

# Appendix E

**List of Public Workshops, Technical Work Group Meetings, Conference Calls, Video Conferences, and Site Visits Supporting the Public Process for Development of the Proposed Amendments (Pre-Regulatory Information)**

**The Proposed Amendments to the Airborne Toxic Control Measure for Chromium Electroplating and Chromic Acid Anodizing Operations**

Date of Release: November 29, 2022

Date of Hearing: January 26, 2023

As of September 2022, staff have conducted more than 90 meetings with members of impacted communities, environmental justice advocates, air districts, industry stakeholders (including OEM, chemical manufacturers, the U.S. Environmental Protection Agency (EPA), and the European Union (EU)). Meeting formats included public workshops, work group meetings, community meetings, informal meetings, phone calls, and site visits with stakeholders.

The meetings were held virtually using the Teams or Zoom platforms, site visits to facilities, and conference calls. At these meetings, staff discussed draft concepts and solicited input from all affected stakeholders.

Table 1 provides a list of the public workshops, work group meetings, community meetings, informal meetings, conference calls, video conferences, and site visits conducted during the development process for the Proposed Amendments.

**Table 1. List of Public Workshops, Technical Work Group Meetings, Conference Calls, Video Conferences, and Site Visits**

<b>Date</b>	<b>Purpose of Meeting</b>	<b>Primary Meeting Attendees</b>	<b>Type of Meeting</b>	<b>Location of Meeting</b>
