

# INVESTMENT HIGHLIGHTS ASSEMBLY DISTRICT 1

## Cap-and-Trade Dollars at Work Across California

California Climate Investments is a statewide program that puts billions of Cap-and-Trade dollars to work reducing greenhouse gas emissions, strengthening the economy, and improving public health and the environment, particularly in disadvantaged communities and low-income communities and households, collectively referred to as priority populations.

**\$690,761,622**

Cap-and-Trade funds implemented within the District through November 30, 2024

**20,991,226**

MTCO<sub>2</sub>e reductions estimated over project lifetimes

**51.30%**

of total funds invested within the District benefiting priority populations

**3,587**

tons of criteria air pollutant reductions estimated over project lifetimes

**3,011**

projects, rebates, and vouchers implemented within the District

### Statewide Co-Benefits

improved  
air quality

reduced  
water use

enhanced  
ecosystems

employment &  
economic development

greater transit  
accessibility

dollar  
savings

Some projects are not located at a single address, and therefore could be attributable to multiple legislative districts. For projects that physically cross multiple legislative districts (e.g., transit projects), the entire project funding and other benefits are attributed to all relevant districts. For projects that report at the census tract level (e.g., vouchers, rebates, and household installations), the entire project funding and other benefits are attributed to a single district, determined by which district includes the majority of the census tract.

## INVESTMENT HIGHLIGHTS ASSEMBLY DISTRICT 2

### Cap-and-Trade Dollars at Work Across California

California Climate Investments is a statewide program that puts billions of Cap-and-Trade dollars to work reducing greenhouse gas emissions, strengthening the economy, and improving public health and the environment, particularly in disadvantaged communities and low-income communities and households, collectively referred to as priority populations.

**\$392,096,378**

Cap-and-Trade funds implemented within the District through November 30, 2024

**3,872,133**

MTCO<sub>2</sub>e reductions estimated over project lifetimes

**69.70%**

of total funds invested within the District benefiting priority populations

**803**

tons of criteria air pollutant reductions estimated over project lifetimes

**6,479**

projects, rebates, and vouchers implemented within the District

#### Statewide Co-Benefits

improved  
air quality

reduced  
water use

enhanced  
ecosystems

employment &  
economic development

greater transit  
accessibility

dollar

High-Speed Rail is also using Cap-and-Trade dollars to electrify Caltrain from San Francisco to San Jose (AD 17, AD 22, AD 24, AD 25, and AD 27).

## Statewide Co-Benefits

improved  
air quality

reduced  
water use

enhanced  
ecosystems

employment &  
economic development

greater transit  
accessibility

dollar  
savings

Some projects are not located at a single address, and therefore could be attributable to multiple legislative districts. For projects that physically cross multiple legislative districts (e.g., transit projects), the entire project funding and other benefits are attributed to all relevant districts. For projects that report at the census tract level (e.g., vouchers, rebates, and household installations), the entire project funding and other benefits are attributed to a single district, determined by which district includes the majority of the census tract.

# INVESTMENT HIGHLIGHTS ASSEMBLY DISTRICT 23

## Cap-and-Trade Dollars at Work Across California

California Climate Investments is a statewide program that puts billions of Cap-and-Trade dollars to work reducing greenhouse gas emissions, strengthening the economy, and improving public health and the environment, particularly in disadvantaged communities and low-income communities and households, collectively referred to as priority populations.

**\$126,342,664**

Cap-and-Trade funds implemented within the District through November 30, 2024

**2,242,293**

MTCO<sub>2</sub>e reductions estimated over project lifetimes

**46.90%**

of total funds invested within the District benefiting priority populations

**7,474**

tons of criteria air pollutant reductions estimated over project lifetimes

**13,586**

projects, rebates, and vouchers implemented within the District

**High-Speed Rail**

\$3.9 billion expended toward completion of the High-Speed Rail system, including ongoing or planned activities in this District

### Statewide Co-Benefits

improved  
air quality

reduced  
water use

enhanced  
ecosystems

employment &  
economic development

greater transit

accessibility

dollar  
savings

Some projects are not located at a single address, and therefore could be attributable to multiple legislative districts. For projects that physically cross multiple legislative districts (e.g., transit projects), the entire project funding and other benefits are attributed to all relevant districts. For projects that report at the census tract level (e.g., vouchers, rebates, and household installations), the entire project funding and other benefits are attributed to a single district, determined by which district includes the majority of the census tract.

# INVESTMENT HIGHLIGHTS ASSEMBLY DISTRICT 44

## Cap-and-Trade Dollars at Work Across California

California Climate Investments is a statewide program that puts billions of Cap-and-Trade dollars to work reducing greenhouse gas emissions, strengthening the economy, and improving public health and the environment, particularly in disadvantaged communities and low-income communities and households, collectively referred to as priority populations.

**\$272,171,411**

Cap-and-Trade funds implemented within the District through November 30, 2024

**2,886,162**

Some projects are not located at a single address, and therefore could be attributable to multiple legislative districts. For projects that physically cross multiple legislative districts (e.g., transit projects), the entire project funding and other benefits are attributed to all relevant districts. For projects that report at the census tract level (e.g., vouchers, rebates, and household installations), the entire project funding and other benefits are attributed to a single district, determined by which district includes the majority of the census tract.

# INVESTMENT HIGHLIGHTS ASSEMBLY DISTRICT 66

## Cap-and-Trade Dollars at Work Across California

California Climate Investments is a statewide program that puts billions of Cap-and-Trade dollars to work reducing greenhouse gas emissions, strengthening the economy, and improving public health and the environment, particularly in disadvantaged communities and low-income communities and households, collectively referred to as priority populations.

**\$107,645,393**

Cap-and-Trade funds implemented within the District through November 30, 2024

**377,821**

MTCO<sub>2</sub>e reductions estimated over project lifetimes

**80.50%**

of total funds invested within the District benefiting priority populations

**205**

tons of criteria air pollutant reductions estimated over project lifetimes
