Common Coinbase Dispute Issues in 2025

- Funds “stuck” in withdrawal
- Suspicious logins or hacks

- Phishing or scam transactions
- Denied refund requests

If any of these happened to you, your next move could determine whether you **recover your money or lose it forever**.

Why Your Dispute Strategy Matters

Coinbase doesn't refund every case — especially if they think you made the error.

But if you:

- ✓ Act fast
- ✓ Provide proof
- ✓ Know how to escalate...

You're far more likely to get results.
