

Air Resources Board AB 32 Scoping Plan
Program Design Technical Stakeholder Working Group Meeting

March 17, 2008

1:30 p.m. to 5:00 p.m.

Coastal Hearing Room, 2nd floor of the Cal/EPA Headquarters Building
1001 "I" Street in Sacramento, CA

This is the third in an ongoing series of program design technical stakeholder meetings. These meetings are being conducted to provide interested stakeholders the opportunity to provide specific technical input concerning various elements of the program design that may become part of the AB 32 Scoping Plan.

The specific focus of this meeting will be to examine the issue of allocation of allowances in a possible cap-and-trade system.

The topic of "allocation" includes discussion of issues such as auctioning vs. free allocation. A briefing paper on the subject will be released prior to the meeting.

Additional materials and an agenda will be posted prior to the meeting at ARB's Climate Change web page for the program design technical stakeholder meetings (<http://www.arb.ca.gov/cc/scopingplan/pgmdesign-sp/meetings/meetings.htm>) and made available in hard copy at the meeting. At this website, you may also join our electronic mailing list to receive further notices of ARB activities and public meetings related to the implementation of AB 32.
