Cap-and-Trade Dollars at Work Across California

California Climate Investments is a statewide program that puts billions of Cap-and-Trade dollars to work reducing greenhouse gas emissions, strengthening the economy, and improving public health and the environment, particularly in disadvantaged communities.

For an interactive map of investments statewide, visit caclimateinvestments.ca.gov.

Some projects are not located at a single address, and therefore could be attributable to multiple legislative districts. For projects that physically cross multiple legislative districts (e.g., transit projects), the entire project funding and other benefits are attributed to all relevant districts. For projects that report at the census tract level (e.g., vouchers, rebates, and household installations), the entire project funding and other benefits are attributed to a single district, determined by which district includes the majority of the census tract.

- enhanced ecosystems
- employment & economic development
- greater transit accessibility
- dollar savings

For an interactive map of investments statewide, visit caclimateinvestments.ca.gov.

Some projects are not located at a single address, and therefore could be attributable to multiple legislative districts. For projects that physically cross multiple legislative districts (e.g., transit projects), the entire project funding and other benefits are attributed to all relevant districts. For projects that report at the census tract level (e.g., vouchers, rebates, and household installations), the entire project funding and other benefits are attributed to a single district, determined by which district includes the majority of the census tract.
Cap-and-Trade Dollars at Work Across California

California Climate Investments is a statewide program that puts billions of Cap-and-Trade dollars to work reducing greenhouse gas emissions, strengthening the economy, and improving public health and the environment, particularly in disadvantaged communities.

$151.8 million
Cap-and-Trade dollars implemented within the District as of May 31, 2021

75%
of total funds invested within the District benefiting priority populations

16,281
projects, rebates, and vouchers implemented within the District

1,023,273
MTCO₂e estimated over reduction timeframe

Statewide Co-Benefits

- improved air quality
- reduced water use
- enhanced ecosystems
- employment & economic development
- greater transit accessibility
- dollar savings
