

## EXECUTIVE ORDER D-660-58

Relating to Exemptions Under Section 27156  
of the California Vehicle Code

Cobb Tuning  
Stage 1 & Transmission Calibrations for Porsche

Pursuant to the authority vested in the California Air Resources Board by Section 27156 of the Vehicle Code; and

Pursuant to the authority vested in the undersigned by Section 39515 and Section 39516 of the Health and Safety Code and Executive Order G-19-095;

IT IS ORDERED AND RESOLVED: That installation of the Stage 1 & Transmission Calibrations for Porsche, manufactured and marketed by Cobb Tuning, 2311 West Rundberg Lane, Suite 500 Austin, Texas 78758, has been found not to reduce the effectiveness of the applicable vehicle pollution control systems and, therefore, is exempt from the prohibitions of Section 27156 of the Vehicle Code for the vehicle applications listed in Exhibit A.

The Stage 1 Calibration for Porsche is an ECU reflash to optimize performance using multiple octane fuels. The Stage 1 Calibration for Porsche is delivered to the ECM using the Cobb Tuning Accessport programmer. The user can select to install one of the following seven different calibrations preloaded in the Accessport programmer: Stage0, Stage1 ACN91, Stage1 91, Stage1 93, Economy Mode, Valet Mode, and Anti-Theft Mode. No user adjustment is provided.

The Transmission Calibration for Porsche is a TCM reflash that modifies shift points and fluid pressures to alter drivetrain performance. Up to six different transmission calibrations may be flashed into the TCM; Simulated Stock, COBB OEM+, COBB Sport, COBB Aggressive, COBB High Torque Aggressive, and COBB Sequential Style. No user adjustment is provided. The Transmission Calibration for Porsche can be used in combination with the Stage 1 Calibration for Porsche, or they may be used individually without the other.

This Executive Order is valid provided that the installation instructions for the Stage 1 & Transmission Calibrations for Porsche will not recommend tuning the vehicle to specifications different from those specified by Cobb Tuning.

Changes made to the design or operating conditions of the Stage 1 & Transmission Calibrations for Porsche, as exempted by the California Air Resources Board, that adversely affect the performance of the vehicle's emission control system shall invalidate this Executive Order.

This Executive Order shall not apply to any Stage 1 & Transmission Calibrations for Porsche advertised, offered for sale, sold with, or installed on a new motor vehicle prior to or concurrent with transfer to an ultimate purchaser.

Marketing of the Stage 1 & Transmission Calibrations for Porsche using any identification other than those shown in this Executive Order or marketing of the Stage 1 & Transmission Calibrations for Porsche for an application other than those listed in this Executive Order shall be prohibited unless prior approval is obtained from the California Air Resources Board.

This Executive Order does not constitute any opinion as to the effect the use of the Stage 1 & Transmission Calibrations for Porsche may have on any warranty either expressed or implied by the vehicle manufacturer.

Exemption of the Stage 1 & Transmission Calibrations for Porsche shall not be construed as an exemption to sell, offer for sale, or advertise any component of the assembly as individual devices.

This Executive Order is granted based on information submitted by Cobb Tuning, including emissions test data.

The California Air Resources Board reserves the right in the future to review this Executive Order and the exemption provided herein to assure that the exempted add-on or modified part continues to meet the standards and procedures of Title 13, California Code of Regulations, Section 2222, et seq.

THIS EXECUTIVE ORDER DOES NOT CONSTITUTE A CERTIFICATION, ACCREDITATION, APPROVAL, OR ANY OTHER TYPE OF ENDORSEMENT BY THE CALIFORNIA AIR RESOURCES BOARD OF ANY CLAIMS OF THE APPLICANT CONCERNING ANTI-POLLUTION BENEFITS OR ANY ALLEGED BENEFITS OF THE STAGE 1 & TRANSMISSION CALIBRATIONS FOR PORSCHE.

No claim of any kind, such as "Approved by the California Air Resources Board", may be made with respect to the action taken herein in any advertising or other oral or written communication.

Violation of any of the above conditions shall be grounds for revocation of this order. The order may be revoked only after a ten-day written notice of intention to revoke the order, in which period the holder of the order may request in writing a hearing to contest the proposed revocation. If a hearing is requested, it shall be held within ten days of receipt of the request and the order may not be revoked until a determination is made after the hearing that grounds for revocation exist.

Executed on this 22nd day of October 2021.

Allen Lyons, Chief  
Emissions Certification and Compliance Division
