

07-9-4

Written Testimony 9/27/07

Air Resources Board

Public Meeting Agenda -

Comment - # 07-9-4

My name is Rachel Lopez

I live in Mira Loma Riverside Co.
and work with the Center for Community
Action and Environmental Justice.

First I would like to commend
the agencies ARB/SCAQMD to be working
closely to protect residents in the
Sebasin.

I am in support of the amendments
and modifications to strengthen the
HOMP - however more needs to be
done in regards to the RR. This is
where the federal government needs to step
in. Our communities in the GVA Corridor
will never see ~~or~~ ^{any} air quality improvements
until the RR's are regulated and regulated
with stronger measures.
