

Labels for the CDTi Purifier™ EGR System

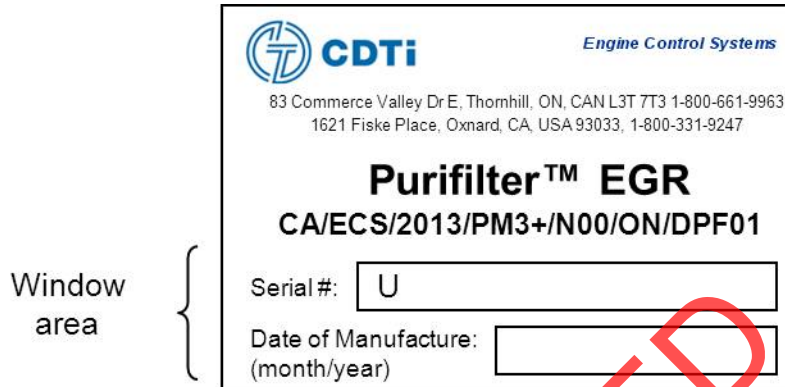

**Figure 1: Product Label “A”: Top Level with Verification Information
(stainless steel)**

Notes on Product Label:

- Attached to DPF as shown in
- Product PCSXX or DCSXX; XX = Purifier EGR Model / Filter Size / single or dual DPF exhaust
- Part Number*: If sold as a complete system, the Part Number begins with an A76M prefix. If supplied as a spare centerbody or warranty replacement, it would have a C19E pre-fix in the part number. XXXX= numeral from 0 thru 9.
- Serial Number Pre-fix “U” on all A76M system or C19E spare filters will denote ARB warranted product if returned under warranty claim to ECS. XXXXX= numerals from 1 thru 9
- Serial Number Pre-fix will also denote which Verification Order was applicable to product
- Serial Number also links to Date of Mfr in ECS internal records
- ADB 9 represents filter lot code

**Figure 2: Engine Label with Verification Information
(foil / plastic composite)**

Notes on Engine Label :

- Serial Number and Date of Mfr will be under adhesive window allowing installer to transfer information from product label- instructions will be provided in product manual
- label complies with all ARB requirements
- Dual DPF Systems will have both applicable serial numbers and date of manufacture written into the window
