SUBJECT: Additional information for “Public Notice Regarding Availability of Modified Text for Regulation to Limit Ozone Emissions from Indoor Air Cleaning Devices” dated June 30, 2008.

Yesterday, we mailed to you a “Notice of Public Availability of Modified Text and Availability of Additional Documents” for our indoor air cleaning device regulation. That Notice discusses changes we have made to our proposed regulation in response to our Board’s decision at the September 27, 2007 public hearing, and includes copies of the proposed final regulation language, the final Section 37 of UL Standard 867, and other materials for your review. Appendix I to the Notice was the Final Resolution approved by our Board after the September 27, 2007 hearing. Attachment B to the Final Resolution was inadvertently left out of the package mailed to you. That Attachment is enclosed.

The Notice and other materials sent to you by mail also are available on our regulation website at <http://www.arb.ca.gov/regact/2007/iacd07/iacd07.htm>. Written comments on the modifications approved by the Board may be submitted by postal mail, electronic mail, or facsimile as follows:

Postal mail: Clerk of the Board
Air Resources Board
1001 I Street
Sacramento, California 95814

Electronic mail: <http://www.arb.ca.gov/lispub/comm/bclist.php>

Facsimile submittal: (916) 322-3928

Due to the one-day delay in mailing Attachment B to you, comments may be submitted until 5:00 p.m. July 16, 2008.

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.
