

## SETTLEMENT AGREEMENT AND RELEASE

This SETTLEMENT AGREEMENT AND RELEASE (hereinafter "Agreement") is entered into between the STATE OF CALIFORNIA AIR RESOURCES BOARD (hereinafter "ARB") 1001 I Street, Sacramento, California 95814, and NOLL NORWESCO LLC (hereinafter "NOLL NORWESCO"), 1780 Industrial Drive Stockton, California 95206.

### I. RECITALS

- (1) California Health and Safety Code section 44011.6 (HSC § 44011.6) established the Heavy-Duty Vehicle Inspection Program (HDVIP). It authorizes ARB to inspect on-road heavy-duty vehicles for excessive smoke emissions and engine tampering and to issue citations accordingly. The program also requires the vehicle owner to repair its engines that exceed the prescribed ARB smoke opacity standards, perform a post-repair opacity test, and submit proof of repairs and any assessed penalties under the regulations of the HDVIP, chapter 3.5, California Code of Regulations, title 13, sections 2180-2188 (13 CCR §§ 2180-2188).
- (2) HSC § 43701 provides that ARB shall adopt regulations that require owners or operators of heavy-duty diesel motor vehicles to perform regular inspections of their vehicles for excessive smoke emissions.
- (3) 13 CCR § 2190 *et seq.* were adopted under the authority of HSC § 43701 and, with limited exceptions, which are not applicable here, apply to all heavy-duty diesel powered vehicles with gross vehicle weight ratings greater than 6,000 pounds that operate on the streets or highways within the State of California.
- (4) 13 CCR § 2190 *et seq.* authorize the Periodic Smoke Inspection Program (PSIP) which requires the owners and operators of California based vehicle fleets of two or more heavy-duty diesel motor vehicles with gross vehicle weight ratings greater than 6,000 pounds that operate on the streets or highways within the State of California to conduct annual smoke opacity inspections of their vehicles equipped with engines that are four years old or older.
- (5) 13 CCR § 2192(a) requires inter alia that the owner of the vehicle "[t]est the vehicle for excessive smoke emissions periodically according to the inspection intervals specified in section 2193(a), (b), and (c)", "[m]easure the smoke emissions for each test...", "[r]ecord the smoke test opacity levels and other required test information as specified in section 2194..." and "[k]eep the records specified in section 2194 for two years after the date of inspection."
- (6) HSC § 43016 states, "Any person who violates any provision of this part, or any order, rule, or regulation of the state board adopted pursuant to this part, and for which there is not provided in this part any other specific civil penalty or fine, shall

be subject to a civil penalty of not to exceed five hundred dollars (\$500.00) per vehicle.”

- (7) ARB considers testing, measuring, recording, and recordkeeping to be critical components in reducing excessive smoke emissions from these heavy-duty vehicles.
- (8) ARB contends NOLL NORWESCO failed to test, measure, record, and maintain records of smoke emissions for its fleet of heavy-duty diesel vehicles for years 2014 and 2015 in violation of 13 CCR § 2190 *et seq.*
- (9) 13 CCR § 2183(c) states that “No 1974 or newer diesel powered heavy-duty commercial vehicle shall operate in California without evidence that, at the time of manufacture, the installed engine met emission standards at least as stringent as applicable federal emission standards for the model year of the engine”. ARB shall base its determination on whether an engine meets the above requirements by inspecting the Emission Control Label (ECL) affixed to the vehicle’s engine.
- (10) ARB has documented that NOLL NORWESCO failed to provide evidence that their vehicles have ECLs attached to the engines of heavy-duty diesel vehicles in its fleet in violation of HSC § 44011.6, and 13 CCR § 2183, *et seq.* Civil penalties for violation of the regulation covering ECLs have been set per 13 CCR § 2185(a)(2)(B) at \$300.00 per vehicle per violation.
- (11) HSC §§ 39650-39675 mandate the reduction of the emissions of substances that have been determined to be toxic air contaminants. In 1998, following an exhaustive ten-year scientific assessment process, ARB identified particulate matter (PM) from diesel-fueled engines as a toxic air contaminant. In-use on-road diesel vehicles are powered by diesel fueled engines that emit toxic PM. On-road vehicles are controlled under the Truck and Bus regulation, as codified in 13 CCR § 2025.
- (12) 13 CCR § 2025(e)(1)(B) states: “Starting January 1, 2012, for all vehicles with GVWR greater than 26,000 lbs, excluding school buses, fleets must meet the requirements of 13 CCR § 2025(g) or fleets that report may instead comply with the phase-in option of 13 CCR § 2025(i).”
- (13) Failure to comply with the requirements of 13 CCR § 2025 is a violation of state law resulting in penalties. HSC §§ 39674(a) and (b) authorize civil penalties for the violation of the programs for the regulation of toxic air contaminants not to exceed one thousand dollars (\$1,000.00) or ten thousand dollars (\$10,000.00), respectively, for each day in which the violation occurs.
- (14) NOLL NORWESCO has elected to meet the requirements of the Engine Model Year Compliance Schedule provided for in 13 CCR § 2025(g).

