Administrative Requirements to Participate in Auction
Prior to applying to participate in an auction, an entity or individual must have an approved account in the Compliance Instrument Tracking System Service (CITSS) and the individuals that will be authorized to submit an application or confirm an intent to bid for the entity, and/or bid on behalf of the entity must be approved as either the Primary Account Representative (PAR) or an Alternate Account Representative (AAR) on that account. Voluntarily associated entities that are participating in the auction as individuals will be required to submit additional documentation to the Financial Services Administrator as contained in Appendix A of the Regulation.

Additionally, in order to participate in the August 2014 auction, the PAR or an AAR must select the “Auction Participation” box in CITSS to allow CITSS account information to be transferred to the Auction and Reserve Sale Administrator (Auction Administrator) and Financial Services Administrator. To ensure an active Auction Platform account throughout the auction until allowances are transferred and the auction is closed, the “Auction Participation” box must remain selected. Additional information about administrative requirements and auction participation is provided in Attachment A of this Notice available at http://www.arb.ca.gov/cc/capandtrade/auction/august-2014/auction_notice_attachment_a.pdf.

Procedures for Conducting the Auction
The August 2014 auction will be conducted using an electronic, internet-based Auction Platform that bidders use to submit their bids in a single-round, sealed-bid auction format. Bid quantities can only be submitted in multiples of 1,000 California GHG allowances. Bids for both the Current Auction and the Advance Auction will be accepted during the same 3-hour bidding window.

Beginning with the highest bid and proceeding to successively lower bids, entities submitting bids at each price will be awarded allowances. The settlement price for all allowances will be the lowest price at which the entire supply of allowances is exhausted or the reserve price, whichever is reached first.

Current and future vintage allowances will be sold in separate auctions. Bids for both auctions will be accepted during the same 3-hour bidding window. The settlement price for the Current Auction will be determined first, followed by the determination of the settlement price for the Advance Auction. Examples of how auctions are settled are provided in Attachment B of this Notice available at http://www.arb.ca.gov/cc/capandtrade/auction/august-2014/auction_notice_attachment_b.pdf.
Form and Manner for Submitting Bids
The August 2014 auction includes the opening of the 3-hour bidding window in the Auction Platform at 10:00 AM PT and the closing of the window at 1:00 PM PT on August 18, 2014. A countdown clock in the Auction Platform will indicate the amount of time until the start of the bidding window and once the auction begins, the amount of time left in the bidding window. Participants will be able to submit bids manually and upload bid schedules in a pre-defined Excel template in the Auction Platform during the 3-hour bidding window. Additional information on submitting bids is included in Attachment A of this Notice.
