

Dr. S. Stanley Young is the Assistant Director for Bioinformatics at the National Institute of Statistical Sciences (NISS) in Research Triangle Park, North Carolina. NISS' mission is to identify, catalyze and foster high-impact, cross-disciplinary research involving the statistical sciences. He is also the CEO of Omicsoft Corporation.

Dr. Young graduated from North Carolina State University, BS, MES and a PhD in Statistics and Genetics.

He worked in the pharmaceutical industry on all phases of pre-clinical research, first at Eli Lilly and then at GlaxoSmithKline. He has authored or co-authored over 50 papers including six "best paper" awards, and a highly cited book, *Resampling-Based Multiple Testing*. He has two issued patents. He is interested in all aspects of applied statistics, with special interest in chemical and biological informatics. He conducts research in the area of data mining.

Dr. Young is a Fellow of the American Statistical Association and the American Association for the Advancement of Science. He is an adjunct professor of statistics at North Carolina State University, the University of Waterloo and the University of British Columbia where he co-directs thesis work.
