**Proposition 1B: Goods Movement
Emission Reduction Program**

[this page intentionally left blank]

EXECUTIVE SUMMARY

The \$1 billion Proposition 1B: Goods Movement Emission Reduction Program (Program) is successfully underway in California's four priority trade corridors, reducing freight pollution and the associated health risks in communities near seaports, rail yards, freeways, and distribution centers. Health and Safety Code section 39625 et seq. established the Program and directed the Air Resources Board (ARB or Board) to maximize emission reduction benefits while achieving the earliest possible health risk reductions. This report describes the progress on the Program through December 2012, including a listing of each grant with the funding amount, location, the number of trucks or other equipment that have been or are being upgraded, the timeframe for completion, and the expected emission reductions.

ARB has received close to \$587 million in bond cash for the Program to-date; the Board has allocated those funds. This leaves a balance of roughly \$393 million for which ARB needs concurrent appropriation(s) and new bond cash to implement. ARB awards and oversees grants to local agencies that in turn offer competitive incentives to diesel equipment owners to upgrade to cleaner technologies ahead of, or beyond, regulatory requirements. To ensure accountability and effectiveness, all grants are awarded in an open, public process required by ARB Program Guidelines.

With nearly \$250 million from the Program's first funding cycle, over 5,000 diesel trucks were replaced or retrofitted by the end of 2011, grid-based electrical power was installed at three ship berths at the Port of Oakland, and 18 locomotives were upgraded and are operating in the Central Valley and Los Angeles/Inland Empire by the end of 2012. These first year projects will reduce almost three million pounds of fine particulate matter (PM) plus over 54 million pounds of nitrogen oxides (NOx) in California over the term of the grant contracts.

The funding in the second cycle was received and awarded in two phases. With \$200 million awarded in June 2010 and \$100.8 million awarded in December 2011, over 5,000 trucks, 34 ship berths, six locomotives, and one harbor craft are being upgraded. ARB estimates these projects will reduce over two million pounds of PM and over 74 million pounds of NOx over the term of the grant contracts.

The report is available electronically at: <http://www.arb.ca.gov/mandrpts/mandrpts.htm>. To order a hard copy, please contact Ms. Heather Jackson at (916) 322-8267.

2012 Report to the Legislature

Previously submitted to the Department of Finance
December 2012 Status Report to the Department of Finance

This status report provides an update on implementation of the \$1 billion Proposition 1B: Goods Movement Emission Reduction Program (Program) to reduce emissions and health risk from freight operations in California's priority trade corridors through incentives. Consistent with State law, the Program's guidelines for implementation (Guidelines) and related documents detail the grant requirements for the Air Resources Board (ARB or Board), participating local agencies, and equipment owners (see Program website at <http://www.arb.ca.gov/gmbond>).

ARB adopts the Guidelines, and then solicits, awards, funds, and oversees grants to local agencies like air districts and seaports. The local agencies offer grants in a competitive process to diesel equipment owners to co-fund the upgrade of diesel equipment to cleaner technologies, ahead of or beyond any regulatory requirements to do so. To ensure accountability and effective use of these public funds, the local agencies: solicit for eligible projects, review applications, inspect the old equipment, provide data to competitively rank each piece of equipment based on emission reductions and cost-effectiveness, sign contracts with equipment owners, inspect the upgraded equipment, make payment for the cleaner technology, and track/report on funded projects.

The information in this report is based on the local agencies' semi-annual reports as of September 30, 2012 except where noted. The tables following the narrative in this report describe the progress on each grant using funds received from appropriations for Fiscal Years (FY) 2011-12, 2008-09 and 2007-08 including the grant award, the number of trucks or other equipment being upgraded, and estimated emission reductions.

Update to Program Guidelines

The proposed update to the Program Guidelines was developed in conjunction with the local agencies and other stakeholders. ARB staff released a Draft Concept Paper in October 2012 and held three public workshops statewide (Sacramento, the Central Valley, and Southern California), in November 2012 to solicit input from local agencies, the trucking industry, railroads, shippers, equipment manufacturers, and environmental representatives. The proposed update to the Guidelines incorporates many of the suggestions received as a result of outreach and implementation.

