

Pursuant to the authority vested in the Air Resources Board by the Health and Safety Code, Division 26, Part 5, Chapter 2; and

Pursuant to the authority vested in the undersigned by Health and Safety Code Sections 39515 and 39516 and Executive Order G-45-9;

**IT IS ORDERED AND RESOLVED:** That the manufacturer has submitted its certification plan as described below for compliance with Title 13, California Code of Regulations, Section 1958(b).

| * = not applicable    g/km = grams per kilometer |                           |                                | CORPORATE AVERAGE STANDARD (g/km) |                                     |
|--|---------------------------|--------------------------------|-----------------------------------|-------------------------------------|
| MODEL YEAR                                       | CERTIFICATION PLAN'S DATE | ENGINE DISPLACEMENT RANGE (cc) | HYDROCARBON                       | HYDROCARBON PLUS OXIDES OF NITROGEN |
| 2002   | May 17, 2001              | 700 & Higher                   | 1.4                               | *                                   |

**BE IT FURTHER RESOLVED:** That before motorcycles of any engine family listed in the aforementioned certification plan are offered for sale, certification of the engine family's exhaust emission control systems and its hydrocarbon, or hydrocarbon plus oxides of nitrogen, designated standard as applicable in accordance with the approved certification plan and certification of the appropriate evaporative emission control system shall be required.

Executed at El Monte, California on this 22<sup>nd</sup> day of May 2001.

  
 R. B. Summerfield, Chief  
 Mobile Source Operations Division
