

EXEMPTION APPLICATION

Category I – Model-Year Additions on Carryover Vehicle(s) or Engine(s)

A manufacturer may request the California Air Resources Board (CARB) to update previously issued exemption Executive Order with additional model-years. The Executive Officer shall grant the request upon determining that the findings leading to the initial exemption Executive Order approval are also valid for the added model years. In such instances, a new exemption Executive Order may be issued without the need of additional testing. New part numbers can be assigned to the model-year additions only.

If the submitted application is outside the scope of this application form, the application will be redirected by the Executive Officer to an appropriate category. A written response will be sent to the manufacturer detailing why the submitted application does not qualify for this requested category and if additional information is needed to continue the evaluation process.

APPLICANT INFORMATION

Name of Device Manufacturer with design control:		
Device Name:		
Name of Authorized Device Manufacturer Contact:		
Mailing Address:		
City:	State:	Zip Code:
Telephone Number:		Email Address:
Name of Authorized Representative (if different from above):		
Mailing Address:		
City:	State:	Zip Code:
Telephone Number:		Email Address:

Category I – Model-Year Additions Checklist

1. The application only seeks Model-Year Additions¹ on Carryover Vehicle(s) or Engine(s). Yes No
2. The requested vehicle **models** are covered under an existing Executive Order.
Yes No
 - i. Existing Executive Order Number:
3. The part/device maintains the same design, fit, and function. Yes No

If all the above answers in items 1 - 3 are Yes, proceed with submitting the application. If any answer is No, this is not a Category I application and you must select the appropriate Category from Categories II through IX.

¹Additional part numbers are also allowed, but application must meet other requirements first.

VEHICLE/ENGINE COVERAGE, AS TO BE LISTED ON NEW ISSUED EXECUTIVE ORDER

(Attach applicable file)

Provide a list of applicable vehicle(s) or engine(s) in the format specified below using Excel.

Device Name	Part Number	Vehicle Make	Vehicle Model	Model Year(s)	Engine Displacement	Engine Test Group information on new additions and only if listed on original Exemption Executive Order(s)	Evaporative Family information on new additions and only if listed on original Exemption Executive Order(s)

Highlight or identify new model-year additions.

If applicable, provide a list of excluded models/configurations that are within the scope of requested new vehicle or engine coverage.

REQUESTED INFORMATION

To expedite CARB's review of this submitted application, please provide the following:

1. Documentation demonstrating that the added model-year(s) will retain the same device design (excluding exterior appearances such as color), fit, and function as those which are currently exempted.
2. Justification for the carryover request. Provide engineering analysis and/or documentation addressing model-year additions as they pertain to:
 - a. Applicable emission standards and certification levels.
 - b. Prior worst case vehicle(s) or engine(s) tested.
 - c. Other information used in prior exemption Executive Order(s) that may support this request.
 - d. If the emissions control system has changed, identify any anticipated impact for the requested additional model years.
3. Facsimile of the product information label. Labeling requirements can be found here under Section VIII ([Exemption Procedures](#)).

REQUEST FOR SAMPLE

CARB may require one or more devices for evaluation. Device(s) will be returned only if return is requested at the time of device submission. Do you agree to provide the device(s) free of cost? Yes No If "No", please explain why.

SIGNATURE

I affirm the information provided is true, accurate, and complete, and that to the best of my knowledge installation of the device on a covered vehicle or engine will not cause regulated emissions to increase beyond the certification standards to which the vehicle or engine was certified, including any noxious or toxic matter, and will not cause emission control components and OBD to function differently than as designed by the vehicle or engine manufacturer.

I understand that I or the device manufacturer shall not: 1. Use the Executive Order as an endorsement or approval by CARB, 2. Market the device(s) using any identification other than that shown on the Executive Order, 3. Apply the Executive Order to parts sold prior to the date shown on the Executive Order, 4. Market the device(s) for an application other than those listed on the Executive Order, 5. Offer for sale, or advertise any component of an applicable kit as an individual device, 6. Advertise the product as capable of reducing

emissions, or 7. Advertise, offer for sale, sell, or install the device on a motor vehicle, except on-road motorcycle, prior to or concurrent with transfer to an ultimate purchaser.

INSTRUCTIONS FOR SUBMITTING THIS FORM

Please submit to: (AMPES@arb.ca.gov).

For questions regarding this form, please contact (AMPES@arb.ca.gov).

A staff engineer assigned to your application submission will contact you after a preliminary review has been completed.

PRIVACY STATEMENT

Under the California Public Records Act (Gov. Code, § 6250 et seq.), your submissions, including associated contact information (e.g., your address, phone, email, etc.) become public records and may be released to the public upon request. Personal information will be protected from disclosure as required by law, including under the Information Practices Act (Cal. Civ. Code, § 1798, et seq.). Information that is claimed to be confidential should be submitted as provided in CARB's regulations for submitting confidential data, California Code of Regulations, title 17, section 91011.

This application form provides an accessible example on how to comply with the "Procedures for Exemption of Add-on and Modified Part(s) For On-Road Vehicles/Engines", adopted: June 29, 2021, and does not alter, amend, or modify the applicable statutes or regulations in any way. It does not provide any options for alternative compliance. In the event of any conflicting interpretation, the statutes and regulations control.
