CALIFORNIA
AIR RESOURCES BOARD

EXECUTIVE ORDER K-007-12

Relating to Exemptions of Aftermarket Critical Emission Control Parts for Highway Motorcycles under Sections 27156 and 38391 of the Vehicle Code

Harley-Davidson Motor Company
Screamin' Eagle High Flow Exhaust with Street Cannon Mufflers
Part Numbers 64800059 and 64800062

WHEREAS, Pursuant to the authority vested in the California Air Resources Board (CARB) by Sections 27156 and 38391 of the Vehicle Code and Title 13, California Code of Regulations (hereafter "CCR") Section 2222(j); and

WHEREAS, Harley-Davidson Motor Company has applied to CARB for an exemption from the prohibitions of Vehicle Code sections 27156 and 38391 to market its Screamin' Eagle High Flow Exhaust with Street Cannon Mufflers on selected 2017 to 2020 model year Harley-Davidson highway motorcycle engine families; and

WHEREAS, Pursuant to the authority vested in the undersigned by Sections 39515 and Section 39516 of the Health and Safety Code and by Executive Order G-19-095;

IT IS ORDERED AND RESOLVED: That the Screamin' Eagle High Flow Exhaust with Street Cannon Mufflers, manufactured by Harley-Davidson Motor Company of 3700 West Juneau Avenue, Milwaukee, Wisconsin 53208, has been found not to reduce the effectiveness of any required vehicle pollution control system or to cause the vehicle emissions to exceed applicable emission standards, and is therefore exempt from the prohibitions of Sections 27156 and 38391 of the Vehicle Code, as described below for the following 2017 to 2020 model year Harley-Davidson motorcycle engine families shown in Exhibit A.

The Harley-Davidson Screamin' Eagle High Flow Exhaust with Street Cannon Mufflers is a steel exhaust system with either chrome plating (part number 64800059) or black finish (part number 64800062). The kit includes all new head pipes and a pair of catalyst mufflers. The stock oxygen sensors are reinstalled in the new head pipes in the stock location. The internal catalyst is a stock production part. A new ECU calibration is included. No other changes or modifications are made for proper installation.

This Executive Order is granted based on information provided by Harley-Davidson Motor Company, including emissions test data.

BE IT FURTHER RESOLVED: That Harley-Davidson Motor Company has submitted materials demonstrating compliance with the emissions defects warranty requirements of section (c)(2) of the "California Evaluation Procedures for Aftermarket Critical Emission Control Parts on Highway Motorcycles."

BE IT FURTHER RESOLVED: That Harley-Davidson Motor Company must permanently identify its exempted aftermarket critical emission control part by direct stamping, embossment, or label as required under section (c)(3) of the "California Evaluation Procedures for Aftermarket Critical Emission Control Parts on Highway Motorcycles."

BE IT FURTHER RESOLVED: That Harley-Davidson Motor Company must retain records as required by section (c)(2)(D) of the "California Evaluation Procedures for Aftermarket Critical Emission Control Parts on Highway Motorcycles," and to report warranty claim records for each part covered by this Executive Order, as required by section (c)(6) of said procedures.

BE IT FURTHER RESOLVED: That Harley-Davidson Motor Company must submit production reports for the exempted aftermarket critical emission control part as required by section (c)(5)(A) of the "California Evaluation Procedures for Aftermarket Critical Emission Control Parts on Highway Motorcycles."

BE IT FURTHER RESOLVED: That Harley-Davidson Motor Company may be subjected to inspection and audit testing pursuant to section (c)(5)(B) of the "California Evaluation Procedures for Aftermarket Critical Emission Control Parts on Highway Motorcycles."

This Executive Order is valid provided that the installation instructions for the Screamin' Eagle High Flow Exhaust with Street Cannon Mufflers will not recommend tuning the vehicle to specifications different from those specified by Harley-Davidson Motor Company.

Changes made to the design or operating conditions of the Screamin' Eagle High Flow Exhaust with Street Cannon Mufflers, as exempt by the California Air Resources Board, which adversely affect the performance of the vehicle's pollution control system shall invalidate this Executive Order.

Marketing of the Screamin' Eagle High Flow Exhaust with Street Cannon Mufflers using any identification other than that shown in this Executive Order or marketing of the Screamin' Eagle High Flow Exhaust with Street Cannon Mufflers for an application other than those listed in this Executive Order shall be prohibited unless prior approval is obtained from the California Air Resources Board.

This Executive Order does not constitute any opinion as to the effect the use of the Screamin' Eagle High Flow Exhaust with Street Cannon Mufflers may have on any warranty either expressed or implied by the vehicle manufacturer.

The aftermarket critical emission control part exempted under this Executive Order must conform to all applicable California emission regulations. This exemption does not constitute an exemption to sell, offer for sale, or advertise any components of the part as individual devices.

Violation of any of the above conditions shall be grounds for revocation of this order. The order may be revoked only after a 30-day written notice of intention to revoke it, during which period the holder of the order may request in writing a hearing to contest the proposed revocation. If a hearing is requested, it shall be held within 30 days of receipt of the request, and the order may not be revoked until a determination is made, after the hearing, that grounds for revocation exist.

Executed at El Monte, California, this 17TH day of January 2020.

Allen Lyons, Chief
Emissions Certification and Compliance Division
