Mail-Out #MSC 13-30

TO: All Interested Parties

SUBJECT: THE CARL MOYER ON-ROAD VOUCHER INCENTIVE PROGRAM
FUNDING TABLES FOR 2014

This mail-out provides the annual update to the On-Road Voucher Incentive Program (VIP) Funding Tables. These changes will become effective January 1, 2014.

BACKGROUND

Since 1998, the Carl Moyer Program has filled a critical niche in California's strategy to achieve clean air. The Carl Moyer Program provides grant funding for the incremental cost of cleaner-than-required engines, equipment, and emission reduction technologies. The Carl Moyer Program complements California's regulatory program by funding emission reductions that are surplus, i.e., early and/or in excess of what is required by regulation.

The on-road VIP is part of the Carl Moyer Program and is a streamlined funding option for heavy-duty diesel vehicle replacements and retrofits. VIP Guidelines, revised February 8, 2013, require that Funding Tables Appendix O for retrofits and Appendix P for replacements be updated annually. The attached Funding Tables and the supporting attached revisions are effective January 1, 2014.

If you have questions regarding these changes, please contact John Nguyen, Air Resources Engineer at (916) 324-9858 or via email at jnguyen@arb.ca.gov.

Sincerely,

/s/

Erik White, Chief
Mobile Source Operations Division
