Mail-Out #MSC 13-09

TO: All Interested Parties

SUBJECT: CARL MOYER PROGRAM: REVIEW AND UPDATE OF THE COST-EFFECTIVENESS LIMIT AND CAPITAL RECOVERY FACTORS FOR 2013

This mail-out provides an update to the 2011 Carl Moyer Program Guidelines (Guidelines) as a result of the Air Resources Board direction given in Resolution 11-23 to annually update the Guidelines' cost-effectiveness limit (C/E limit) and capital recovery factors (CRF). An approved revision to the 2011 Guidelines, Appendix G, is now available and is attached for reference. Revisions have been indicated by ~~strikeout~~/underline.

Effective immediately, the C/E limit is updated to \$17,460 and the CRF is updated to reflect a new discount rate of 1 percent. The updated C/E limit and CRF can be used by air districts for contracts executed beginning April 1, 2013, and must be used for any contracts executed beginning July 1, 2013.

If you have any questions or need further clarification, please contact Nancy Noble, Air Pollution Specialist, at (626) 459-4495 or via email at nnoble@arb.ca.gov.

Sincerely,

/s/

Annette Hebert, Chief
Mobile Source Control Division
