

SHASTA COUNTY AIR QUALITY MANAGEMENT DISTRICT

RULE 2:15 - STANDARDS FOR GRANTING APPLICATIONS

(Amended 12-4-72)

In acting upon a Permit to Operate, if the Air Pollution Control Officer (APCO) finds that the article, machine, equipment, or other contrivance has not been constructed in accordance with the Authority to Construct, the APCO shall deny the Permit to Operate.

The APCO shall not accept any further application for Permit to Operate the article, machine, equipment, or other contrivance so constructed until the APCO finds that the article, machine, equipment, or other contrivance has been reconstructed in accordance with the Authority to Construct.
