

EXECUTIVE ORDER D-834-2

Relating to Exemptions Under Section 27156
of the California Vehicle Code

Fleece Performance Engineering
FMW Holset VGT Cheetah Turbocharger

Pursuant to the authority vested in the California Air Resources Board by Section 27156 of the Vehicle Code; and

Pursuant to the authority vested in the undersigned by Section 39515 and Section 39516 of the Health and Safety Code and Executive Order G-19-095;

IT IS ORDERED AND RESOLVED: That installation of the FMW Holset VGT Cheetah Turbocharger, manufactured and marketed by Fleece Performance Engineering, of 2400 Commerce Way, Pittsboro, Indiana 46167, has been found not to reduce the effectiveness of the applicable vehicle pollution control systems and, therefore, is exempt from the prohibitions of Section 27156 of the California Vehicle Code for the vehicles listed in Exhibit A.

The FMW Holset VGT Cheetah Turbocharger is a direct replacement for the factory turbocharger. The FMW Holset VGT Cheetah Turbocharger consists of turbocharger assembly, turbo oil drain gasket, coolant line sealing washers, and exhaust inlet gasket. It has no mechanical or electrical user adjustments, and no changes are made to any component of the stock engine for installation including engine calibration.

This Executive Order is valid provided that the installation instructions for the FMW Holset VGT Cheetah Turbocharger will not recommend tuning the vehicle to specifications different from those of the vehicle manufacturer.

Changes made to the design or operating conditions of the FMW Holset VGT Cheetah Turbocharger, as exempted by the California Air Resources Board, that adversely affect the performance of the vehicle's emission control system, shall invalidate this Executive Order.

This Executive Order shall not apply to any FMW Holset VGT Cheetah Turbocharger advertised, offered for sale, sold with, or installed on a new motor vehicle prior to or concurrent with transfer to an ultimate purchaser.

Marketing of the FMW Holset VGT Cheetah Turbocharger using any identification other than those shown in this Executive Order or marketing of the FMW Holset VGT Cheetah Turbocharger for an application other than those listed in this Executive Order shall be prohibited unless prior approval is obtained from the California Air Resources Board.

This Executive Order does not constitute any opinion as to the effect the use of the FMW Holset VGT Cheetah Turbocharger may have on any warranty either expressed or implied by the vehicle manufacturer.

Exemption of the FMW Holset VGT Cheetah Turbocharger shall not be construed as an exemption to sell, offer for sale, or advertise any component of the assembly as individual devices.

This Executive Order is granted based on information supplied by Fleece Performance Engineering, including emissions test data.

The California Air Resources Board reserves the right in the future to review this Executive Order and the exemption provided herein to assure that the exempted add-on or modified part continues to meet the standards and procedures of Title 13, California Code of Regulations, Section 2222, et seq. Further, if test results or other evidence provides the California Air Resources Board with reason to suspect that the FMW Holset VGT Cheetah Turbocharger will affect the durability of emission control systems, Fleece Performance Engineering shall be required to submit durability data to show that the durability of vehicle emission control systems are not, in fact, affected and/or that the add on or modified part demonstrates adequate durability.

THIS EXECUTIVE ORDER DOES NOT CONSTITUTE A CERTIFICATION, ACCREDITATION, APPROVAL, OR ANY OTHER TYPE OF ENDORSEMENT BY THE CALIFORNIA AIR RESOURCES BOARD OF ANY CLAIMS OF THE APPLICANT CONCERNING ANTI-POLLUTION BENEFITS OR ANY ALLEGED BENEFITS OF THE FMW HOLSET VGT CHEETAH TURBOCHARGER.

No claim of any kind, such as "Approved by the California Air Resources Board", may be made with respect to the action taken herein in any advertising or other oral or written communication.

Violation of any of the above conditions shall be grounds for revocation of this Executive Order. The Executive Order may be revoked only after a ten-day written notice of intention to revoke the Executive Order, in which period the holder of the Executive Order may request in writing a hearing to contest the proposed revocation. If a hearing is requested, it shall be held within ten days of receipt of the request and the Executive Order may not be revoked until a determination is made after the hearing that grounds for revocation exist.

Executed on this 24th day of March 2022.

Allen Lyons, Chief
Emissions Certification and Compliance Division

Exhibit A

Part Number	Vehicle Model *	Engine §
FPE-351-1920	2019 to 2020 Ram 2500, 3500	6.7L diesel turbocharged
FPE-351-1317	2013 to 2018 Ram 2500, 3500	6.7L diesel turbocharged

* 8,501 to 14,000 pounds gross vehicle weight rating.

§ Exclude engine families: DCEXH0408BAQ, ECEXH0408BAQ, FCEXH0408BAQ, GCEXH0408BAQ, HCEXH0408BAQ, JCEXH0408BAQ, KCEXH0408BAW, and LCEXH0408BAW
