The California Council for Environmental and Economic Balance ("CCEEB") is a coalition of California business, labor and public leaders who work together to advance strategies to achieve a sound economy and a healthy environment. CCEEB appreciates the opportunity to respond to the California Air Resources Board's request for comments on the "Proposed Minor Amendments to the Periodic Smoke Inspection Program in Response to the Inclusion of Diesel Vehicle Smog Check". Attached are CCEEB's comments relating to the ARB's proposed action referenced above. We appreciate the time and effort required to develop the proposed amendment. Please contact me if you have comments or questions concerning the enclosed comments. Thank you for your consideration.
