

**Chapter 3: PROGRAM ADMINISTRATION**

**A. Background**

The responsibilities of the Air Resources Board (ARB) include the management of program funds and program oversight. This chapter is divided into discrete sections that describe specific administrative requirements that ARB, air districts, and interested parties must follow to ensure the Carl Moyer Program achieves the State Implementation Plan (SIP)-creditable emission reductions. Air districts may choose to require more stringent administrative procedures in implementing their local program. Some source category chapters give additional administrative requirements. In cases where the source category requirements conflict with the requirements specified in this chapter, the source category requirements will take precedence.
