

**SCIENTIFIC REVIEW PANEL ON TOXIC AIR CONTAMINANTS
NOTICE OF PUBLIC MEETING**

The Scientific Review Panel on Toxic Air Contaminants (Panel), established pursuant to California Health and Safety Code section 39670, will hold a public meeting at the following time and place:

DATE: December 14, 2016
TIME: 10:00 a.m., PST
LOCATION: Sierra Hearing Room, Second Floor
California Environmental Protection Agency
1001 I Street, Sacramento, CA 95814 (916) 323-8711
<http://www.calepa.ca.gov/EPAbldg/location.htm>

— AGENDA —

1. Review of “Ethylene Glycol mono-n-Butyl Ether Reference Exposure Levels” – SRP Review Draft (November 2016)

In March 2016 the Office of Environmental Health Hazard Assessment (OEHHA) presented to the Panel a draft technical support document summarizing the toxicity and derivation of proposed acute, 8-hour, and chronic RELs for ethylene glycol mono-n-butyl ether (EGBE). RELs are airborne concentrations of a chemical that are not anticipated to result in adverse noncancer health effects for specified exposure durations in the general population, including sensitive subpopulations. In this meeting OEHHA will present a revised technical support document that reflects changes recommended by the Panel.

After the Panel’s review of the EGBE support document and OEHHA adoption, the document will be added to Appendix D1 of the “Air Toxics Hot Spots Program Technical Support Document for the Derivation of Noncancer Reference Exposure Levels” adopted by OEHHA in 2008.

2. Review of “Tertiary-Butyl Acetate Inhalation Cancer Unit Risk Factor” - SRP Review Draft (November 2016)

OEHHA staff will present their draft technical support document summarizing the carcinogenicity and derivation of an inhalation cancer unit risk factor for tertiary-Butyl Acetate (TBAC). OEHHA is required to develop guidelines for conducting health risk assessments under the Air Toxics Hot Spots Program (Health and Safety Code Section 44360(b)(2). The TBAC unit risk factor was developed using the methodology contained in the “Air Toxics Hot Spots Program Technical Support Document for Cancer Potency Factors” finalized by OEHHA in 2009. After the Panel’s review, the document will be revised in response to Panel comments, adopted by the OEHHA Director, and added to Appendix B of the Air Toxics Hot Spots Program Technical Support Document for Cancer Potency Factors.

3. Consideration of administrative matters.

The Panel may discuss various administrative matters and scheduling of future meetings.

THE AGENDA ITEMS LISTED ABOVE MAY BE CONSIDERED IN A DIFFERENT ORDER AT THE MEETING

INFORMATION ABOUT THE SCIENTIFIC REVIEW PANEL

The Scientific Review Panel (Panel) is charged with evaluating the risk assessments of substances proposed for identification as toxic air contaminants by the Air Resources Board (ARB), the Office of Environmental Health Hazard Assessment (OEHHA) and the Department of Pesticide Regulation (DPR), and the review of guidelines prepared by OEHHA. In carrying out this responsibility, the Panel reviews the exposure and health assessment reports and underlying scientific data on which the reports are based, which are prepared by the ARB, DPR, and OEHHA pursuant to Health and Safety Code sections 39660-39661, 39669.5 and 44360, and Food and Agricultural Code sections 14022-14023. These reports are prepared for the purpose of determining whether a substance or pesticide should be identified as a toxic air contaminant, or as guidelines to be used in preparing health risk assessments.

The Panel welcomes written comments or submissions from all parties regarding a report, but does not accept oral comments from the public at its meetings. Although written comments are accepted up to the day of a scheduled meeting, to assure adequate review the Panel requests that written comments and information be submitted to the Panel Liaison (contact information below), preferably no later than two weeks prior to a scheduled meeting.

Transcripts to previously held Panel meetings and other information about the Panel can be found through the ARB web site at: <http://www.arb.ca.gov/srp/srp.htm>.

FOR FURTHER INFORMATION

For further information regarding the content of the meeting agenda, please contact:
Jim Behrmann, Panel Liaison, Air Resources Board, 1001 I Street, 2nd Floor, P.O. Box 2815,
Sacramento, CA 95812; Telephone: (916) 322-8278; Fax (916) 322-4357; E-mail: Jim.Behrmann@arb.ca.gov.

If you require a special accommodation or need this document in an alternate format or language, please contact:
Peter Mathews at (916) 323-8711; Fax: (916) 322-4357 or E-mail: Peter.Mathews@arb.ca.gov
as soon as possible, but no later than 10 business days before the scheduled meeting.

TTY/TDD/Speech to Speech users may dial 711 for the California Relay Service.
