

## EXECUTIVE ORDER D-756-6

Relating to Exemptions Under Section 27156  
of the California Vehicle Code

S&S Diesel Motorsport LLC  
CP4 Fuel Pump Disaster Prevention Kit  
Part numbers CP4-6.7F-BP-G2.1 and CP4-6.7F650-BP-G2.1

Pursuant to the authority vested in the California Air Resources Board by Section 27156 of the Vehicle Code; and

Pursuant to the authority vested in the undersigned by Section 39515 and Section 39516 of the Health and Safety Code and Executive Order G-19-095;

IT IS ORDERED AND RESOLVED: That the installation of the CP4 Fuel Pump Disaster Prevention Kit, part numbers CP4-6.7F-BP-G2.1 and CP4-6.7F650-BP-G2.1, produced and marketed by S&S Diesel Motorsport LLC of 1471 West Tipton Street, Seymour, Indiana 47274, has been found not to reduce the effectiveness of the applicable vehicle pollution control systems and, therefore, are exempt from the prohibitions of Section 27156 of the Vehicle Code for 2011-2023 Ford 6.7 liter turbocharged diesel vehicles.

The CP4 Fuel Pump Disaster Prevention Kit, part numbers CP4-6.7F-BP-G2.1 and CP4-6.7F650-BP-G2.1 (specific to F650/F750), is designed to prevent debris from the fuel pump from entering the fuel rails and clogging up the fuel injectors if there is a failure in the fuel pump. The kit includes a flow splitting block, filter assembly, and braided stainless by-pass, and supply lines. The CP4 Fuel Pump Disaster Prevention Kit has no effect on injection pressure, injector timing, or fuel quantity to the combustion chamber. The high pressure fuel system operation is unaltered. Part number CP4-6.7F650-BP-G2.1 differs by having longer hoses to the filter assembly. The CP4 Fuel Pump Disaster Prevention Kit has no mechanical or electrical user adjustments. No changes are made to any component of the stock engine, including engine calibration.

This Executive Order is valid provided that the installation instructions for the CP4 Fuel Pump Disaster Prevention Kit will not recommend tuning the vehicle to specifications different from those of the vehicle manufacturer.

Changes made to the design or operating conditions of the CP4 Fuel Pump Disaster Prevention Kit, as exempt by the California Air Resources Board, which adversely affect the performance of the vehicle's pollution control system shall invalidate this Executive Order.

This Executive Order shall not apply to any CP4 Fuel Pump Disaster Prevention Kit advertised, offered for sale, sold with, or installed on a new motor vehicle prior to or concurrent with transfer to an ultimate purchaser.

Marketing of the CP4 Fuel Pump Disaster Prevention Kit using any identification other than that shown in this Executive Order or marketing of the CP4 Fuel Pump Disaster Prevention Kit for an application other than those listed in this Executive Order shall be prohibited unless prior approval is obtained from the California Air Resources Board.

This Executive Order does not constitute any opinion as to the effect the use of the CP4 Fuel Pump Disaster Prevention Kit may have on any warranty, either expressed or implied by the vehicle manufacturer; or compliance with any other state, federal, or local law, such as safety equipment requirements or noise limitations.

This Executive Order is granted based on an engineering evaluation and information supplied by S&S Diesel Motorsports LLC on the CP4 Fuel Pump Disaster Prevention Kit. The emissions and OBD II impact should be none since the modification has no effect on injection pressure, injector timing, or fuel quantity to the combustion chamber.

The California Air Resources Board reserves the right in the future to review this Executive Order and the exemption provided herein to ensure that the exempted add-on or modified part continues to meet the standards and procedures of Title 13, California Code of Regulations, Section 2222, et seq. Further, if test results or other evidence provides the California Air Resources Board with reason to suspect that the CP4 Fuel Pump Disaster Prevention Kit will affect the durability of emission control systems, S&S Diesel Motorsport LLC shall be required to submit durability data to show that the durability of vehicle emission control systems are not, in fact, affected and/or that the add-on or modified part demonstrates adequate durability.

THIS EXECUTIVE ORDER DOES NOT CONSTITUTE A CERTIFICATION, ACCREDITATION, APPROVAL, OR ANY OTHER TYPE OF ENDORSEMENT BY THE CALIFORNIA AIR RESOURCES BOARD OF ANY CLAIMS OF THE APPLICANT CONCERNING ANTI-POLLUTION BENEFITS OR ANY ALLEGED BENEFITS OF THE S&S DIESEL MOTORSPORT LLC CP4 FUEL PUMP DISASTER PREVENTION KIT.

No claim of any kind, such as "Approved by the California Air Resources Board", may be made with respect to the action taken herein in any advertising or other oral or written communication.

Violation of any of the above conditions shall be grounds for revocation of this Executive Order. The Executive Order may be revoked only after a ten-day written notice of intention to revoke the order, in which period the holder of the Executive Order may request in writing a hearing to contest the proposed revocation. If a hearing is requested, it shall be held within ten business days of receipt of the request and the Executive Order may not be revoked until a determination is made after the hearing that grounds for revocation exist.

Executed this of 18<sup>th</sup> day December 2023.
