

**State of California  
AIR RESOURCES BOARD**

**EXECUTIVE ORDER D-665-19**

Relating to Exemptions under Section 27156 and 38391  
of the Vehicle Code

Eastern Manufacturing, Inc.  
"Series 703000 and 704000 Three-way Catalytic Converters"

WHEREAS, Vehicle Code (VC) Sections 27156 and 38395, and Title 13, California Code of Regulations (13 CCR) Section 2222(h), authorize the Air Resources Board (ARB) and its Executive Officer to exempt new aftermarket catalytic converters from the prohibitions of VC Sections 27156 and 38391.

WHEREAS, Eastern Manufacturing, Inc. (Eastern) of 2201 Cabot Boulevard West, Langhorne, Pennsylvania 19047, has applied to ARB for exemption from the prohibitions in VC Sections 27156 and 38391 to market its new aftermarket Series 703000 and 704000 three-way catalytic converters (TWCs) for installation on selected 1975 through 1995 model year non-on-board diagnostic II (non-OBD II) trucks equipped with a single or dual exhaust system with two or more catalytic converters per exhaust bank (T-2). The catalytic converters will be sold as a universal or direct fit system.

WHEREAS, pursuant to the authority vested in the Executive Officer by Health and Safety Code Section (HSC) 39515 and in the Chief, Mobile Source Operations Division by HSC Section 39516 and Executive Order G-14-012, ARB finds that the above aftermarket catalytic converter complies with the VC Sections 27156 and 38395 and 13 CCR, Section 2222(h). Emission performance of the catalytic converter was based on durability bench-aging by Umicore Autocat USA Inc. using the ARB-modified RAT-A bench-aging cycle for 100 hours, as specified in Appendix A to the "California Evaluation Procedures for New Aftermarket Catalytic Converters" as adopted on October 25, 2007 (Converter Evaluation Procedures).

WHEREAS, emissions tests previously conducted at Automotive Testing and Development Services, Inc., Ontario, California, using a 2002 5.4L Ford F-150 (worst case vehicle for category T-2), test group 2FMXT05.4PF5, certified to the medium-duty vehicle 2 category and Low Emission Vehicle emission standards, showed that the vehicle met the applicable emission standards with Series 703000 and 704000 TWCs (4 units) installed. OBD II compatibility tests performed on the same test vehicle showed that Series 703000 and 704000 TWCs did not affect the vehicle's ability to perform OBD II system monitoring.

THEREFORE, IT IS HEREBY RESOLVED that Eastern's Series 703000 and 704000 TWCs are exempted from the prohibitions in VC Sections 27156 and 38391 for installation on appropriate T-2 non-OBD II trucks subject to the following conditions:

1. No changes are permitted to the catalytic converters as described in the application for exemption. Any changes to the catalytic converters or any of their components, and other factors addressed in this order must be evaluated and approved by ARB prior to marketing in California.

2. Marketing of the catalytic converters using identifications other than those shown in the exemption application, and in this Executive Order, or marketing of the catalytic converters for applications other than the ones shown in this Executive Order shall be prohibited unless prior approval is obtained from ARB. Exemption of this product shall not be construed as an exemption to sell, offer for sale, or advertise any components of the catalytic converters, as individual devices.
3. Any oral or written references to this Executive Order or its content by Eastern, its principals, agents, employees, distributors, dealers, or other representatives must include the disclaimer that the Executive Order or the exemption it provides is not an endorsement or approval of any emission reduction claims for the catalytic converters and is only a finding that the catalytic converters are exempt from the prohibitions of VC Sections 27156 and 38391.
4. Eastern's installation instructions for the new catalytic converters must conform to requirements in Section (h) of the Converter Evaluation Procedures.
5. Installation of the catalytic converters shall not cause the relocation of an oxygen sensor. Oxygen sensors must be installed in the same location, position and orientation as prescribed in the original equipment manufacturer's configurations.
6. Upon installation, the catalytic converters must carry a manufacturer's warranty for five years or 50,000 miles as prescribed in Section (f)(2) of the Converter Evaluation Procedures.
7. Eastern and its vendors may not advertise the new aftermarket catalytic converters as "high flow or easy flow" catalytic converters or use any phrase that could make them appear to perform better than the original equipment manufacturer catalytic converters.
8. Any marketing arrangement of the new aftermarket catalytic converters by a third party, which involves the use of packaging identification different from the ones described in this Executive Order, must be approved by ARB prior to shipment.
9. Eastern, its associates, vendors, other businesses, and individuals associated with Eastern, may not sell or supply new aftermarket catalytic converter substrates to a third party to be assembled in a different facility and marketed under this Executive Order without approval from ARB.
10. Eastern shall comply with the quality control procedures and reporting requirements in Section (f)(5) of the Converter Evaluation Procedures.
11. Quality control reports must be submitted on a quarterly basis and warranty information reports must be submitted on a semi-annual basis.
12. Eastern must provide a permanent label or stamp as specified under Section (f)(1) of the Converter Evaluation Procedures.

13. Eastern's vehicle application catalog must conform with the requirements as specified under Section (f)(4) of the Converter Evaluation Procedures.

Violation of any of the above conditions shall be grounds for revocation of this order. The order may be revoked only after a 30-day written notice of intention to revoke it, during which period the holder of the order may request in writing a hearing to contest the proposed revocation. If a hearing is requested, it shall be held within 30 days of receipt of the request, and the order may not be revoked until a determination is made, after the hearing, that grounds for revocation exist.

Executed at El Monte, California, this 22<sup>nd</sup> day of January 2014.

  
Annette Hebert, Chief  
 Emissions Compliance, Automotive Regulations and Science Division
