## Notice of Public Meeting to Consider Assembly Bill 617 Community Air Protection Program – Community Emissions Reduction Program for Southeast Los Angeles

The California Air Resources Board (CARB or Board) will conduct a public meeting at the time and place noted below to consider the Community Emissions Reduction Program for the Southeast Los Angeles community.

Date: May 20, 2021

Time: No earlier than 4:00 p.m.

Please see the Public Agenda which will be posted ten days before the May 20, 2021, Board Meeting for any appropriate direction regarding a possible remote-only Board Meeting. If the meeting is to be held in person, it will be held at the California Air Resources Board, Byron Sher Auditorium, 1001 I Street, Sacramento, California 95814.

This item will be considered at the meeting of the Board, which will commence at 11:00 a.m., May 20, 2021. Please note that the AB 617 Community Air Protection Program Board item will start no earlier than 4:00 p.m. on May 20, 2021. Please consult the agenda for the meeting to determine when this item will be considered.

### Background

Assembly Bill (AB) 617 (C. Garcia, Chapter 136, 2017), signed into law in July 2017, requires new community-focused actions to reduce air pollution and improve public health in communities that experience disproportionate burdens from exposure to air pollutants. To implement this statute, CARB established the Community Air Protection Program (Program). At its September 27, 2018, hearing, the Board approved the “Community Air Protection Blueprint” (Blueprint), which contains detailed requirements for community emissions reduction programs, community air monitoring plans, and other elements of the Program. ([Resolution 18-33](#).) At the same meeting, the Board also selected the first ten communities to implement community emissions reduction programs, community air monitoring, or both. Since then, the Board has selected five additional communities for these targeted local actions.

Once CARB selects a community to develop a community emissions reduction program, the local air district must work with the community to develop and adopt a community emissions reduction program. Subsequently, the air district must submit the community emissions reduction program to CARB for consideration.

CARB selected the community of Southeast Los Angeles for a community emissions reduction program on December 13, 2019. The South Coast Air Quality Management District (South Coast AQMD) worked with a community steering committee to develop the Southeast Los Angeles Community Emissions Reduction Plan (Plan) to reduce exposure to air pollution in the community. The South Coast AQMD Governing Board adopted the Plan on December 4, 2020.

CARB staff reviewed the Plan to determine whether it: complies with the minimum criteria the legislation and the Blueprint established for community emissions reduction programs; reflects community priorities; and sets a foundation to deliver emissions and exposure reductions in Southeast Los Angeles. CARB staff also held a virtual community meeting on April 6, 2021, to hear directly from Southeast Los Angeles community members and other stakeholders on their perspectives on the Plan. CARB staff released the *Southeast Los Angeles Community Emissions Reduction Program Staff Report*, which contains a summary of the review and staff recommendations to the Board.

## Proposed Action

The Board will hear about the contents of the Plan and consider CARB staff's recommendations for Board action contained in the Southeast Los Angeles Community Emissions Reduction Program Staff Report. Copies of the report may be obtained from CARB's website at <https://ww2.arb.ca.gov/capp> beginning April 23, 2021. Because of current travel, facility, and staffing restrictions, the California Air Resources Board's offices have limited public access. Please contact Bradley Bechtold, Regulations Coordinator, at [Bradley.bechtold@arb.ca.gov](mailto:Bradley.bechtold@arb.ca.gov) or (916) 322-6533 if you need physical copies of the report.

Interested members of the public may present comments orally or in writing at the meeting and may provide comments by postal mail or by electronic submittal before the meeting. To be considered by the Board, written comments not physically submitted at the meeting must be received **no later than May 10, 2021**, and addressed to the following:

Postal mail: Clerks' Office, California Air Resources Board  
1001 I Street, Sacramento, California 95814

Electronic submittal: <http://www.arb.ca.gov/lispub/comm/bclist.php>

Please note that under the California Public Records Act (Government Code section 6250 et seq.), your written and oral comments, attachments, and associated contact information (e.g., your address, phone, email, etc.) become part of the public record and can be released to the public upon request.

CARB requests that written statements on this item be filed at least ten days prior to the meeting so that CARB staff and Board members have additional time to consider

each comment. Further inquiries regarding this matter should be directed to Liliana Nunez, Air Pollution Specialist, at (951) 405-4510.
