Mechanisms

§ 95835. Changes to Entity Type and Reassignment of Facilities Already Registered to Different Entity Accounts.

(b) Change of Facility Ownership. When the ownership of a facility changes, whether by merger, acquisition, or any other means, the successor entity after the change in ownership is expressly liable for the unsurrendered compliance obligation of the predecessor covered entity that is party to the change in ownership transaction. For the avoidance of doubt, the unsurrendered compliance obligation of the predecessor covered entity consists of the quantity of verified reported emissions, assigned emissions, and emissions that have been released from the subject facility but not reported yet for which the covered entity would be required to submit compliance instruments to CARB absent the change of ownership, but that the covered entity has not surrendered to CARB at the time of the change of ownership. Subarticle 7 compliance requirements are interpreted and enforced in light of the successor entity being expressly liable for the unsurrendered compliance obligation of the predecessor covered entity. When the ownership of a facility changes, the following information must be submitted to CARB within 30 calendar days of finalization of the ownership change:
