— AGENDA —

1. Continuation of the Panel's review of the report "Draft Evaluation of Chlorpyrifos as a Toxic Air Contaminant: Risk Characterization of Spray Drift, Dietary, and Aggregate Exposures to Residential Bystanders" (December 11, 2017)

In the January 23, 2018 meeting Department of Pesticide Regulation (DPR) staff presented their draft report proposing to identify and list chlorpyrifos as a toxic air contaminant pursuant to Food and Agricultural Code sections 14022-14023. In this meeting the Panel will continue its review and discussion of the report. Chlorpyrifos is a chlorinated organophosphorus ester used as an insecticide, acaricide, and miticide. The draft report is available at the following DPR web page under the Risk Assessment Documents tab:

http://www.cdpr.ca.gov/docs/whs/active_ingredient/chlorpyrifos.htm

2. Consideration of administrative matters.

The Panel may discuss various administrative matters and scheduling of future meetings.

THE AGENDA ITEMS LISTED ABOVE MAY BE CONSIDERED IN A DIFFERENT ORDER AT THE MEETING

**INFORMATION ABOUT
THE SCIENTIFIC REVIEW PANEL**

The Scientific Review Panel (Panel) is charged with evaluating the risk assessments of substances proposed for identification as toxic air contaminants by the California Air Resources Board (CARB), the Office of Environmental Health Hazard Assessment (OEHHA) and the Department of Pesticide Regulation (DPR), and the review of guidelines prepared by OEHHA. In carrying out this responsibility, the Panel reviews the exposure and health assessment reports, and the underlying scientific data on which the reports are based, which are prepared by the CARB, DPR, and OEHHA pursuant to Health and Safety Code sections 39660-39661, 39669.5 and 44360,

and Food and Agricultural Code sections 14022-14023. These reports are prepared for the purpose of determining whether a substance or pesticide should be identified as a toxic air contaminant, or as guidelines to be used in preparing health risk assessments.

The Panel welcomes written comments or submissions from all parties regarding reports that are under review, but does not accept oral comments from the public at its meetings. Although written comments are accepted up to the day of a scheduled meeting, to assure adequate review the Panel requests that written comments and information be submitted to the Panel Liaison (contact information below) as early as possible prior to a scheduled meeting.

Transcripts to previously held Panel meetings and other information about the Panel can be found through the ARB web site at: <http://www.arb.ca.gov/srp/srp.htm>.