- (15) 13 CCR § 2025(g) requires that owners of diesel vehicles with a GVWR greater than 26,000 lbs. (heavier vehicles) meet PM Best Available Control Technology (BACT) requirements for all 1996 through 1999 model year engines by January 1, 2012, all 2000 through 2004 model year engines by January 1, 2013, and all 2005 and 2006 model year engines by January 1, 2014, and upgrade to a 2010 model year emissions equivalent engine for all 1994 and 1995 model year engines by January 1, 2016 .
- (16) ARB has documented that NOLL NORWESCO failed to meet PM BACT requirements for all 1996 through 1999 model year engines by January 1, 2012, all 2000 through 2004 model year engines by January 1, 2013, and all 2005 and 2006 model year engines by January 1, 2014, and failed to upgrade to a 2010 model year emissions equivalent engine for all 1994 and 1995 model year engines by January 1, 2016.
- (17) 13 CCR § 2025(r) sets forth the requirements for reporting all vehicles with engines subject to the regulation if the owner of a fleet has elected to utilize the the low-use vehicle provision of 13 CCR § 2025(p)(4).
- (18) 13 CCR § 2025(e)(8) states: "All information specified in 13 CCR § 2025(r) must be reported to the Executive Officer."
- (19) NOLL NORWESCO has elected to utilize the compliance provisions of 13 CCR § 2025(p)(4).
- (20) ARB has documented that NOLL NORWESCO failed to report a vehicle with engine subject to the regulation for which the fleet owner has elected to utilize the compliance options of 13 CCR § 2025(p)(4).
- (21) Title 13 CCR § 2025(x)(2) of the Truck and Bus Regulation provides that "Any in-state or out-of-state motor carrier, California broker, or any California resident who operates or directs the operation of any vehicle subject to this regulation shall verify that each hired or dispatched vehicle is in compliance with the regulation and comply with the record keeping requirements of section 2025(s)(4)."
- (22) Title 13 CCR § 2025(s)(4) of the Truck and Bus Regulation establishes the following recordkeeping requirements: "Bills of lading and other documentation identifying the motor carrier or broker who hired or dispatched the vehicle and the vehicle dispatched. The documentation shall include the name and contact information of the hiring business entity and vehicle information including license plate number, and other information." Title 13 CCR § 2025(x)(3) also provides compliance may be accomplished by keeping at the business location, a copy of

the Certificate of Reported Compliance with the In-Use On-Road Diesel Vehicle Regulation for each fleet.”

