

State of California
AIR RESOURCES BOARD

Resolution 95-8

WHEREAS, Brian P. Bilbray has served as a member of the State Air Resources Board (Board) representing the San Diego County Air Pollution Control District since his appointment, June 12, 1989;

WHEREAS, during his tenure, Brian supported the pioneering efforts of the Board in the field of air pollution control, including the introduction of programs to require the use of clean vehicles and clean fuels and less polluting consumer products;

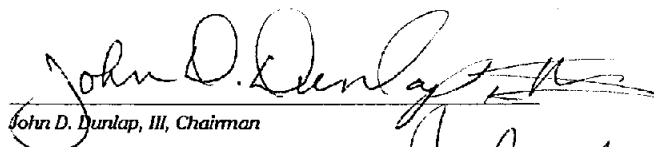

WHEREAS, with the instincts of a surfer, Brian always sought the perfect balance between the need to protect the health of Californians by cleaning up the air with the need to protect the legitimate interests of business, small and large, as the engine of the State's economy and as a source of jobs for the citizens of this State;

WHEREAS, Brian was outspoken in his concern for and brought to the Air Resources Board a thorough understanding of the interests and needs of San Diego County as a result of its unique location sharing an international border with Mexico, and within the State, as the downwind neighbor of the area with the most severe air pollution problems in the United States;

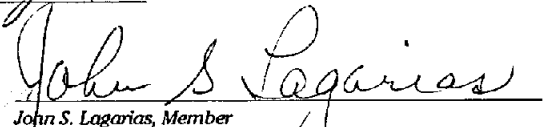

WHEREAS, like the best of sailors, Brian always understood and effectively used the knowledge that it is not necessary to go where the wind blows to use its power to get to where you want to go;

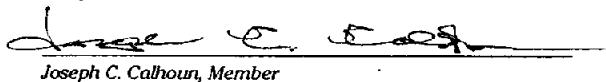

WHEREAS, Brian is leaving the Board to continue his service to the citizens of San Diego as a Member of the United States House of Representatives;

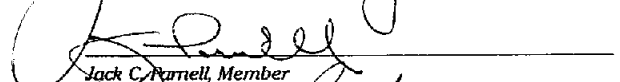

NOW, THEREFORE, BE IT RESOLVED that the Board will miss Brian and expresses its deep appreciation for his efforts over the years to clean the air in California and wishes him every success in Congress.
