ALLOCATE.DAT 7/30/97

(altered on 9/8/97 to exclude non-pleasure craft categories)

This file is for allocation data adapted from SAI's PCEM model. The counties in more than one air basin were split in the same proportion as the off-road model data were split between air basins. Kern county was split 50/50. If there were no diesel powered vehicles in the off-road model, then the G4 splits were used.

The format is as follows:

fips	air basn		ASC code	fuel consumption fraction	HPmn	HPmx
