

**SCIENTIFIC REVIEW PANEL ON TOXIC AIR CONTAMINANTS
NOTICE OF PUBLIC MEETING**

—TELECONFERENCE MEETING—

(The meeting will be conducted by teleconference and the public may attend at any of the locations listed below.)

This meeting will be webcast: The URL for the webcast (**not active until the day and time of the meeting**) is <https://video.calepa.ca.gov/>

The Scientific Review Panel on Toxic Air Contaminants (Panel), established pursuant to California Health and Safety Code section 39670, will hold a public meeting at the following time and place:

DATE: **November 22, 2019**
TIME: **9:30 AM**
INFORMATION: (916) 324-9284
TELECONFERENCE
LOCATIONS:

Berkeley Way West
2121 Berkeley Way Room #5108
Berkeley, CA 94720

University of California, Irvine
Department of Medicine, Ste 100
100 Theory
Irvine, CA 92697

University of California, Davis
Plant & Environmental Sciences Building
Room 3146
387 North Quad
Davis, CA 95616

University of California, Los Angeles
Epidemiology Conference Room 73-315 CHS
Fielding School of Public Health
650 Charles E Young Drive, South
Los Angeles, CA 90095

Norris Topping Tower, Fourth Floor
Room #4427A
1441 Eastlake Avenue
USC/Norris Comprehensive Cancer Center
Keck School of Medicine
University of Southern California
Health Sciences Campus
Los Angeles, CA 90089

University of California, San Francisco
Kalmanovitz Library, Suite 366
530 Parnassus Avenue
San Francisco, CA 94143

Norris Research Tower Building, First Floor
Office No. 1509A
Keck School of Medicine of USC
University of Southern California
Health Sciences Campus
Los Angeles, CA 90033

ADDITIONAL LOCATION:
Sierra Hearing Room, Second Floor
California Environmental Protection Agency
1001 I Street
Sacramento, CA 95814

(Note: This location is provided as an accommodation to the public; persons may attend to listen, but no Panel members will be physically present.)

--AGENDA--

1. **Continuation of the Panel’s review of draft proposed updates to the chemical substances list in Appendix A of the AB 2588 Air Toxics “Hot Spots” Emission Inventory Criteria and Guidelines regulation.**

The California Air Resources Board compiles air toxics emissions data for stationary sources as required by the Air Toxics “Hot Spots” Act (Health and Safety Code section 44300 et seq.; AB2588, Connelly). Under this program, stationary source facilities are required to report the types and quantities of toxic substances they routinely release into the air. The goals of this program are to identify facilities having potential for localized impacts; evaluate their health risks; notify nearby residents about significant risks; and ultimately reduce the risks below a health protective threshold.

The Toxics “Hot Spots” Emission Inventory Criteria and Guidelines (EICG) regulation was last updated in 2007. In the June 28th meeting the Panel received an informational presentation on the program, a summary of the amendments being considered, and the process and timeline. In the October 4th meeting, CARB staff presented and the Panel discussed draft proposed changes to the chemical substances list in Appendix A of the EICG regulation. In this meeting the Panel will continue its discussion of the chemical list including any public comments received, and possible recommendations to CARB staff. The proposed changes to the chemical list being reviewed are posted on the CARB “Hot Spots” Toxics Inventory web page at: <https://ww3.arb.ca.gov/ab2588/2588guid.htm>

2. **Consideration of administrative matters.**

The Panel may discuss various administrative matters and scheduling of future meetings.

THE AGENDA ITEMS LISTED ABOVE MAY BE CONSIDERED IN A DIFFERENT ORDER AT THE MEETING

**INFORMATION ABOUT
THE SCIENTIFIC REVIEW PANEL**

The Scientific Review Panel (Panel) is charged with evaluating the risk assessments of substances proposed for identification as toxic air contaminants by the California Air Resources Board (CARB), the Office of Environmental Health Hazard Assessment (OEHHA) and the Department of Pesticide Regulation (DPR), and the review of risk assessment guidelines prepared by OEHHA. In carrying out this responsibility, the Panel reviews the exposure and health assessment reports, and the underlying scientific data on which the reports are based, which are prepared by CARB, DPR, and OEHHA pursuant to Health and Safety Code sections 39660-39661, 39669.5 and 44360, and Food and Agricultural Code sections 14022-14023. These reports are prepared for the purpose of determining whether a substance or pesticide should be identified as a toxic air contaminant, or as guidelines to be used in preparing health risk assessments. The Panel is also to be consulted in the implementation of Assembly Bill 617 (H&SC sections 42705.5(b) and 44391.2; Chapter 136, Statutes of 2017).

The Panel welcomes written comments (submitted to the Panel Liaison at the email or mailing address shown below) or submissions from all parties regarding reports that are under review,

but does not accept oral comments from the public at its meetings (see for example Health & Safety Code section 39661 subd.(b)). Although written comments are accepted up to the day of a scheduled meeting, to assure adequate review the Panel requests that written comments and information be submitted to the Panel Liaison (contact information below) as early as possible prior to a scheduled meeting.

Transcripts to previously held Panel meetings and other information about the Panel can be found through the ARB web site at: <http://www.arb.ca.gov/srp/srp.htm>.

FOR FURTHER INFORMATION

For further information regarding the content of the meeting agenda, please contact: Ms. Lori Miyasato, Ph.D., Panel Liaison, California Air Resources Board, 1001 I Street, 2nd Floor, P.O. Box 2815, Sacramento, CA 95812; Telephone: (916) 324-9284; Fax (916) 322-4357; E-mail: Lori.Miyasato@arb.ca.gov

If you require a special accommodation or need this document in an alternate format or language, please contact Lori Miyasato at (916) 324-9284 as soon as possible before the scheduled meeting.

TTY/TDD/Speech to Speech users may dial 711 for the California Relay Service.