- (23) ARB has documented that NOLL NORWESCO, as a broker failed to verify that each fleet hired or dispatched was in compliance with the Truck and Bus Regulation and failed to comply with the record keeping requirements of section 2025(s)(4) in 2014 over an undetermined number of days, subjecting NOLL NORWESCO to civil penalties pursuant to HSC § 39674.
- (24) In order to resolve these alleged violations, NOLL NORWESCO has taken, or agreed to take, the actions enumerated below under "RELEASE". Further, ARB accepts this Agreement in termination and settlement of this matter.
- (25) In consideration of the foregoing, and of the promises and facts set forth herein, the parties desire to settle and resolve all claims, disputes, and obligations relating to the above-listed violations, and voluntarily agree to resolve this matter by means of this Agreement. Specifically, ARB and NOLL NORWESCO agree as follows:

## II. TERMS AND RELEASE

In consideration of ARB not filing a legal action against NOLL NORWESCO for the alleged violations referred to above, and NOLL NORWESCO's payment of the penalties set forth in Section 1 below, ARB and NOLL NORWESCO agree as follows:

- (1) Upon execution of this Agreement, the sum of sixty-five thousand seven hundred and fifty dollars (\$65,750.00) shall be paid on behalf of NOLL NORWESCO no later than March 14, 2017, as follows:
- \$49,313.00 payable to the **Air Pollution Control Fund**
  - \$16,437.00 payable to the **San Joaquin Valley Air Pollution Control District, for the School Bus and Diesel Emission Reduction SEP**

**Please send the signed Settlement Agreement and any future mailings or documents required per the terms of this Settlement Agreement to:**

**Mr. Ryman Simangan  
Air Pollution Specialist  
California Air Resources Board  
Enforcement Division  
P.O. Box 2815  
Sacramento, California 95812**

**Please send the payment along with the attached "Settlement Agreement Payment Transmittal Form" (Attachment A) to:**

**California Air Resources Board  
Accounting Office  
P.O. Box 1436  
Sacramento, California 95812-1436**

- (2) If the Attorney General files a civil action to enforce this settlement agreement, NOLL NORWESCO shall pay all costs of investigating and prosecuting the action, including expert fees, reasonable attorney's costs, and costs.
- (3) It is further agreed that the penalties described in "Terms and Release", paragraph 1 are punitive in nature, rather than compensatory. Furthermore, the penalty is intended to deter and punish NOLL NORWESCO for violations of state environmental statutes, and these penalties are payable to and for the benefit of ARB, a governmental unit. Therefore, it is agreed that these penalties imposed on NOLL NORWESCO by ARB arising from the facts described in recital paragraphs (1) through (24) are non-dischargeable under 11 United States Code § 523 (a)(7), which provides an exception from discharge for any debt to the extent such debt is for a fine, penalty or forfeiture payable to and for benefit of governmental unit, and is not compensation for actual pecuniary loss, other than certain types of tax penalties.
- (4) NOLL NORWESCO shall not violate HSC §§ 43701 *et seq.*, 44011.6 *et seq.*, and 13 CCR §§ 2180 *et seq.*, 2190 *et seq.*, and 2485 *et seq.*
- (5) NOLL NORWESCO shall comply with one or both of the following options to attend the California Council on Diesel Education and Technology (CCDET I) class, (SAE J1667 Snap Acceleration Smoke Test Procedure for Heavy-Duty Diesel Powered Vehicles) as described on the ARB webpage at <http://www.arb.ca.gov/enf/hdvip/ccdet/ccdet.htm>. This class is conducted by various California Community Colleges and instructs attendees on compliance with the PSIP, the ECL regulation and the HDVIP.
  - (a) NOLL NORWESCO shall have the fleet maintenance manager (or equivalent) and all staff performing opacity tests for compliance with PSIP and the HDVIP attend the CCDET I class. Proof of CCDET I completion shall be provided to ARB within six months of the date of this Agreement and be maintained in each applicable employee's file for the term of his or her employment.
  - (b) If NOLL NORWESCO uses a contractor to perform the annual smoke opacity testing required under the PSIP, in addition to having the fleet maintenance manager (or equivalent) attend the CCDET I course, NOLL NORWESCO

shall obtain proof that the contractor's staff conducting the smoke opacity tests completed the CCDET I course within the past four years. This proof of CCDET I completion shall be provided to ARB with PSIP records as required by this Agreement and be maintained with the annual PSIP records.

