Mr. Bill Kaminski
AirTek, Inc.
4410 West 37th Avenue
Hobart, IN 46342

Dear Mr. Kaminski:

This is regarding AirTek, Inc.'s (AirTek) proper malfunction indicator light illumination demonstration (PMID) for new aftermarket catalytic converters originally exempted prior to January 1, 2009, under a Memorandum of Understanding with the Air Resources Board (ARB).

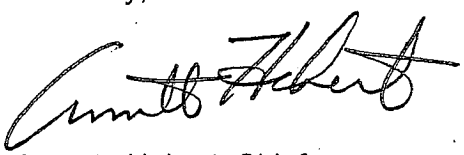

Section (e)(5) of the "California Evaluation Procedures for New Aftermarket Catalytic Converters" (Procedures), adopted October 25, 2007, allowed AirTek to conduct PMID testing over a three-year period to demonstrate compliance until January 1, 2012. ARB advised AirTek of the deadline during Manufacturers of Emission Controls Association meetings on June 21, 2010, and May 23, 2011, through an ARB Mail-Out MSO#-2011-01 on August 31, 2011, and in emails on October 7, 2011 and December 8, 2011. Despite these efforts, AirTek has failed to show compliance with the PMID requirements in section (e)(5)(B) of the Procedures for the following catalytic converters:

1. Series 110000 for Hyundai PC vehicles exempted under D-280-33
2. Series 610000/510000 for PC vehicles exempted under D-280-43
3. Series 610000 for PC/LDT1 vehicles exempted under D-280-52, D-280-62, D-280-73
4. Series 710000 for LDT2/MDV vehicles exempted under D-280-42, D-280-46
5. Series 110000/710000 for LDT1 vehicles exempted under D-280-53
6. Series 110000/610000 for PC/LDT1 vehicles exempted under D-280-77
7. Series 110000/410000 for PC vehicles exempted under D-280-79

Enclosed please find Executive Order D-280-82, rescinding Executive Order D-280-33 issued on November 20, 2008, Executive Order D-280-42 issued on April 14, 2009, Executive Order D-280-43 issued on November 18, 2008, Executive Order D-280-46 issued on December 8, 2008, Executive Order D-280-52 issued on December 8, 2008, Executive Order D-280-53 issued on November 24, 2008, Executive Order D-280-62 issued on December 9, 2008, Executive Order D-280-73 issued on March 27, 2009, Executive Order D-280-77 issued on April 16, 2009, and Executive Order D-280-79 issued on April 16, 2009.
