About the Strategic Growth Council

Our Vision

We advance California’s collaborative efforts to shape how and where we grow, working to achieve equitable and resilient communities and landscapes for all Californians.

Our Mission

The Strategic Growth Council (SGC) coordinates the activities of State agencies and partners with stakeholders to promote sustainability, economic prosperity, and quality of life for all Californians.
Strategic Growth Council Programs

- Transformative Climate Communities
- Affordable Housing and Sustainable Communities
- Sustainable Agricultural Lands Conservation
- Climate Change Research
- Health in All Policies
- Technical Assistance
- Proposition 84 Programs
2016 GHG Emissions by Sector

- 41% · Transportation
- 23% · Industrial
- 10% · Electricity in State
- 6% · Electricity Imports
- 8% · Agriculture
- 7% · Residential
- 5% · Commercial
- <1% · Not Specified

2016 TOTAL CA EMISSIONS: 429.4 MMTCO$_2$e
Why do we drive so much?

- Lack of location efficient housing
- Lack of quality low-carbon transportation options
AHSC Program Vision

- Funds infill projects that reduce Greenhouse Gas (GHG) emissions and Vehicle Miles Traveled (VMT) through sustainable land use, housing, and transportation practices.

- Increasing accessibility of housing, employment centers and key destinations through low-carbon transportation options such as walking, biking and transit.
AHSC Program Accomplishments

• 79 Projects totaling over $697 Million of investments funded across state

- Over 6,200 Affordable Units
- 1.6 Million Metric Tons of CO2e
- Approximately 11,600 Less Cars

Determined Competitively

Total Funds

108,900 MT CO2e
Overview: People, Prosperity is a community-driven movement to achieve measurable and sustainable neighborhood transformation through innovative implementation of GHG reduction projects. This proposal will cultivate a slate of community-identified activities that have been woven together in a robust program to equitably build upon the strengths of our community and will advance long-term solutions. Through a collaborative, community-based governance structure, we will implement projects which add affordable housing, integrate a network of pedestrian/bicycle facilities with high quality public transportation options, increase energy conservation, enhance food security, and create high quality, green jobs. In challenging epistemic ideas of “disadvantaged” communities, this proposal will foster a thriving, resilient community, built to succeed in California’s green economy.

**GOALS**
- Equitable Housing & Neighborhood Development
- Enhanced Transit Access and Mobility
- Convert to Decarbonized Energy/Efficiency
- Divert Waste through Materials Management
- Expand Urban Greening/Infrastructure
- Improved Health & Well-being
- Workforce Development & Education

**PROJECT TYPES**
- AHSC Affordable Housing & Supportive Communities
- 101 Affordable Units
- RNG Busing to Reduce Haul Fees
- 5 Pedestrian-Bike Shelters
- Downtown Mobility Hub
- 10.5 Miles of Multi-Purpose Bike Path
- 100 Bus Passes for Residents of the Virginia Highland Business
- Transit Training
- LCTOP Low Carbon Transit Operations
- 100 Bus Passes for Project Area Residents
- Transit Training for Project Area Residents
- Heavy Improvements to Omnitrans Route R3
- Urban Forestry
- Plant 365 Trees throughout the Project Area
- LIWP Low-Income Workforce Program
- Ontario Shares 340 KEVDC Solar on Multi-Unit Housing within the Project Area
- 180 Solar Systems on Single-Family Homes
- Job Training & Solar Career Pathway for Project Area Residents
- Organics
- Closed Loop Urban Recycling Program
- Create Compost and Healthy Food for Project Area
- Agricultural Jobs
- ATP Active Transportation Program
- 435 Linear Feet of Pedestrian Improvements
- Downtown Connector - 1.06 Miles of Class II (8)
- 3.6 Meters Bollard & Pedestrian Improvements (3 Miles Class IV, 3 Miles Pedestrian Improvements, Including Landscaping and Bike Racks)
- Jobs
- Small Business Support Program to Attract & Retain Businesses
- Small Business Incubator Space
- Maker Space
- Connecting Residents to Job Opportunities (Healthcare, Greens Initiative)
- Educational Opportunities & Job Placement
- Health
- Educate & Equip Residents to Pursue Healthy Lifestyles
- Residents are Informed, Connected & Empowered