- (6) NOLL NORWESCO shall comply with the following options to attend the CCDET II class (Diesel Exhaust After Treatment and Maintenance), described on the ARB's webpage <http://www.arb.ca.gov/enf/hdvip/ccdet/ccdet.htm>. This class is conducted by various California Community Colleges and instructs attendees on California's emission regulations and the proper care and maintenance of diesel exhaust after-treatment systems (DEATS).
- (a) NOLL NORWESCO shall have the fleet maintenance manager (or equivalent) and all staff responsible for maintenance of DEATS attend the CCDET II class. Proof of CCDET II completion shall be provided to ARB within six months of the date of this Agreement and also be maintained in each applicable employee's file for the term of his or her employment.
- (b) In case NOLL NORWESCO uses a contractor for the maintenance of DEATS, in addition to having the fleet maintenance manager (or equivalent) attend the CCDET II course, NOLL NORWESCO shall obtain proof that the contractor's staff maintaining the DEATS device(s) completed the CCDET II course within the last four years. This proof of the CCDET II completion shall be provided by NOLL NORWESCO to ARB within six months of the date of this settlement and be maintained with the DEATS installation and maintenance records.
- (c) In case NOLL NORWESCO is unable to find a CCDET II certified contractor within a radius of 25 miles from its yard for the maintenance of DEATS, in addition to having the fleet maintenance manager (or equivalent) attend the CCDET II course, NOLL NORWESCO shall contract only with the authorized verified diesel emission control strategy installer(s) or original equipment manufacturer distributor(s) for the maintenance of DEATS. The proof of the CCDET II completion for the fleet maintenance manager (or equivalent) shall be provided by NOLL NORWESCO to ARB within six months of the date of this settlement and be maintained with the DEATS installation and maintenance records.
- (7) NOLL NORWESCO shall submit copies of all PSIP compliance records for the years 2017 and 2018 to ARB by January 31 of the following year. **Copies shall be addressed to the attention of Mr. Ryman Simangan, Air Pollution Specialist, California Air Resources Board, Enforcement Division, P.O. Box 2815, Sacramento, California 95812.** ARB reserves the right to visit any NOLL NORWESCO fleet location at any time to conduct compliance audits for the HDVIP and PSIP, or any other applicable ARB program.

SETTLEMENT AGREEMENT AND RELEASE

ARB and NOLL NORWESCO LLC

Page 7 of 12

- (8) NOLL NORWESCO shall complete Low NOx Software Upgrades (reflash) on all applicable heavy-duty diesel engines operating in California and report to ARB within 45 days of this agreement.
- (9) NOLL NORWESCO shall comply with the ECL regulation as codified in 13 CCR § 2183. Within 45 days of the execution of this Agreement, NOLL NORWESCO shall **submit the proof of compliance to Mr. Ryman Simangan, Air Pollution Specialist, California Air Resources Board, Enforcement Division, P.O. Box 2815, Sacramento, California 95812.**
- (10) NOLL NORWESCO shall instruct all employees who operate diesel-fueled vehicles to comply with the idling regulations set forth in 13 CCR § 2485, within 45 days of this Agreement.
- (11) NOLL NORWESCO shall not violate the Truck and Bus regulation as codified in 13 CCR § 2025.
- (12) NOLL NORWESCO shall submit proof of compliance with the Truck and Bus regulation (as codified in 13 CCR § 2025), within 45 days of the execution of this Agreement, to **Mr. Ryman Simangan, Air Pollution Specialist, California Air Resources Board, Enforcement Division, P.O. Box 2815, Sacramento, California 95812.**
- (13) This Agreement shall apply to and be binding upon NOLL NORWESCO, and its officers, directors, receivers, trustees, employees, successors and assignees, subsidiary and parent corporations and upon ARB and any successor agency that may have responsibility for and jurisdiction over the subject matter of this Agreement.
- (14) This Agreement constitutes the entire agreement and understanding between ARB and NOLL NORWESCO concerning the subject matter hereof, and supersedes and replaces all prior negotiations and agreements between ARB and NOLL NORWESCO concerning the subject matter hereof.
- (15) No agreement to modify, amend, extend, supersede, terminate, or discharge this Agreement, or any portion thereof, is valid or enforceable unless it is in writing and signed by all parties to this Agreement.
- (16) Severability. Each provision of this Agreement is severable, and in the event that any provision of this Agreement is held to be invalid or unenforceable, the remainder of this Agreement remains in full force and effect.
- (17) This Agreement shall be interpreted and enforced in accordance with the laws of the State of California, without regard to California's choice-of-law rules.

