ATTACHMENT 3
Conditional Verification Letter 11-661-835

Label for the Cleaire Phoenix System

Notes:

- Month and year of manufacture are not included. This information is readily obtained from Cleaire by reference to the serial number. To distinguish from the original version of the Phoenix system, the system corresponding to conditional verification letters 09-661-361, 10-661-541, 10-661-726, and 11-661-835 will begin with serial number 087201.

- The labels that are attached to the Phoenix and engine are identical. The figures below illustrate typical installations: one on the electronic controller’s wiring harness, the other on an engine stud (for illustrative purposes only: please disregard the information shown on the labels in the figures).
A label similar to the one shown below is permanently attached to the diesel particulate filter.
