AIR RESOURCES BOARD

Resolution 77-19

May 25, 1977

WHEREAS, Section 39606 of the Health and Safety Code directs the Air Resources Board to divide the State into air basins based on meteorological and geographic conditions and with consideration for political boundary lines whenever practicable;

WHEREAS, Sections 60109(b) and 60110 of Title 17 of the California Administrative Code designate part of San Diego County as the San Diego Air Basin, and the remaining portion of the County as a part of the Southeast Desert Air Basin;

WHEREAS, on February 8, 1977 the Board of the San Diego County Air Pollution Control District requested the Air Resources Board to change the boundaries of the Southeast Desert and San Diego Air Basins so that all of San Diego County is in the San Diego Air Basin;

WHEREAS, on February 16, 1977 the Control Council of the Southeast Desert Air Basin adopted a resolution supporting the San Diego County Air Pollution Control District's request;

WHEREAS, the intent of the law (i.e., that political boundaries should be used for air basin boundaries whenever practicable) would be served if the boundary between the Southeast Desert Air Basin and the San Diego Air Basin were to be made the same as the boundary between San Diego County, and Riverside and Imperial Counties; and

WHEREAS, the meteorological and geographic factors which originally justified placing a portion of San Diego County in the Southeast Desert Air Basin are outweighed by the administrative and cost advantage of changing the air basin boundaries, so that all of San Diego County is in the San Diego Air Basin;

NOW, THEREFORE, BE IT RESOLVED, that effective July 1, 1977, Section 60109(b) of Title 17 of the California Administrative Code is deleted (with the appropriate renumbering of the subsequent subsections), and that Section 60110 is amended to read: "San Diego Air Basin. All of San Diego County", as set forth in Exhibit A and attached hereto; and

BE IT FURTHER RESOLVED, that in taking this action, it is not the intent of the Air Resources Board to extend the existing Rules and Regulations that are applicable in the San Diego Air Basin, to the portion of the District that is now in the Southeast Desert Air Basin. When the term "San Diego Air Basin" is used in any of the District's existing Rules and Regulations, it shall continue to mean the air basin as it was before the boundary change was made, until the District holds a public hearing to consider amending such Rules and Regulations.
