Dear Mr. Blumenfeld:

The Air Resources Board (ARB or Board) is submitting the Report on Reductions Achieved from Incentive-Based Emission Reduction Measures in the San Joaquin Valley (Report) to U.S. Environmental Protection Agency (U.S. EPA) for inclusion in the California State Implementation Plan (SIP). ARB approved the Report at a public hearing on October 24, 2014.

The Report focuses on the Carl Moyer and Proposition 1B incentive program projects and their associated emission reductions in the San Joaquin Valley in 2014. It documents how the included Carl Moyer and Proposition 1B projects fulfill U.S. EPA's SIP creditable requirements of being enforceable, quantifiable, surplus, and permanent.

This package contains one hard copy and one electronic media copy of the following materials. The electronic copy is an exact duplicate of the hard copy.

1. Public Hearing Notice for the ARB Board Hearing on October 24, 2014 and public notice evidence.

2. ARB Staff Report, Report on Reductions Achieved from Incentive-Based Emission Reduction Measures in the San Joaquin Valley, dated September 22, 2014.

3. ARB Resolution 14-36 approving the Report as a SIP revision.

4. Transcript from the October 23-24, 2014 ARB public hearing to consider approval of the Report.

5. Comment Log demonstrating that no comments were submitted.

6. SIP Completeness Checklist.

ARB is committed to working with U.S. EPA staff to provide any additional clarifying information you may need. If you have any questions, please contact Ms. Lynn Terry, Deputy Executive Officer, at (916) 322-2739, or have your staff contact Mr. Kurt Karperos, Chief, Air Quality Planning and Science, at (916) 322-5350.

Sincerely,

Richard W. Corey
Executive Officer
