AIR RESOURCES BOARD

EXECUTIVE ORDER D-645-4

Relating to Exemptions Under Section 27156
of the California Vehicle Code

SCT PERFORMANCE LLC
X3 Economizer, Part No. 3030EO

Pursuant to the authority vested in the Air Resources Board by Section 27156 of the Vehicle Code; and

Pursuant to the authority vested in the undersigned by Section 39515 and Section 39516 of the Health and Safety Code and Executive Order G-02-003;

IT IS ORDERED AND RESOLVED: That the installation of the X3 Economizer, part number 3030EO, manufactured and marketed by SCT Performance LLC, 976 Florida Central Parkway, Suite 136, Longwood, Florida 32750, has been found not to reduce the effectiveness of the applicable vehicle pollution control systems and, therefore, is exempt from the prohibitions of Section 27156 of the Vehicle Code for applicable 1997 to 2013 model year Ford gasoline vehicles as listed in Exhibit A.

The X3 Economizer, part number 3030EO is a hand held programmer designed to reprogram the FLASH memory chip located in the vehicle's ECU module. The X3 Economizer has only one stage of enhancement: a fuel economy calibration. The X3 Economizer is designed to download OEM calibration updates, non emission related upgrades, and patches or fixes in the firmware. X3 Economizer data files cannot be modified by the end user.

This Executive Order is valid provided that the installation instructions for the X3 Economizer will not recommend tuning the vehicle to specifications different from those submitted by the device manufacturer.

Changes made to the design or operating conditions of the X3 Economizer, as exempt by the Air Resources Board, which adversely affect the performance of the vehicle's pollution control system shall invalidate this Executive Order.

This Executive Order shall not apply to any X3 Economizer advertised, offered for sale, sold with, or installed on a new motor vehicle prior to or concurrent with transfer to an ultimate purchaser.

Marketing of the X3 Economizer using any identification other than that shown in this Executive Order or marketing of the X3 Economizer for an application other than those listed in this Executive Order shall be prohibited unless prior approval is obtained from the Air Resources Board.

This Executive Order does not constitute any opinion as to the effect the use of the X3 Economizer may have on any warranty either expressed or implied by the vehicle manufacturer.

This Executive Order is granted based on prior submitted emission test data generated on two Ford vehicles, 2007 model year 4.0L Mustang certified to the Low Emission Vehicle II Ultra Low Emission Vehicle (LEV II ULEV) emission standards and a 2008 model year 4.6L E150 Econoline Van certified to the LEV II ULEV emission standards. Test results showed that emission levels, with the X3 Economizer program installed met the applicable emission standards when tested using the Cold-Start CVS-75 Federal Test Procedure (FTP) test cycle and the Supplemental Federal Test Procedure (SFTP US06) test cycle (Mustang only), and the Highway Fuel Economy Driving Schedule (HFEDS). Examination of the OBD II system showed the X3 Economizer did not affect the OBD II system operation for both vehicles. Results from emissions testing conducted at Automotive Testing and Development Services, Inc., located in Ontario, California, are shown below (in grams per mile with deterioration factors applied).

2007 Mustang	CVS-75 FTP				SFTP US06	
	NMOG	CO	NOx	HCHO	NMHC+NOx	CO

The Air Resources Board reserves the right in the future to review this Executive Order and the exemption provided herein to assure that the exempted add-on or modified part continues to meet the standards and procedures of Title 13, California Code of Regulations, Section 2222, et seq.

THIS EXECUTIVE ORDER DOES NOT CONSTITUTE A CERTIFICATION, ACCREDITATION, APPROVAL, OR ANY OTHER TYPE OF ENDORSEMENT BY THE AIR RESOURCES BOARD OF ANY CLAIMS OF THE APPLICANT CONCERNING ANTI-POLLUTION BENEFITS OR ANY ALLEGED BENEFITS OF THE X3 ECONOMIZER.

No claim of any kind, such as "Approved by the Air Resources Board", may be made with respect to the action taken herein in any advertising or other oral or written communication.

Violation of any of the above conditions shall be grounds for revocation of this order. The order may be revoked only after a ten-day written notice of intention to revoke the order, in which period the holder of the order may request in writing a hearing to contest the proposed revocation. If a hearing is requested, it shall be held within ten days of receipt of the request and the order may not be revoked until a determination is made after the hearing that grounds for revocation exist.

Executed at El Monte, California, this 17th day of January 2013.