The proposed updates include administrative changes to streamline the process and improve effectiveness, and modifications to project specifications. Changes to the latter are based on advances in technology, changes in equipment costs, regulatory actions, and other new information. This proposed update acknowledges that the nature of eligible projects has changed, due to the effect of the regulations on the Program. There are fewer projects that are "early" to the regulation; therefore in this proposed update, the Program is moving towards funding eligible projects with emission reductions that are "extra."

2012 Report to the Legislature

Previously submitted to the Department of Finance
December 2012 Status Report to the Department of Finance

The proposed changes also reflect a provision for shore power projects to receive progress payments based on the Governor's veto message of Senate Bill 234. The message directed ARB to allow for quarterly reimbursement for up to 80 percent of eligible project costs, provided the equipment owner has expended the non-State match funding for each berth and is in compliance with the equipment project contract. Additional flexibility is provided to small ports with less than 10 berths.

Available Funding

Each budget appropriation authorizes ARB to use a specific amount of bond funding for this Program, within statutory timeframes. But the appropriation does not provide any cash for this purpose. Therefore, we depend on the receipt of proceeds from State bond sales for new projects.

The entire \$1 billion has been appropriated in State budgets, with \$980 million to ARB for this Program and \$20 million set aside by the control agencies to cover bond issuance and oversight costs. To date, ARB has received almost \$587 million in cash from multiple bond sales and commercial paper; the Board has allocated all of these funds under its FY2007-08 through FY2011-12 appropriation authority for local agency projects and ARB's administration costs over multiple years. This leaves a balance of roughly \$393 million that ARB needs new bond cash to implement new projects.

Implementation of FY2008-09 and FY2011-12 Funds

In June 2010, the Board awarded \$200 million in available cash primarily for truck projects and ships at berth/cargo handling equipment projects, and with smaller grants for locomotive and harbor craft projects.

In December 2011, the Board awarded \$100.8 million from the Fall 2011 bond sale and also allocated potential proceeds from a Spring 2012 bonds sale; all of these funds were used for truck projects. Funds from the Fall bond sale include \$30.3 million for drayage truck projects and \$5 million for loan guarantees, plus \$65.5 million for other truck projects covered under grant agreements. ARB received approximately \$18 million to complete the truck projects and for ARB's administration costs from the Spring bond sale. The funds have been allocated to local agencies for truck projects in accordance with the December 2011 Board approval.

Trucks. ARB signed grant agreements with six local agencies in the four trade corridors for the Phase 1 truck projects in February 2011. The local agencies held coordinated statewide solicitations in early 2011, which included extensive outreach, which resulted in a significant demand for Program funds. The local agencies have signed contracts with the majority of the equipment owners and are in the process of signing contracts with the remaining equipment owners. ARB received additional funds in late 2011 which were used to provide funds to the local agencies for Phase 2 truck projects which were awarded in December 2011.

2012 Report to the Legislature

Previously submitted to the Department of Finance
December 2012 Status Report to the Department of Finance

Also in December 2011, ARB set aside \$66.6 million for 2,100 potentially eligible drayage truck projects. These funds are being used to replace drayage trucks that are in compliance with the first phase of the Drayage Truck Regulation but must upgrade to comply with the second phase by January 1, 2014. Based on the initial response to the request for applications and the number of projects that were contracted, there is a demand for Program funds of \$24.7 million. The remaining funds were made available for other (non-drayage) truck projects which had a significant demand in excess of available funds.

Ships at Berth, Locomotives, and Commercial Harbor Craft. Local agencies have signed contracts with equipment owners, based on ARB-approved ranked lists and all projects are in process.

Implementation of FY2007-08 Funds

The first year (FY2007-08) funds were used for projects to upgrade trucks, locomotives, and ships at berth. All of these projects (\$232 million) were suspended for 6 to 14 months due to the December 2008 “stop work” order on bond funded programs, which resulted in an extended delay from time of application to contract. This led to some funds being unused by the local agencies. ARB and the local agencies amended grant agreements from undersubscribed grants to oversubscribed grants. The truck, ships at berth, and the majority of the locomotive projects have all been completed; the remaining locomotive project is expected to be completed in 2014.

ARB Expenditures

ARB has paid out approximately \$510 million to local agencies and for ARB's administration costs through December 2012. Approximately \$70 million will be paid to the local agencies in the first half of 2013 primarily for ships at berth projects and will be used to pay for ARB's administration costs for FY2012-13. The remaining \$7 million will be paid out in 2014 to close-out the ships at berth and locomotive projects.

