CALIFORNIA
AIR RESOURCES BOARD

EXECUTIVE ORDER D-476-14

Relating to Exemptions Under Section 27156
of the California Vehicle Code

Injen Technology
Cold Air Intake

Pursuant to the authority vested in the California Air Resources Board by Section 27156 of the Vehicle Code; and

Pursuant to the authority vested in the undersigned by Section 39515 and Section 39516 of the Health and Safety Code and Executive Order G-19-095;

IT IS ORDERED AND RESOLVED: That installation of the Cold Air Intake, manufactured and marketed by Injen Technology, 244 Pioneer PI, Pomona, California 91768, has been found not to reduce the effectiveness of the applicable vehicle pollution control systems and, therefore, is exempt from the prohibitions of Section 27156 of the Vehicle Code for the following Ford diesel vehicles.

Part Number	Make	Model	Model Year	Engine Displacement
EVO9007/ EVO9007C	Ford	F-250, F-250 Bed Delete, F-350, F-350 Bed Delete, F-450	2020	6.7L Turbocharged
EVO9007/ EVO9007C	Ford	F-250, F-250 Bed Delete, F-350, F-350 Bed Delete, F-450	2021	6.7L Turbocharged
EVO9007/ EVO9007C	Ford	F-250, F-250 Bed Delete, F-350, F-350 Bed Delete, F-450	2022	6.7L Turbocharged

The Cold Air Intake includes the following main components: air box, intake tube, air filter, and connecting hoses and clamps. The Cold Air Intake replaces the stock air filter and the stock air filter housing. The stock mass air flow sensor is retained in its stock location and orientation. No other major modifications or engine tuning is required.

This Executive Order is valid provided that the installation instructions for the Cold Air Intake will not recommend tuning the vehicle to specifications different from those of the vehicle manufacturer.

Changes made to the design or operating conditions of the Cold Air Intake, as exempted by the California Air Resources Board, that adversely affect the performance of the vehicle's emission control system shall invalidate this Executive Order.

This Executive Order shall not apply to any Cold Air Intake advertised, offered for sale, sold with, or installed on a new motor vehicle prior to or concurrent with transfer to an ultimate purchaser.

Marketing of the Cold Air Intake using any identification other than those shown in this Executive Order or marketing of the Cold Air Intake for an application other than those listed in this Executive Order shall be prohibited unless prior approval is obtained from the California Air Resources Board.

This Executive Order does not constitute any opinion as to the effect the use of the Cold Air Intake may have on any warranty, either expressed or implied by the vehicle manufacturer; or compliance with any other state, federal, or local law, such as safety equipment requirements or noise limitations.

Exemption of the Cold Air Intake shall not be construed as an exemption to sell, offer for sale, or advertise any component of the assembly as individual devices.

This Executive Order is granted based on information submitted by Injen Technology, including previous emission test results, an examination of the On-Board Diagnostic II system, and an engineering evaluation.

The California Air Resources Board reserves the right in the future to review this Executive Order and the exemption provided herein to assure that the exempted add-on or modified part continues to meet the standards and procedures of Title 13, California Code of Regulations, Section 2222, et seq. Further, if test results or other evidence provides the California Air Resources Board with reason to suspect that the Cold Air Intake will affect the durability of emission control systems, Injen Technology shall be required to submit durability data to show that the durability of vehicle emission control systems are not, in fact, affected and/or that the add-on or modified part demonstrates adequate durability.

THIS EXECUTIVE ORDER DOES NOT CONSTITUTE A CERTIFICATION, ACCREDITATION, APPROVAL, OR ANY OTHER TYPE OF ENDORSEMENT BY THE CALIFORNIA AIR RESOURCES BOARD OF ANY CLAIMS OF THE APPLICANT CONCERNING ANTI-POLLUTION BENEFITS OR ANY ALLEGED BENEFITS OF THE COLD AIR INTAKE.

No claim of any kind, such as "Approved by the California Air Resources Board", may be made with respect to the action taken herein in any advertising or other oral or written communication.

Violation of any of the above conditions shall be grounds for revocation of this order. The order may be revoked only after a ten-day written notice of intention to revoke the order, in which period the holder of the order may request in writing a hearing to contest the proposed revocation. If a hearing is requested, it shall be held within ten days of receipt of the request and the order may not be revoked until a determination is made after the hearing that grounds for revocation exist.

Executed on this 15th day of May 2023.
