

Agenda

1. Welcome and Introductions (10 min)
2. Ground rules (5 min)
3. Calendaring next meetings (5 min)
4. SB 1383 Overview (20 min)
5. Mission Statement review (20 min)
6. Upcoming meeting objectives/discussion (20 min)
7. Open discussion/other items (20 min)
8. Public comments (15 min)
9. Next steps (5 min)

Welcome and Introductions

Introductions

Digester Committee Members

ampCNG	Grant Zimmerman
BioGas Energy	Brian Gannon
Black Bear Assets	Peter Drasher
CA Natural Gas Vehicle Coalition	Thomas Lawson
CA Trucking Association	Chris Shimoda
California Bioenergy	Neil Black
California Dairy Campaign	Lynne McBride
Central CA Asthma Collaborative	Kevin Hamilton
Climate Trust	Peter Weisberg
Fresno County Rural Transit Agency	Moses Stites
GNA	Cliff Gladstein
Kern C. Planning	Lorelei Oviatt
Low Carbon Fuels Coalition	Graham Noyes
Maas Energy	Geovany Osorio
Milk Producer's Council	Kevin Abernathy
Pacific Gas & Electric Company	Fariya Ali
Ruan	Steve Larsen
Trillium	Bill Zobel
<hr/>	
CALSTART	Ryan Schuchard (co-chair)
Dairy Cares	Michael Boccadoro (co-chair)
Sothorn California Gas Company	Jim Lucas (co-chair)

Introductions

The screenshot shows the California Environmental Protection Agency Air Resources Board website. The page is titled "Dairy and Livestock Working Group" and is dated Friday, June 23, 2017. The page features a navigation menu with links for Home, Reducing Air Pollution, Air Quality, Business Assistance, Laws & Regulations, and Health. A search bar is located in the top right corner. The main content area includes a section for "Purpose of Dairy/Livestock Working Group" which discusses short-lived climate pollutants (SLCPs) and the formation of subgroups. There are also sections for "Upcoming Meetings" and "Kickoff Meeting Documents".

Purpose of Dairy/Livestock Working Group

Short-lived climate pollutants (SLCPs) are powerful climate forcers that remain in the atmosphere for shorter periods of time than carbon dioxide but can be tens to thousands of times more potent. Senate Bill 605 (Lara, Chapter 523, Statutes of 2014) and 1383 (Lara, Chapter 395, Statutes of 2016) directed ARB and other agencies to develop and implement strategies to reduce the three main SLCPs: methane, black carbon, and hydrofluorocarbons. Senate Bill 1383 contains detailed requirements for the reduction of methane emissions from landfills and the dairy and livestock sector. To facilitate development of measures to reduce dairy and livestock emissions, SB 1383 requires ARB to work with a broad range of stakeholders to identify and address technical, market, regulatory, and other challenges and barriers to the development of dairy methane emissions reduction projects. In keeping with this requirement, ARB, the California Department of Food and Agriculture, the California Energy Commission, and the California Public Utilities Commission convened a Dairy and Livestock Working Group.

At its kickoff meeting on May 23, 2017, the Working Group formed subgroups to develop policy recommendations in the three areas described below:

Subgroups

Subgroup #1: *Fostering Markets for Non-Digester Projects*

Subgroup #2: *Fostering Markets for Digester Projects*

Subgroup #3: *Research Needs, Including Enteric Fermentation*

Kickoff Meeting Documents

Revised Agenda and Presentation Slides ([link to SLCP Homepage](#))

Upcoming Meetings

- Kickoff meeting for Subgroup #2 (*Fostering Markets for Digester Projects*) scheduled for June 26, 2017. More information for this subgroup meeting (and any future meetings) will be posted here and at the respective subgroup webpages below.
