Subject: Comments on review of SIP ozone and pm 2.5 2016 aqmp and CARB review state of CA SIP not

Comment:

this is the second submittal on the CARB SIP for 2016 aqmp ozone nox and pm2.5 separate CARB SIP as well as ceqz ea review and social economic doc etc all comments cited on scoping plan in past including but not limited to Nov 17, 2016 and Dec. 2, 2016 and was told by Stephanie Kato that Dec 14, 2016 comments were submitted but dont find in email received today by her etc. all incorporated herein by reference etc all of record of 2016 aqmp etc ...

The May 16/May 17 2016 Draft SIP and EA Environmental Assessment was published before the June 30, 2016 Draft 2016 AQMP was published as well as before the CEQA doc was published first in apx July aug of 2016 and there was no alternative for ITSC Immediate Total Solar Conversion as cited in 1992 cases and 2013 case s etc. And Solar Alternative was totally inadequate and in the record omitted latest fed doe sunshot 8 studies from May 18, 2016 on most recent environmental info and economic cost effectiveness social etc all required env info this was purged from the process and was omitted by the state carb ie there was no solar conversion alternative for south coast or for the rest of the state (12million calif residents covered 7,500 premature deaths pe yr at least etc...

this is illegal and must be redone by CARB with a complete analysis of the most recent info on solar etc including DOE Sunshot inc Solar Industry Jan/ Feb articles of 2 or 3 cents per kwh or less by 2030 utility systems are now installed at \$1 per KW capacity etc.

since more time is legally required more work will be done as requested by the SCD and now for CARB at least 6 months with new GHG numbers 750 at SCD local gov meeting Jan 2016 at dist with Dr. Arron Katzenstein on tape citing 750 ppm co2e now not expected until about 2100 etc, and with 100s of ppm increase to be 86 by 2030 and de leon new bill 584 50% by 2025 etc. all local climate action plans have to be redone etc and the need for ITCS and changes on the ground of climate change not wec

and 150k trucks not nat gas illegal chsc 52002 (b) non renewable fossil fuels illegal in Calif. now this is a FF plan to be 86 etc