## SETTLEMENT AGREEMENT AND RELEASE

ARB and NOLL NORWESCO LLC

Page 8 of 12

- (18) This Agreement is deemed to have been drafted equally by the Parties; it will not be interpreted for or against either party on the ground that said party drafted it.
- (19) Senate Bill 1402 (Dutton, Chapter 413, statutes of 2010) requires ARB to provide information on the basis for the penalties it seeks (HSC § 39619.7). This information, which is provided throughout this settlement agreement, is summarized here:

### **The manner in which the penalty amount was determined, including a per unit or per vehicle penalty.**

Penalties must be set at levels sufficient to discourage violations. The penalties in this matter were determined in consideration of all relevant circumstances, including the eight factors specified in HSC §§ 42403 and 43024.

#### PSIP Violations

The per vehicle penalty for the PSIP violations involved in this case is a maximum of \$500.00 per vehicle per violation per year. The penalty obtained for the PSIP violations involved in this case is \$8,250.00 for 22 violations involving 12 vehicles, or \$375.00 per vehicle per violation.

The penalty was discounted based on the fact that this was a first time violation and the violator made diligent efforts to comply and to cooperate with the investigation.

#### ECL Violations

The per vehicle penalty for the labeling violations involved in this case is a maximum of \$300.00 per vehicle per violation. The penalty obtained for the ECL violations involved in this case is \$1,125.00 for 5 vehicles, or \$225.00 per vehicle.

The penalty was discounted based on the fact that this was a first time violation and the violator made diligent efforts to comply and to cooperate with the investigation.

#### Truck and Bus Violations

The per unit penalty for the Truck and Bus violations involved in this case is a maximum of \$1,000.00 per vehicle per day for strict liability violations or \$10,000.00 per vehicle per day for negligent or intentional violations.

The penalty obtained for the Truck and Bus violations involved in this case for failure to meet the requirements of the Engine Model Year Compliance Schedule for heavier vehicles is \$52,250.00 or \$250.00 per month of violation:

- \$9,000.00 for 1 vehicle with a 1996-1999 model year engine (36 months in violation),
- \$5,750.00 for 1 vehicle with a 1996 model year engine (23 months in violation);
- \$27,000.00 for 3 vehicles with a 2000-2004 model year engine (36 months in violation),
- \$2,500.00 for 1 vehicle with a 1994-1995 model year engine (10 months in violation); and
- \$8,000.00 for 1 vehicle with a 2004 model year engine (32 months in violation).

The penalty was discounted based on the fact that this was a first time violation and the violator made diligent efforts to comply and to cooperate with the investigation.

The penalty obtained for the Truck and Bus violations involved in this case for failure to report all required information for all vehicles in the fleet is \$375.00 or \$375.00 per vehicle per violation for 1 vehicle.

The penalty was discounted based on the fact that this was a first time violation and the violator made diligent efforts to comply and to cooperate with the investigation.

The total penalty obtained for the Truck and Bus violations involved in this case for failure to verify that each fleet hired or dispatched was in compliance with the Truck and Bus Regulation and to maintain required records is \$3,750.00 for 5 hired fleets or \$750.00 per fleet hired or dispatched.

The penalty was discounted based on the fact that this was a first time violation and the violator made diligent efforts to comply and to cooperate with the investigation.