Project Results

The Program bond monies are leveraging substantial match funding from private, local, and federal sources – more than one match dollar for every Program dollar invested.

Trucks. The local agencies completed the truck projects from the FY2007-08 funds by the end of 2011 with more than 5,000 cleaner trucks operating in the four trade corridors. The local agencies have signed contracts with the majority of equipment owners to upgrade about 5,700 trucks covered by the FY2008-09 and FY2011-12 grants. A significant number of these trucks must be operational by December 31, 2012 to comply with the Program's requirement that upgrades be early or extra to the Statewide Truck and Bus Regulation.

2012 Report to the Legislature

Previously submitted to the Department of Finance
December 2012 Status Report to the Department of Finance

Ships at Berth, Locomotives, and Commercial Harbor Craft. The Bay Area District's early grant project to install grid-based electrical power for three ship berths at the Port of Oakland has been completed and the installation of power at nine additional berths is in the beginning stages. The South Coast District is implementing projects to install shore-side power for 25 berths at the Ports of Long Beach, Los Angeles, and Hueneme. All of the new ships at berth projects are scheduled to be operational in 2013.

The Sacramento and South Coast Districts have completed the upgrade of 18 locomotives operating in the Central Valley and the Los Angeles/Inland Empire trade corridors. An additional seven locomotives operating in the Los Angeles/Inland Empire trade corridor will be operational in early to late 2014. The San Diego District signed a contract for a commercial harbor craft project which is expected to be operational in early 2013.

Project Benefits

When implemented, we expect projects included in this report will reduce at least 4.8 million pounds or 2,400 tons of particulate matter (PM), plus 132 million pounds or 66,000 tons of nitrogen oxides (NOx), over the life of their grant term (e.g., 2 to 5 years for trucks and 10 years for ships at berth).

Project Status by Grant Agreement

The tables on the following pages present the status of each grant based on information from the September 30, 2012 local agency semi-annual reports. Subsequent to the submission of the semi-annual reports, ARB executed grant amendments with some of the local agencies to transfer additional unused port truck funds and add the funds allocated from the Spring 2012 bond sale. This information will be updated in subsequent semi-annual reports.

This report shows the information by trade corridor and within each trade corridor by applicable appropriation year. Additionally, we have combined the information for the FY2008-09 and FY2011-12 grants for other truck projects because these grants cover projects from the same statewide solicitation and the same ranked lists, although the funds are from different fiscal year appropriations. Projects are selected for funding on the basis of their competitive ranking, which reflects cost-effectiveness and emission reduction benefits. Since each ranked list may be updated to reflect project fallout or revised information, we preserve the overall ranking hierarchy by maintaining a single project list rather than separating it by fiscal year grant.

2012 Report to the Legislature

December 2012 Status Report to the Department of Finance

LOS ANGELES/INLAND EMPIRE TRADE CORRIDOR – South Coast AQMD

Fiscal Year/ Category	Project Description	Grant Amount	Emission Reductions (pounds)		Current Project Status
			PM	NOx	
FY2011-12					
Priority Drayage Reserve ¹	Replace old dirty trucks with newer clean models serving ports and railyards. (G11GMLP1)	\$4,499,250	2,000	1,319,000	District has signed contracts with owners to scrap/replace 143 trucks. 58 upgraded trucks are operational and the remaining 85 trucks must be operational by the end of 2012. Grant amount reflects a reduction in funds of \$572,250 that were transferred to the District's Grant G11GMLT1.
FY2011-12 & FY2008-09					
Other Trucks ¹	Retrofit trucks with soot filters and replace old dirty trucks with newer clean models. (G11GMLT1) (G08GMLT1)	\$104,222,983 including: \$64,334,412 \$39,888,571	691,000	17,852,000	District has signed contracts with owners to retrofit 531 trucks, scrap/replace 1,470 trucks, and is in the process of signing contracts for about 350 trucks and 1 truck stop electrification project. 264 upgraded trucks are operational. District expects the remaining projects to be operational by the end of 2012 for most large fleets and by the end of 2013 for small fleets. Grant amount reflects an increase in funds of \$572,250 transferred from the District's Grant G11GMLP1 and \$10,240,400 from additional funds received from the Spring 2012 bond sale
FY2008-09					
Ships at Berth	Eliminate or reduce emissions from ships at berth. (G08GMLS1)	\$59,973,125	373,000	21,841,000	District has signed contracts to install shorepower equipment for a total of 25 berths (12 for Port of Long Beach, 10 for Port of Los Angeles, 3 for Port of Hueneme). Construction started in Fall 2012 and projects are expected to be operational by December 2013.
Locomotives	Replace old dirty locomotives with newer clean models. (G08GMLL1)	\$4,635,000	29,000	315,000	District has signed a contract to upgrade 6 locomotives and expects the projects to be operational by December 2014.

