

State of California
AIR RESOURCES BOARD

EXECUTIVE ORDER D-260-22

Relating to Exemptions Under Section 27156
of the California Vehicle Code

Hypertech, Inc.
Hypertech Programmers and Speedometer Calibrators

Pursuant to the authority vested in the Air Resources Board by Section 27156 of the Vehicle Code; and

Pursuant to the authority vested in the undersigned by Section 39515 and Section 39516 of the Health and Safety Code and Executive Order G-14-012;

IT IS ORDERED AND RESOLVED: That the installation of the Hypertech Programmers and Speedometer Calibrators, manufactured and marketed by Hypertech, Inc., 3215 Appling Road, Bartlett, Tennessee 38133-3999, has been found not to reduce the effectiveness of the applicable vehicle pollution control systems and, therefore, is exempt from the prohibitions of Section 27156 of the Vehicle Code for the following **gasoline** powered vehicles listed in Exhibit A.

The Hypertech Programmers (see Exhibit A for product name and part number) are either a hand held, dash mount, or wireless programmer designed to reprogram the engine and/or transmission control module to modify the operating parameters. Emission-related data files cannot be modified by the end user.

The Speedometer Calibrators (see Exhibit A for product name and part number) are either a hand held programmer or an inline device designed to recalibrate the speedometer reading only, no vehicle related performance functions.

This Executive Order is valid provided that the installation instructions for the Hypertech Programmers and Speedometer Calibrators will not recommend tuning the vehicle to specifications different from those submitted by the device manufacturer.

Changes made to the design or operating conditions of the Hypertech Programmers and Speedometer Calibrators, as exempt by the Air Resources Board, which adversely affect the performance of the vehicle's pollution control system shall invalidate this Executive Order.

This Executive Order shall not apply to any Hypertech Programmers and Speedometer Calibrators advertised, offered for sale, sold with, or installed on a new motor vehicle prior to or concurrent with transfer to an ultimate purchaser.

Marketing of the Hypertech Programmers and Speedometer Calibrators using any identification other than that shown in this Executive Order or marketing of the Hypertech Programmers and Speedometer Calibrators for an application other than those listed in this Executive Order shall be prohibited unless prior approval is obtained from the Air Resources Board.

This Executive Order does not constitute any opinion as to the effect the use of the Hypertech Programmers and Speedometer Calibrators may have on any warranty either expressed or implied by the vehicle manufacturer.

This Executive Order is granted based on prior submitted emissions test data generated on eight modified test vehicles. Test results showed that emission levels met the applicable emission standards when tested using the Cold-Start CVS-75 Federal Test Procedure (FTP) test cycle and the Supplemental Federal Test Procedure (SFTP-US06) test cycle. Examination of the OBD II system showed that the programmer did not affect OBD II system operation.

The Air Resources Board reserves the right in the future to review this Executive Order and the exemption provided herein to assure that the exempted add-on or modified part continues to meet the standards and procedures of Title 13, California Code of Regulations, Section 2222, et seq.

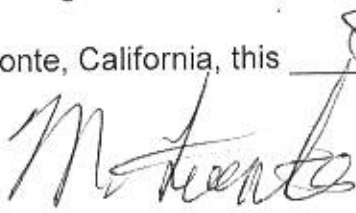

THIS EXECUTIVE ORDER DOES NOT CONSTITUTE A CERTIFICATION, ACCREDITATION, APPROVAL, OR ANY OTHER TYPE OF ENDORSEMENT BY THE AIR RESOURCES BOARD OF ANY CLAIMS OF THE APPLICANT CONCERNING ANTI-POLLUTION BENEFITS OR ANY ALLEGED BENEFITS OF THE HYPERTECH PROGRAMMERS AND SPEEDOMETER CALIBRATORS.

No claim of any kind, such as "Approved by the Air Resources Board", may be made with respect to the action taken herein in any advertising or other oral or written communication.

Violation of any of the above conditions shall be grounds for revocation of this order. The order may be revoked only after a ten-day written notice of intention to revoke the order, in which period the holder of the order may request in writing a hearing to contest

the proposed revocation. If a hearing is requested, it shall be held within ten days of receipt of the request and the order may not be revoked until a determination is made after the hearing that grounds for revocation exist.

Executed at El Monte, California, this 8TH day of February 2017.

FOR Annette Hebert, Chief
Emissions Compliance, Automotive Regulations and Science Division
