RE: Climate-Related Financial Risk Report (SB 261)

This Climate-Related Financial Risk Report ("Report") is prepared for LX International (America), Inc. ("LXIA" or the "Company"), a subsidiary of LX International Corp., headquartered in Seoul, South Korea, in response to the requirements under Section 38533 of the California Health and Safety Code, known as the "Climate-Related Financial Risk Act" or "California SB 261" (California State Legislature, 2023).

This Report is submitted on a standalone basis for LX International (America), Inc. and reflects the Company's activities and performance for the reporting period of January 1, 2025 through December 31, 2025 (FY2025), with select quantitative metrics also presented for 2024 to facilitate year-on-year comparison.

This Report is prepared in conformance with the Recommendations of the Task Force on Climate-related Financial Disclosures (TCFD, June 2017), a framework recognized under HSC § 38533, and incorporates the "Minimum CARB Requirement for Disclosure" set forth in the Climate-Related Financial Risk Report Checklist published by the California Air Resources Board (CARB) on November 17, 2025. The Report addresses all four TCFD disclosure pillars, Governance, Strategy, Risk Management, and Metrics & Targets.

The report can be found at this URL:

This Report contains forward-looking statements, including statements regarding the Company's business and future performance. These statements are not historical facts; rather, they reflect only the Company's current beliefs and expectations regarding future events, many of which are inherently uncertain and outside the Company's control.

Sincerely,

[Ji hee Chang]
