22. **Penalty Determination.**

H&SC § 39619.7 requires ARB to provide information on the basis for the penalties it seeks. This Agreement includes this information, which is also summarized here.

The provision of law the penalty is being assessed under and why that provision is most appropriate for that violation.

The penalty provision being applied in this case is H&SC § 42402, et seq. because Oribe Hair Care, LLC sold, supplied, offered for sale, or manufactured for sale consumer products for commerce in California, in violation of the Consumer Products Regulations (17 CCR § 94507, et seq.). The penalty provisions of H&SC § 42402, et seq. apply to violations of the Consumer Products Regulations because the regulations were adopted under authority of H&SC § 41712 which is in Part 4 of Division 26.

The manner in which the penalty amount was determined, including aggravating and mitigating factors and per unit or per vehicle basis for the penalty.

H&SC § 42402, et seq. provides strict liability penalties of \$1,000 per day for violations of the Consumer Product Regulations with each day being a separate violation. In cases like this, involving unintentional violations of the Consumer Products Regulations where the violator cooperates with the investigation, ARB has obtained penalties based on the excess emissions of VOC. Administrative penalties are also obtained in some cases.

In this case the total penalty is \$50,374; there were 3.36 tons of excess VOC emissions attributable to the violation. The penalty in this case was reduced because this was a strict liability first time violation and Oribe Hair Care, LLC made diligent efforts to comply and to cooperate with the investigation. Penalties in future cases might be higher or lower on a per ton or per day basis.

Is the penalty being assessed under a provision of law that prohibits the emission of pollution at a specified level, and, if so a quantification of excess emissions, if it is practicable to do so.

The Consumer Product Regulations do not prohibit emissions above a specified level, but they do limit the concentration of VOCs in regulated products. In this case a quantification of the excess emissions attributable to the violations was practicable because Oribe Hair Care, LLC made the product formulation and sales data necessary to make this quantification available to ARB. Based upon this information (which Oribe Hair Care, LLC has designated as confidential), the violations were calculated to have 3.36 tons of excess VOC emissions emitted in California.

Final penalties were determined based on the unique circumstances of this matter, considered together with the need to remove any economic benefit from noncompliance the goal of deterring future violations and obtaining swift compliance, the consideration of past penalties in similar negotiated cases, and the potential cost and risk associated with litigating these particular violations. The penalty reflects violations extending over a number of days resulting in quantifiable harm to the environment considered together with the complete circumstances of this case. Penalties in future cases might be smaller or larger on a per ton basis.

The final penalty in this case was based in part on confidential financial information or confidential business information provided by Oribe Hair Care, LLC that is not retained by ARB in the ordinary course of business. The penalty in this case was also based on confidential settlement communications between ARB and Oribe Hair Care, LLC that ARB does not retain in the ordinary course of business. The penalty also reflects ARB's assessment of the relative strength of its case against Oribe Hair Care, LLC, the desire to avoid the uncertainty, burden and expense of litigation, obtain swift compliance with the law and remove any unfair advantage that Oribe Hair Care, LLC may have secured from its actions.

23. Each provision of this Agreement is severable, and in the event that any provision of this Agreement is held to be illegal, invalid, or unenforceable in any jurisdiction, the remainder of this Agreement remains in full force and effect.
24. The undersigned represent that they have full power and authority to enter into this Agreement.