Fiscal Year/ Category	Project Description	Grant Amount	Emission Reductions (pounds)		Current Project Status
			PM	NOx	
FY2007-08					
Drayage Trucks	Replace old dirty trucks serving the Ports of Los Angeles and Long Beach with newer clean models. (G07GMLP1)	\$6,930,000	72,000	1,104,000	District has completed the grant to scrap 132 old trucks and replace them with new natural gas trucks meeting the cleanest 2010 emission standards. All 132 trucks are operational.
	Retrofit trucks with soot filters and replace old dirty trucks with newer clean models serving the rail yards. (G07GMLP2)	\$2,625,000	34,000	577,000	District has completed the grant to retrofit 2 trucks with soot filters and to scrap 50 old trucks and replace them with much cleaner trucks. All 52 upgraded trucks are operational.
	Replace old dirty trucks serving the Ports of Los Angeles and Long Beach with newer clean models. (G07GMLP3-03)	\$68,539,800	557,000	10,194,000	District has completed this project to scrap 1,312 old trucks and replace them with much cleaner trucks. All 1,312 trucks are operational.
Other Trucks	Retrofit trucks with soot filters and replace old dirty trucks with newer clean models. (G07GMLT1)	\$6,877,500	104,000	1,638,000	District has completed the grant to scrap 131 old trucks and replace them with much cleaner trucks. All 131 trucks are operational.
	Retrofit trucks with soot filters and replace old dirty trucks with newer clean models. (G07GMLT2)	\$43,018,900	481,000	13,294,000	District has completed the grant to retrofit 33 trucks with soot filters and to scrap 822 old trucks and replace them with much cleaner trucks. All 855 trucks are operational. The truck stop electrification project has been cancelled as it did not meet the operational deadline.
Locomotives	Replace old dirty locomotives at rail yards with newer clean models. (G07GMLL1)	\$3,090,000	37,000	1,007,000	Three locomotives have been upgraded with much cleaner engines and one locomotive is expected to be operational in 2014.

STATE AGENCY – LOAN ASSISTANCE – Priority Drayage Reserve only

State Agency	Project Description	Grant Amount	Emission Reductions (pounds)		Current Project Status
			PM	NOx	
FY2011-12					
ARB	Loan assistance to replace old dirty trucks with newer clean models serving ports and railyards.	\$5,000,000	TBD	TBD	Loan assistance to help replace drayage trucks funded under the priority drayage reserve through the South Coast and Bay Area Districts. Loan assistance is improved access to financing through the California Capital Access Program with funds used for a loan loss reserve account if a truck owner defaults on their loan. ARB will refine estimates for emission reductions after the projects become operational. Any unused funds will be used to fund local agencies' other truck projects. 7 truck projects have utilized the loan assistance as of September 31, 2012.

	ARB Administration	\$3,240,000		
ALL FISCAL YEARS	Project & ARB Administration Funds	\$586.6 million		

¹Emission reduction totals shown above for "Other Truck" projects include projects funded by FY2008-09 and FY2011-12, because these projects are being funded from the same ranked lists.

²FY2007-08 emission reductions are based on the actual amount of FY2007-08 funds that were used, excluding unused funds that were re-directed to FY2011-12 local agency truck grants.

³Total FY2011-12 Grants to Local Agencies include:

- \$6.0 million from Spring 2010 bonds sales previously reserved for ARB administration funds that were re-directed to FY2011-12 local agency truck grants;
- \$14.8 million in unused funds from FY2007-08 grants that were re-directed to FY2011-12 local agency truck grants; and
- \$3.3 million in unused funds from FY2008-09 grants that were re-directed to FY2011-12 local agency truck grants.

