EXECUTIVE ORDER D-284-2
(Page 2 of 2)

This Executive Order is granted based on an evaluation if emissions tests were conducted in accordance with Cold-Start CVS-75 Federal Test Procedure. However, if test results or other evidence provides the Air Resources Board with reason to suspect that the Greddy Intercooler Kit will affect motor vehicle emissions or the durability of the emission control, Trust Company, Ltd. shall be required to submit emission and durability data to show that the emissions and durability of the vehicle emission control systems are not, in fact, affected and/or that for emission control systems, the add-on or modified part demonstrates adequate durability. If such test results demonstrate that the Greddy Intercooler Kit adversely affects emissions, this Executive Order shall be effectively rescinded as of the date the test results are validated.

In addition to the foregoing, the Air Resources Board reserves the right in the future to review this Executive Order and the exemption provided herein to assure that the exempted add-on or modified part continues to meet the standards and procedures of Title 13, California Code of Regulations, Section 2222, et seq.

THIS EXECUTIVE ORDER DOES NOT CONSTITUTE A CERTIFICATION, ACCREDITATION, APPROVAL, OR ANY OTHER TYPE OF ENDORSEMENT BY THE AIR RESOURCES BOARD OF ANY CLAIMS OF THE APPLICANT CONCERNING ANTI-POLLUTION BENEFITS OR ANY ALLEGED BENEFITS OF TRUST COMPANY, LTD.'S GREDDY INTERCOOLER KIT.

No claim of any kind, such as "Approved by the Air Resources Board" may be made with respect to the action taken herein in any advertising or other oral or written communication.

Violation of any of the above conditions shall be grounds for revocation of this order. If a hearing is requested, it shall be held within ten days of receipt of the request and the order may not be revoked until a determination after hearing that grounds for revocation exist.
