ERRATA

STAFF REPORT:
INITIAL STATEMENT OF REASONS FOR PROPOSED RULE MAKING
PUBLIC HEARING TO CONSIDER THE AMENDMENT OF
STATIONARY SOURCE TEST METHODS

Date of Release: July 13, 1998
Scheduled for Consideration: August 27, 1998

Location:
Air Resources Board
Hearing Room, Lower Level
2020 L Street
Sacramento, California

Air Resources Board
P.O. Box 2815
Sacramento, CA 95812

This errata corrects Appendix 1 of the Staff Report: Initial Statement of Reasons. Appendix 1 inadvertently failed to show the amended text for Title 17, California Code of Regulations, section 94137, which incorporates by reference Method 16A. Appendix 1, made available on July 10, 1998, did, however, include the text of the Method 16A, which showed the amendments with deletions indicated in graphic screen and additions indicated in underline. This errata corrects Appendix 1 by showing the amended text for Title 17, California Code of Regulations, section 94137. Appendix 1 is otherwise the same as released on July 10, 1998.

APPENDIX 1 (ERRATA)

PROPOSED MODIFICATIONS TO CALIFORNIA CODE OF REGULATIONS

Errata: The errata includes the amended text of section 94137, Title 17, California of the Regulations. Appendix 1 is otherwise the same as released on July 10, 1998.

Note: **Graphic screen** indicates deleted text; Underline indicates inserted text.

94137. Method 16A - Total Reduced Sulfur Emissions.

The test method for determining reduced sulfur emission is set forth in the Air Resources Board's Method 16A, Determination of Total Reduced Sulfur from Stationary Sources (Impinger Technique), adopted January 22, 1987, as last amended [Insert date of amendment], which is incorporated herein by reference.