⁴Total FY2008-09 Grants to Local Agencies exclude:

- \$0.4 million in FY2008-09 funds used to supplement the Bay Area District's grant G07GMBP1 for port trucks in 2010; and
- \$3.3 million in unused funds from FY2008-09 grants that were re-directed to FY2011-12 local agency truck grants.

⁵Total FY2007-08 Grants to Local Agencies:

- Include the \$0.4 million from FY2008-09 funds used to supplement the Bay Area District's grant G07GMBP1 for port trucks in 2010; and
- Exclude the \$14.8 in unused funds from FY2007-08 grants that were re-directed to FY2011-12 local agency truck grants.

**Proposition 1B:
Lower-Emission School Bus Program**

[this page intentionally left blank]

EXECUTIVE SUMMARY

Since 2000, the Lower-Emission School Bus Program (LESBP) has provided over \$300 million for purchasing new, lower-emitting school buses and for retrofitting buses with diesel particulate filters. New school buses and school buses retrofit with filters are important steps in reducing children's exposure to the harmful effects of toxic diesel particulate matter emissions. In the seven years leading up to the passage of Proposition 1B in 2006, the Air Resources Board (ARB or Board) administered State funds totaling just over \$100 million to replace 600 of the oldest, most polluting public school buses and retrofit about 3,800 other diesel school buses with ARB-verified pollution control equipment that significantly reduces toxic particulate matter emissions.

Proposition 1B authorized \$200 million in new incentive funding for ARB to reduce air pollution and the related health risk from diesel-fueled school buses through the already established LESBP. Under the LESBP guidelines, the ARB awards funding to local air districts; in turn, the local air districts then solicit and review applications from school districts and execute, complete and reimburse contracts to replace or retrofit in-use school buses. The Board approved the current version of the LESBP guidelines in March 2008 and has allocated and disbursed over \$194 million to 35 local air districts. The balance of the authorized funding was retained for ARB and Department of Finance administration costs as specified by the implementing statute.

The initial expenditure deadline for LESBP Proposition 1B funding was extended from June 30, 2011, to June 30, 2012, to accommodate bond funding delays and to allow for flexibility given the uncertainty in the timing of full bond funding for the LESBP. Since then, Senate Bill 1018 Chapter 39, Statutes of 2012 (SB 1018) extended the LESBP expenditure deadline from June 30, 2012, to June 30, 2014, to allow time for remaining funds to be spent on cleaning up California's school bus fleet thereby protecting children's health from the harmful effects of air pollution. Unspent LESBP Proposition 1B funds, including accrued interest, that were not committed by an executed contract by June 30, 2012, are subject to transfer to another local air district that demonstrates an ability to fully expend (liquidate) funds by January 1, 2014. Local air districts have until June 30, 2014, to expend all funds.

- As of mid-November 2011, local air districts executed contracts for 870 school bus replacements and 3,100 retrofits, obligating about 75 percent of the available Proposition 1B project funds.
- As of mid-November 2012, local air districts executed contracts for 1,018 school bus replacements and 3,479 retrofits, obligating about 99 percent of the available Proposition 1B project funds. Currently, local air districts reported to ARB that 65 percent of project funds have been expended on projects from project funds and earned interest.

The report is available electronically at: <http://www.arb.ca.gov/mandrpts/mandrpts.htm>. To order a hard copy, please contact Ms. Lisa Jennings at (916) 322-6913.

