

EXECUTIVE ORDER D-660-122

Relating to Exemptions Under Section 27156
of the California Vehicle Code

Cobb Tuning
Porsche Stage 1 and Transmission Calibrations

Pursuant to the authority vested in the California Air Resources Board by Section 27156 of the Vehicle Code; and

Pursuant to the authority vested in the undersigned by Section 39515 and Section 39516 of the Health and Safety Code and Executive Order G-19-095;

IT IS ORDERED AND RESOLVED: That installation of the Porsche Stage 1 and Transmission Calibrations, manufactured and marketed by Cobb Tuning, 2311 West Rundberg Lane, Suite 500 Austin, Texas 78758, has been found not to reduce the effectiveness of the applicable vehicle pollution control systems and, therefore, is exempt from the prohibitions of Section 27156 of the Vehicle Code for the vehicle applications listed in Exhibit A.

The Porsche Stage 1 Calibration is an ECU reflash that modifies stock ECU calibration tables and parameters to optimize engine performance. Three different calibrations can be flashed into the ECU; Stage0, Stage1 91, and Stage1 93. The calibration is flashed into the ECU using the Cobb Accessport V3. No user adjustments are provided.

The Porsche Transmission Calibration is a TCM reflash that modifies stock TCM calibration tables and parameters to optimize powertrain performance. The Porsche Transmission Calibration can be installed in combination with the Porsche Stage 1 Calibration or on its own. Five different calibrations can be flashed; Simulated Stock, COBB OEM+, COBB Sport, COBB Sport+, or COBB Aggressive. The Porsche Transmission Calibration is flashed into the TCM using the Cobb Accessport V3. No user adjustments are provided.

This Executive Order is valid provided that the installation instructions for the Porsche Stage 1 and Transmission Calibrations will not recommend tuning the vehicle to specifications different from those specified by Cobb Tuning.

Changes made to the design or operating conditions of the Porsche Stage 1 and Transmission Calibrations, as exempted by the California Air Resources Board, that adversely affect the performance of the vehicle's emission control system shall invalidate this Executive Order.

This Executive Order shall not apply to any Porsche Stage 1 and Transmission Calibrations advertised, offered for sale, sold with, or installed on a new motor vehicle prior to or concurrent with transfer to an ultimate purchaser.

Marketing of the Porsche Stage 1 and Transmission Calibrations using any identification other than those shown in this Executive Order or marketing of the Porsche Stage 1 and Transmission Calibrations for an application other than those listed in this Executive Order shall be prohibited unless prior approval is obtained from the California Air Resources Board.

This Executive Order does not constitute any opinion as to the effect the use of the Porsche Stage 1 and Transmission Calibrations may have on any warranty, either expressed or implied by the vehicle manufacturer; or compliance with any other state, federal, or local law, such as safety equipment requirements or noise limitations.

Exemption of the Porsche Stage 1 and Transmission Calibrations shall not be construed as an exemption to sell, offer for sale, or advertise any component of the assembly as individual devices.

This Executive Order is granted based on information submitted by Cobb Tuning, including emissions test data.

The California Air Resources Board reserves the right in the future to review this Executive Order and the exemption provided herein to assure that the exempted add-on or modified part continues to meet the standards and procedures of Title 13, California Code of Regulations, Section 2222, et seq. Further, if test results or other evidence provides the California Air Resources Board with reason to suspect that the Porsche Stage 1 and Transmission Calibrations will affect the durability of emission control systems, Cobb Tuning shall be required to submit durability data to show that the durability of vehicle emission control systems are not, in fact, affected and/or that the add-on or modified part demonstrates adequate durability.

THIS EXECUTIVE ORDER DOES NOT CONSTITUTE A CERTIFICATION, ACCREDITATION, APPROVAL, OR ANY OTHER TYPE OF ENDORSEMENT BY THE CALIFORNIA AIR RESOURCES BOARD OF ANY CLAIMS OF THE APPLICANT CONCERNING ANTI-POLLUTION BENEFITS OR ANY ALLEGED BENEFITS OF THE PORSCHE STAGE 1 AND TRANSMISSION CALIBRATIONS.

No claim of any kind, such as "Approved by the California Air Resources Board", may be made with respect to the action taken herein in any advertising or other oral or written communication.

Violation of any of the above conditions shall be grounds for revocation of this order. The order may be revoked only after a ten-day written notice of intention to revoke the order, in which period the holder of the order may request in writing a hearing to contest the proposed revocation. If a hearing is requested, it shall be held within ten days of receipt of the request and the order may not be revoked until a determination is made after the hearing that grounds for revocation exist.

Executed on this 16th day of December 2022.

Robin U. Lang, Chief
Emissions Certification and Compliance Division

Exhibit A

Engine Calibrations

Accessport Part Number	Model Year	Make	Model	Engine Size
AP3-POR-015	2020-2022	Porsche	718 Cayman GT4	4.0L
AP3-POR-015	2020-2022	Porsche	718 Spyder	4.0L
AP3-POR-015	2021-2022	Porsche	718 Cayman GTS 4.0	4.0L
AP3-POR-015	2021-2022	Porsche	718 Boxster GTS 4.0	4.0L
