

**SCIENTIFIC REVIEW PANEL ON TOXIC AIR CONTAMINANTS  
NOTICE OF PUBLIC MEETING**

The Scientific Review Panel on Toxic Air Contaminants (Panel), established pursuant to California Health and Safety Code section 39670, will hold a public meeting at the following time and place:

DATE: June 12, 2018  
TIME: 9:30 AM  
LOCATION: Coastal Hearing Room, Second Floor  
California Environmental Protection Agency  
1001 I Street, Sacramento, CA 95814  
INFORMATION: (916) 322-8278

**This meeting will be webcast:** The URL for the webcast (**not active until the day and time of the meeting**) is <https://video.calepa.ca.gov/>

— AGENDA —

**1. Update on the Implementation of Assembly Bill 617.**

*Passage of Assembly Bill (AB) 617 last year led to creation of the Community Air Protection Program (Program) that requires new community-focused action to reduce air pollution and improve public health in communities that experience disproportionate burdens from exposure to multiple sources of air pollution. The Panel will be briefed by CARB staff on the implementation of AB 617 and the “Community Air Protection Program Draft Blueprint” planned for public release in early June. The Program includes community-focused emission reduction programs, community air monitoring, and enhanced emissions reporting for criteria pollutants and toxic air contaminants, and the Panel is one of many groups being consulted. Following a public comment period including public workshops, the Draft Blueprint will be revised and presented to the CARB Board at its September 2018 meeting. Background information about AB617:*

*Further information about this agenda item will be posted at the Scientific Review Panel web page: <https://www.arb.ca.gov/srp/srpmeetings.htm>*

**2. Continuation of the Panel’s review of the revised draft report: “Draft Evaluation of Chlorpyrifos as a Toxic Air Contaminant: Addendum to the Risk Characterization of Spray Drift, Dietary, and Aggregate Exposures to Residential Bystanders” (June 2018)**

*Department of Pesticide Regulation (DPR) staff will present for the Panel’s review their revised draft report proposing to identify and list chlorpyrifos as a toxic air contaminant pursuant to Food and Agricultural Code sections 14022-14023. Chlorpyrifos is a chlorinated organophosphorus ester used as an insecticide, acaricide, and miticide. The draft report will be available in early June at the following DPR web page under the Risk Assessment Documents tab:*

**3. Consideration of administrative matters.**

*The Panel may discuss various administrative matters and scheduling of future meetings.*

THE AGENDA ITEMS LISTED ABOVE MAY BE CONSIDERED IN A DIFFERENT ORDER AT THE MEETING

## **INFORMATION ABOUT THE SCIENTIFIC REVIEW PANEL**

The Scientific Review Panel (Panel) is charged with evaluating the risk assessments of substances proposed for identification as toxic air contaminants by the California Air Resources Board (CARB), the Office of Environmental Health Hazard Assessment (OEHHA) and the Department of Pesticide Regulation (DPR), and the review of guidelines prepared by OEHHA. In carrying out this responsibility, the Panel reviews the exposure and health assessment reports, and the underlying scientific data on which the reports are based, which are prepared by the CARB, DPR, and OEHHA pursuant to Health and Safety Code sections 39660-39661, 39669.5 and 44360, and Food and Agricultural Code sections 14022-14023. These reports are prepared for the purpose of determining whether a substance or pesticide should be identified as a toxic air contaminant, or as guidelines to be used in preparing health risk assessments.

The Panel welcomes written comments or submissions from all parties regarding reports that are under review, but does not accept oral comments from the public at its meetings. Although written comments are accepted up to the day of a scheduled meeting, to assure adequate review the Panel requests that written comments and information be submitted to the Panel Liaison (contact information below) as early as possible prior to a scheduled meeting.

Transcripts to previously held Panel meetings and other information about the Panel can be found through the ARB web site at: <http://www.arb.ca.gov/srp/srp.htm>.