**The provision of law the penalty is being assessed under and why that provision is most appropriate for that violation.**

#### PSIP Violations

The penalty provision being applied to the PSIP violations is HSC § 43016 because NOLL NORWESCO failed to test, measure, record, and maintain records of smoke emissions from its fleet of heavy-duty diesel vehicles for the years 2014 and 2015 in violation of the PSIP regulation in 13 CCR § 2190 *et seq.*, for 12 vehicles. Since the PSIP regulation was adopted pursuant to authority granted in Part 5 of Division 26 of the HSC and since there is no specific penalty or fine provided for PSIP violations in Part 5, HSC § 43016 is the applicable penalty provision.

#### ECL Violations

The penalty provision being applied to the ECL requirements is 13 CCR § 2185(a)(2) because NOLL NORWESCO failed to provide evidence that 5 of their vehicles have ECLs attached as required.

#### Truck and Bus Violations

The penalty provision being applied for the Truck and Bus regulation (13 CCR § 2025) violations in this case is HSC § 39674 because the Truck and Bus regulation is an Airborne Toxic Control Measure adopted pursuant to authority contained in HSC §§ 39002 *et seq.*, 39650-39675 and because NOLL NORWESCO failed to bring their diesel fleet into compliance by the deadlines set forth in 13 CCR § 2025(g). NOLL NORWESCO also failed to report required information for a vehicle in the fleet for which they have elected to utilize compliance low use provisions as required in 13 CCR § 2025(p)(4). In addition, NOLL NORWESCO failed to verify compliance for each vehicle hired or dispatched and to maintain records as required by 13 CCR §§ 2025(x)(2).

**Is the penalty being assessed under a provision of law that prohibits the emission of pollution at a specified level, and, if so a quantification of excess emissions, if it is practicable to do so.**

#### PSIP Violations

The PSIP provisions cited above do prohibit emissions above a specified opacity or level of g/hp-hr. However, since the hours of operation of the noncompliant units involved and their individual emission rates are not known, it is not practicable to quantify the excess emissions.

ECL Violations

The penalty is not being assessed under a provision of law that prohibits the emission of pollution at a specified level.

Truck and Bus Violations

The provisions cited above do prohibit emissions above a specified level of g/hp-hr. However, since the hours of operation of the noncompliant vehicles involved and their individual emission rates are not known, it is not practicable to quantify the excess emissions.

- (20) NOLL NORWESCO acknowledges that ARB has complied with Senate Bill 1402 in prosecuting or settling this case. Specifically, ARB has considered all relevant facts, including those listed at HSC § 43024, has explained the manner in which the penalty amount was calculated, has identified the provision of law under which the penalty is being assessed and has considered and determined that this penalty is being assessed under a provision of law that prohibits the emission of pollutants at a specified level.
- (21) Penalties were determined based on the unique circumstances of this matter, considered together with the need to remove any economic benefit from noncompliance, the goal of deterring future violations and obtaining swift compliance, the consideration of past penalties in similar cases, and the potential costs and risk associated with litigating these particular violations. Penalties in future cases might be smaller or larger on a per unit basis.
- (22) The penalty was based on confidential settlement communications between ARB and NOLL NORWESCO that ARB does not retain in the ordinary course of business. The penalty is the product of an arms length negotiation between ARB and NOLL NORWESCO and reflects ARB's assessment of the relative strength of its case against NOLL NORWESCO, the desire to avoid the uncertainty, burden and expense of litigation, obtain swift compliance with the law and remove any unfair advantage that NOLL NORWESCO may have secured from its actions.
- (23) Now therefore, in consideration of the payment on behalf of NOLL NORWESCO to the Air Pollution Control Fund and the San Joaquin Valley Air Pollution Control District, ARB hereby releases NOLL NORWESCO and their principals, officers, agents, predecessors and successors from any and all claims, ARB may have or have in the future based on the circumstances described in paragraphs (1) through (24) of the Recitals. The undersigned represent that they have the authority to enter into this Agreement.