2012 Annual Report to the Department of Finance
Lower-Emission School Bus Bond Accountability*

Local Agency:	Location:	Dollar Amount:	Project Description:	Grant Status:
Feather River Air Quality Management District	Feather River Air Quality Management District	2,227,147.00	Replacement of all remaining pre-1977 school buses. The purchase of cleaner, safer buses to replace certain 1977 - 1986 MY buses. Retrofit buses with filters to significantly clean bus exhaust.	Funds dispersed to local air districts. Reports show small amount of funds remaining.
Glenn County Air Pollution Control District	Glenn County Air Pollution Control District	477,309.00	Replacement of all remaining pre-1977 school buses. The purchase of cleaner, safer buses to replace certain 1977 - 1986 MY buses. Retrofit buses with filters to significantly clean bus exhaust.	Funds dispersed to local air districts. Reports show small amount of funds remaining.
Great Basin Unified Air Pollution Control District	Great Basin Unified Air Pollution Control District	711,485.00	Replacement of all remaining pre-1977 school buses. The purchase of cleaner, safer buses to replace certain 1977 - 1986 MY buses. Retrofit buses with filters to significantly clean bus exhaust.	Funds dispersed to local air districts. Reports show small amount of funds remaining.
Imperial County Air Pollution Control District	Imperial County Air Pollution Control District	2,634,456.00	Replacement of all remaining pre-1977 school buses. The purchase of cleaner, safer buses to replace certain 1977 - 1986 MY buses. Retrofit buses with filters to significantly clean bus exhaust.	Funds dispersed to local air districts. Reports show small amount of funds remaining.
Kern County Air Pollution Control District	Kern County Air Pollution Control District	1,413,574.00	Replacement of all remaining pre-1977 school buses. The purchase of cleaner, safer buses to replace certain 1977 - 1986 MY buses. Retrofit buses with filters to significantly clean bus exhaust.	Funds dispersed to local air districts. Reports show small amount of funds remaining.
Lake County Air Quality Management District	Lake County Air Quality Management District	1,930,280.00	Replacement of all remaining pre-1977 school buses. The purchase of cleaner, safer buses to replace certain 1977 - 1986 MY buses. Retrofit buses with filters to significantly clean bus exhaust.	Funds dispersed to local air districts. Reports show small amount of funds remaining.
Lassen County Air Quality Management District	Lassen County Air Quality Management District	609,397.00	Replacement of all remaining pre-1977 school buses. The purchase of cleaner, safer buses to replace certain 1977 - 1986 MY buses. Retrofit buses with filters to significantly clean bus exhaust.	Funds dispersed to local air districts. Reports show small amount of funds remaining.
Mariposa County Air Pollution Control District	Mariposa County Air Pollution Control District	1,218,794.00	Replacement of all remaining pre-1977 school buses. The purchase of cleaner, safer buses to replace certain 1977 - 1986 MY buses. Retrofit buses with filters to significantly clean bus exhaust.	Funds dispersed to local air districts. Reports show small amount of funds remaining.

2012 Report to the Legislature

*Previously submitted to the Department of Finance as:
2012 Annual Report to the Department of Finance
Lower-Emission School Bus Bond Accountability*

Local Agency:	Location:	Dollar Amount:	Project Description:	Grant Status:
Mendocino County Air Quality Management District	Mendocino County Air Quality Management District	1,974,015.00	Replacement of all remaining pre-1977 school buses. The purchase of cleaner, safer buses to replace certain 1977 - 1986 MY buses. Retrofit buses with filters to significantly clean bus exhaust.	Funds dispersed to local air districts. Reports show small amount of funds remaining.
Modoc County Air Pollution Control District	Modoc County Air Pollution Control District	477,309.00	Replacement of all remaining pre-1977 school buses. The purchase of cleaner, safer buses to replace certain 1977 - 1986 MY buses. Retrofit buses with filters to significantly clean bus exhaust.	Funds dispersed to local air districts. Reports show small amount of funds remaining.
Mojave Desert Air Quality Management District	Mojave Desert Air Quality Management District	3,345,942.00	Replacement of all remaining pre-1977 school buses. The purchase of cleaner, safer buses to replace certain 1977 - 1986 MY buses. Retrofit buses with filters to significantly clean bus exhaust.	Funds dispersed to local air districts. Reports show small amount of funds remaining.
Monterey Bay Unified Air Pollution Control District	Monterey Bay Unified Air Pollution Control District	7,193,972.00	Replacement of all remaining pre-1977 school buses. The purchase of cleaner, safer buses to replace certain 1977 - 1986 MY buses. Retrofit buses with filters to significantly clean bus exhaust.	Funds dispersed to local air districts. Reports show small amount of funds remaining.
North Coast Unified Air Quality Management District	North Coast Unified Air Quality Management District	3,145,942.00	Replacement of all remaining pre-1977 school buses. The purchase of cleaner, safer buses to replace certain 1977 - 1986 MY buses. Retrofit buses with filters to significantly clean bus exhaust.	Funds dispersed to local air districts. Final report received shows all funds expended.
Northern Sierra Air Quality Management District	Northern Sierra Air Quality Management District	2,224,015.00	Replacement of all remaining pre-1977 school buses. The purchase of cleaner, safer buses to replace certain 1977 - 1986 MY buses. Retrofit buses with filters to significantly clean bus exhaust.	Funds dispersed to local air districts. Final report received shows all funds expended.
Northern Sonoma County Air Pollution Control District	Northern Sonoma County Air Pollution Control District	609,397.00	Replacement of all remaining pre-1977 school buses. The purchase of cleaner, safer buses to replace certain 1977 - 1986 MY buses. Retrofit buses with filters to significantly clean bus exhaust.	Funds dispersed to local air districts. Final report received shows all funds expended.
Placer County Air Pollution Control District	Placer County Air Pollution Control District	2,737,589.00	Replacement of all remaining pre-1977 school buses. The purchase of cleaner, safer buses to replace certain 1977 - 1986 MY buses. Retrofit buses with filters to significantly clean bus exhaust.	Funds dispersed to local air districts. Reports show small amount of funds remaining.

