the Air Pollution Control Fund for the purpose of carrying out CARB's duties and functions to ensure the integrity of its air pollution control programs. Should payment instructions change, CARB will provide notice to Yang Ming in accordance with Paragraph 16 (Notices).
- (12) SEP Payment Method(s). Yang Ming shall fund the SEP by wire transfer, payable to the SEP Recipient/Administrator, *California Safe Schools, a project of Community Initiatives*, using instructions provided separately by CARB in a SEP Payment Transmittal Form. Yang Ming is responsible for all payment

processing fees. Payments shall be accompanied by the SEP Payment Transmittal Form to ensure proper application. Should payment instructions change, CARB will provide notice to Yang Ming in accordance with Paragraph 16 (Notices).

- (13) Prohibition Against Financial Benefit. Yang Ming has agreed that by funding the SEP entitled *Diesel Idling Deterrence: No Idling*, Yang Ming will not receive any direct or indirect financial benefit, and that whenever Yang Ming publicizes or refers to the SEP or the results of the SEP, Yang Ming will state that the SEP is being undertaken as part of the settlement of a CARB enforcement action.
- (14) Assignment of Rights. In the event the SEP Recipient/Administrator does not fully implement or complete the SEP in accordance with the terms of the SEP Agreement, CARB shall be entitled to recover the full amount of the SEP from the SEP Recipient/Administrator, less any amount expended on the timely and successful completion of any previously agreed upon interim milestones. CARB will deposit any such recovery into the Air Pollution Control Fund. Accordingly, Yang Ming assigns any and all rights against the SEP Recipient/Administrator to CARB.
- (15) Documents. Yang Ming shall promptly email or mail the signed and dated Settlement Agreement and SEP to the address or email in Paragraph 16 (Notices).
- (16) Notices. Unless otherwise specified in this Settlement Agreement, whenever notifications, submissions, or communications are required by this Settlement Agreement, they shall be submitted in writing to the address or email below:

- (31) Authority. The undersigned represents that he or she has full authority to enter into this Settlement Agreement.

PENALTY BASIS

- (32) Per Unit Penalty. The per unit or per vehicle penalty in this case is a maximum of ten thousand dollars (\$10,000.00 USD) per day under Health and Safety Code section 39674, for violations of the Ocean-Going Vessel Fuel Regulation. (Cal. Code Regs., tit. 13, § 2299.2; Cal. Code Regs., tit. 17, § 93118.2.) The penalty of \$8,500.00 over one day of violation is for one noncompliant vessel. The per unit penalty in this case is approximately \$8,500.00 per noncompliant day.

- (33) Emissions. The provisions cited in Paragraph 6 (Allegations) above do not prohibit emissions above a specified level. Without information on engine usage and emission rates, it is not practicable to quantify the excess emissions.
- (34) Aggravating and Mitigating Factors. The penalties in this matter were determined in consideration of all relevant circumstances, including statutory factors as described in CARB's Enforcement Policy. CARB considered whether the violator came into compliance quickly and cooperated with the investigation; the extent of harm to public health, safety and welfare; nature and persistence of the violation, including the magnitude of the excess emissions; compliance history; preventative efforts taken; innovative nature and the magnitude of the effort required to comply, and the accuracy, reproducibility, and repeatability of the available test methods; efforts to attain, or provide for, compliance prior to violation; action taken to mitigate the violation; financial burden to the violator; and voluntary disclosure. The penalties are set at levels sufficient to deter violations, to remove any economic benefit or unfair advantage from noncompliance, to obtain swift compliance, and the potential costs, risks, and uncertainty associated with litigation. Penalties in future cases might be smaller or larger depending on the unique circumstances of the case.
- (35) Confidential Business Information. CARB may have based this penalty in part on confidential business information provided by Yang Ming or confidential settlement communications.
- (36) Effect of Settlement/Reservation of Rights. The following shall apply:
- (a) This Settlement Agreement resolves the civil claims of CARB for the violations alleged in this Settlement Agreement.
 - (b) CARB reserves, and this Settlement Agreement is without prejudice to, all claims, rights, and remedies against Yang Ming with respect to all matters not expressly resolved in this Settlement Agreement. Notwithstanding any other provision of the Settlement Agreement, CARB reserves all claims, rights, and remedies, whether in law or equity, against Yang Ming with respect to:
 - (i) Noncompliance with or enforcement of any provision of this Settlement Agreement.
 - (ii) Facts that were not disclosed by Yang Ming to CARB.
 - (iii) Violation of the California Health and Safety Code and its implementing regulations, or other State laws, regulations, or permit condition(s) not expressly resolved in this Settlement Agreement.

- (iv) Any imminent and substantial endangerment to the public health, welfare, or the environment in California, whether related to the violations addressed in this Settlement Agreement or otherwise.
 - (v) Any criminal liability.
 - (vi) Any claim(s) of any officer or agency of the United States or California, other than CARB.
- (c) In any subsequent administrative or judicial proceeding initiated by CARB for injunctive relief, civil penalties, or other appropriate relief relating to enforcement of the Settlement Agreement, Yang Ming shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim preclusion, claim-splitting, or other defenses based upon any contention that the claims raised by CARB in the subsequent proceeding were or should have been brought in the instant case.
- (d) This Settlement Agreement does not limit or affect the rights of Yang Ming or of CARB against any third parties not covered by this Settlement Agreement, nor does it limit the rights of third parties not covered by this Settlement Agreement against Yang Ming, except as otherwise provided by law. This Settlement Agreement shall not be construed to create rights in, or grant any cause of action to, any third party not covered by this Settlement Agreement.
- (e) This Settlement Agreement is not a permit, or a modification of any permit, under any federal, State, or local laws or regulations. Yang Ming is responsible for achieving and maintaining compliance with all applicable federal, State, and local laws, regulations, and permits; Yang Ming's compliance with this Settlement Agreement shall not be a defense to any action commenced pursuant to any such laws, regulations, or permits. CARB does not, by its execution of this Settlement Agreement, warrant or aver in any manner that Yang Ming's compliance with any aspect of this Settlement Agreement will result in compliance with any provisions of federal, State, or local laws, regulations, or permits.
