

State of California
AIR RESOURCES BOARD

Executive Order R-14-013

*Relating to Amendments to the Airborne Toxic Control Measure to Limit
Diesel-Fueled Commercial Motor Vehicle Idling*

WHEREAS, on December 12, 2013, the Air Resources Board (ARB or Board) conducted a public hearing to consider the proposed amendments to the Airborne Toxic Control Measure to Limit Diesel-Fueled Commercial Motor Vehicle Idling, as set forth in Appendix I-D to the Initial State of Reasons released to the public on October 23, 2013;

WHEREAS, the environmental analysis prepared under ARB's regulatory program certified under Public Resources Code section 21080.5 of the California Environmental Quality Act (CEQA; California Code of Regulations, title 14, section 15251(d)) in the Staff Report concluded that the amendments will not result in any significant adverse impacts on the environment;

WHEREAS, following the public hearing, the Board adopted Resolution 13-53 in which the Board approved for adoption amendments to section 2485, title 13, California Code of Regulations, as set forth in Attachment A of the resolution;

WHEREAS, Resolution 13-53, directed the Executive Officer to make any additional conforming modifications deemed appropriate available for public comment, with any additional supporting documents and information, for a period of at least 15 days. The Executive Officer was directed to consider written comments submitted during the public review period and make any additional appropriate conforming modifications available for public comment for at least 15 days, and to take final action to adopt the regulation after addressing all appropriate modifications or present the regulation to the Board for further consideration if warranted;

WHEREAS, modified regulatory language and supporting documentation were circulated for 15-day public comment period, with the changes to the originally proposed text clearly indicated, according to provisions of California Code of Regulations, title 1, section 44 and Government Code section 11340.85. The comment period was from May 27, 2014 through June 11, 2014;

WHEREAS, a number of written comments were received during the initial 45-day comment period and supplemental 15-day comment periods, and those comments were considered by the Executive Officer;

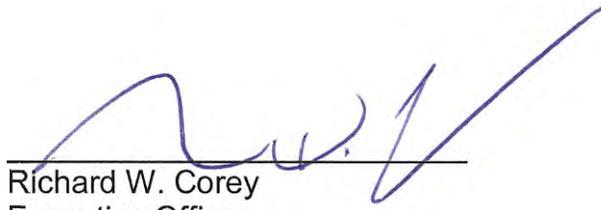

WHEREAS, based on substantial evidence in the record there is no possibility the modifications to the regulation made available for 15 day public comment period after the Board hearing could affect the conclusion of the environmental analysis included in the Staff Report, so no additional environmental analysis was required and no additional comments raising significant environmental issues were received.

NOW, THEREFORE, IT IS ORDERED that the recitals and findings contained in Resolution 13-53 are incorporated herein.

IT IS FURTHER ORDERED that section 2485, title 13, California Code of Regulations, are adopted as set forth in Attachment 1 to this Order.

IT IS FURTHER ORDERED that the adopted regulatory text may be further revised with non-substantial or grammatical changes, which will be added to the rulemaking record and indicated as such.

Executed this 21 day of October, 2014 at Sacramento, California.

Richard W. Corey
Executive Officer