2012 Report to the Legislature

*Previously submitted to the Department of Finance as:
2012 Annual Report to the Department of Finance
Lower-Emission School Bus Bond Accountability*

Local Agency:	Location:	Dollar Amount:	Project Description:	Grant Status:
Sacramento Metropolitan Air Quality Management District	Sacramento Metropolitan Air Quality Management District	9,284,914.00	Replacement of all remaining pre-1977 school buses. The purchase of cleaner, safer buses to replace certain 1977 - 1986 MY buses. Retrofit buses with filters to significantly clean bus exhaust.	Funds dispersed to local air districts. Reports show small amount of funds remaining.
San Diego County Air Pollution Control District	San Diego County Air Pollution Control District	5,683,531.00	Replacement of all remaining pre-1977 school buses. The purchase of cleaner, safer buses to replace certain 1977 - 1986 MY buses. Retrofit buses with filters to significantly clean bus exhaust.	Funds dispersed to local air districts. Reports show small amount of funds remaining.
San Joaquin Valley Air Pollution Control District	San Joaquin Valley Air Pollution Control District	39,742,024.00	Replacement of all remaining pre-1977 school buses. The purchase of cleaner, safer buses to replace certain 1977 - 1986 MY buses. Retrofit buses with filters to significantly clean bus exhaust.	Funds dispersed to local air districts. Reports show small amount of funds remaining.
San Luis County Air Pollution Control District	San Luis County Air Pollution Control District	1,930,280.00	Replacement of all remaining pre-1977 school buses. The purchase of cleaner, safer buses to replace certain 1977 - 1986 MY buses. Retrofit buses with filters to significantly clean bus exhaust.	Funds dispersed to local air districts. Reports show small amount of funds remaining.
Santa Barbara County Air Pollution Control District	Santa Barbara County Air Pollution Control District	1,622,971.00	Replacement of all remaining pre-1977 school buses. The purchase of cleaner, safer buses to replace certain 1977 - 1986 MY buses. Retrofit buses with filters to significantly clean bus exhaust.	Funds dispersed to local air districts. Reports show small amount of funds remaining.
Shasta County Air Quality Management District	Shasta County Air Quality Management District	4,056,383.00	Replacement of all remaining pre-1977 school buses. The purchase of cleaner, safer buses to replace certain 1977 - 1986 MY buses. Retrofit buses with filters to significantly clean bus exhaust.	Funds dispersed to local air districts. Reports show small amount of funds remaining.
Siskiyou County Air Pollution Control District	Siskiyou County Air Pollution Control District	1,521,927.00	Replacement of all remaining pre-1977 school buses. The purchase of cleaner, safer buses to replace certain 1977 - 1986 MY buses. Retrofit buses with filters to significantly clean bus exhaust.	Funds dispersed to local air districts. Reports show small amount of funds remaining.
South Coast Air Quality Management District	South Coast Air Quality Management District	71,179,635.00	Replacement of all remaining pre-1977 school buses. The purchase of cleaner, safer buses to replace certain 1977 - 1986 MY buses. Retrofit buses with filters to significantly clean bus exhaust.	Funds dispersed to local air districts. Reports show small amount of funds remaining.
